distributed and the three challenges were presented and how the college can relate to those challenges.

4.2 Instruction

Dr. Prystowsky reported on the 2nd week of the winter session and thanked Deans Rude and Parisi for their hard work. An update regarding the visit from the staff of the College of the Redwoods regarding Datatel training was provided. Pat Green, Director of Nursing reported on the White Cap award that was presented at the recent pinning ceremony.

4.3 Student Services

Dr. Lewallen reported on the Datatel training that is scheduled for the next two months. Intense training is planned in January for the MIS staff who operate the system. The college will be sending a team of administrators and faculty to Oakland attend the SSPIRE symposium with is tied to a grant we have received. In addition, on January 28, a team of 10-15 faculty members will be touring the success center of Chaffey College which is tied to our Title V cooperative grant.

4.4 Administrative Services

Mr. Baron reported on his recent visit with Fred Harris, Assistant Vice Chancellor at California Community College Chancellor’s office and an auditor, who visited the college regarding the status of the college's fiscal position. He said that there are four levels in this process with the 4th level being the worst place to be, 3rd level requiring continuous monitoring, the 2nd level would need periodic monitoring, and the 1st level would indicate that they are satisfied with the status of the fiscal position and risk. We have been placed on a level 2 status. With the three major concerns being: 1) we do not have a reserve fund that is at a minimum of 5%; 2) we have not yet prepared for the GASB 45 and 47 policies (funded plan for retirement benefits); 3) we are relying on entirely our current revenues to support our current activities. These three issues have put us at a level 2 (periodic monitoring) for this current year. Fred Harris has asked us to prepare a detailed analysis against the criteria and to provide him with a multi-year plan on how the college is preparing to turn those three major issues around in the next couple of years so that the risk is at the lowest level.

4.5 Human Resources

Dr. Schmidt reported on the approximately 21 jobs that are in recruitment. Extensive recruitment efforts for faculty and administrative positions are current underway.

4.6 Governmental Relations

Mr. Greulich reported on the alternative funding bill that did not make it through the legislature which ended up as SB6 which hopefully will become a California initiative requiring 600,000 signatures for the petitions in order to get it on the ballot. This measure will do three important
things: 1) it would separate the colleges from K-12 forever; 2) Colleges will have their own Proposition 98 and 3) it will give the colleges a funding base which would be guaranteed with the percentage remaining the same each year.

4.7 Foundation

Ms. Ontiveros reported on upcoming January 28 Alumni Hall of Fame and Distinguished Service Awards event. The Student Experience fund, with additional funds, will be supporting the Model UN team for their trip to New York as well as the College Singers for their trip to Florida.
