REPORTS:

Superintendent/President

Dr. Spencer was joined by Mr. Range in presenting a plaque to Dr. Dorothy Franke in appreciation for her support of Victor Valley College as President of the Board of Trustees from December 2003 through December 2004.

Dr. Spencer also reported that Trustee Thomas Elder II is recovering at home from a recent operation. She sent flowers to him from the college and the Board, and he was very appreciative.

In addition, Dr. Spencer reported that Victor Valley College is collaborating with Copper Mountain College and Taft University in an effort to secure a Title 5 grant. The grant would be used to prepare high school students to be more successful in college-level work.
Dr. Spencer thanked all those who worked on the Winter Session. It has been very successful.

She also offered another thank you to all of the people who worked on the accreditation report. The site team coordinator will be visiting the VVC campus later this month in advance of the actual accreditation team visit. She offered a thank you to Dr. Fay Freeman and to the vice presidents, the staff, managers, and the editing teams that worked on this project. Dr. Underhill also extended her appreciation for a job well done.

Mr. Cooper reported that slightly more than 3,500 students registered for Winter Session. He added his thanks to the members of the staff for their tremendous support.

Mr. Cooper also reported that the Biology department scheduled a combined lecture-lab class (Biology 98—International Natural History, and Biology 250A—Tropical Field Biology) for the current Winter Session. The class was scheduled to take place in Malaysia with a departure date of January 26, 2005. The class was assigned to Dr. Hinrich Kaiser and Professor Pam McKay. It was to appear as a Board agenda item tonight for consideration; however, the Administration has cancelled the class because of the potential for risk and liability that may result from students and faculty being in the region of the December 26 earthquake and ensuing tsunamis. Therefore, the item was pulled from the agenda.

Dr. Lewallen announced that during the holidays, in coordination with the Domestic Violence Shelter on the High Desert, Student Services raised approximately $300 which benefited two families. Over the span of the last six years, they have raised over $2,500. In addition, the college is held accountable when students default on their student loans. VVC received an achievement award from EdFund for holding the default rate down. Dr. Lewallen also shared with the Board the college’s outreach efforts. The advertising on the billboard next to the I-15 freeway is also shown at movie theaters. The college also advertises educational opportunities through radio, and Dr. Lewallen played one of the college’s radio advertisements for the Board and the audience. He thanked Public Information Officer Bill Greulich for arranging the production of the radio ads at no cost to the college. Mr. Greulich added that the college’s newspaper advertisement received a good response and was successful in recruiting several new adjunct faculty.
