Child Development Lab Classroom
Established 1974
Mission Statement

✔ To provide a quality lab site for early childhood education students in Victor Valley College’s Child Development Department.
Offering ECE students a laboratory setting to unobtrusively observe the development of young children.
College students will receive professional training to further their understanding of child growth and development.
✔ Provide an educational environment of the latest trends in child development.
Goals

✔ Provide a safe and rich learning experience designed to meet both their individual and developmental needs.

✔ To support Victor Valley College students in the fulfillment of their educational goals.

✔ Partner with parents and support them in their role as the most influential person in their child's life.
Parent Conferences

- Parents receive one on one attention from teachers.
Objectives

✓ Offer early childhood education students a program model to apply their knowledge of children, families and development and put that knowledge into practice in a richly diverse setting.
Objectives

➢ To provide safe, reliable, inclusive and culturally relevant child care services, in partnership with families.
Objectives

- To assist children in gaining confidence and competence by fostering the ability to make choices and decisions.
Objectives

✔ To help children develop self discipline and problem solving skills as an emerging ability during early childhood.
Staffing

✔ Management
  Kelley Johnson: Program Director

✔ Credentialed Teachers

✔ Federal Work Study Students

✔ Student Teachers

Peggy Ruby, Permit Teacher

- Payroll
- IT
At the Victor Valley College CDC all children are welcomed. We do not discriminate on the basis of sex, sexual orientation, gender, ethnic group identification, race ancestry, national origin, religion, color, mental or physical ability, when determining which are served. Our program welcomes and includes children with disabilities, and we make reasonable accommodations for such children as described in the Americans with Disabilities Act. We work closely with other agencies and families to provide exemplary services to these children.
Licensing and Funding

✔ Victor Valley College Child Development Lab Classroom is licensed (#360906573) through the State of California Community Care Licensing Department of Social Services, and funded through the California Department of Education, Child Development Division.
