2.1 Action as a result of Closed Session

Mr. Range reported that as a result of Closed Session, a motion was made to tape the Closed Session meetings. It was MSC (Henderson/Nelson, 4-0, Elder absent) to tape the Closed Sessions and to have the tapes sealed and secured in the President’s office. The tapes can be reviewed only by the individual board members. It was also agreed that because of litigation, if a specific portion of the tape involved a board member that was recused from that specific closed session, the board members would have to vote to have that portion released to that board.
member. Mr. Henderson added that the board members also agreed that there would be a log kept when a board member reviewed the tapes.

3. GOVERNING BOARD

3.1 It was MSC (Underhill/Henderson, 3-0, Nelson abstaining, Elder absent) to approve the minutes of the January 24, 2006, special Board meeting and the minutes of the November 8, 2005 special Board meeting. Mr. Henderson requested a correction to the January 24, 2006 minutes agenda item 11.2, Faculty Reassignment. He requested that that following discussion be added to the minutes January 24, 2006, section 11.2:

Mr. Henderson was confused about Ms. Cole’s transfer. He was led to believe that it was a voluntary transfer and was told clearly by Dr. Lewallen that it was not a voluntary transfer. Dr. Lewallen added his recollection of that discussion. The question was the person willing to take that assignment. I made it very clear that that did not come up in the conversation in or the meeting that he had with Ms. Cole. Mr. Henderson said that you did state you had the right of assignment. The motion approved unanimously as amended with the addition of Mr. Henderson’s statement.

The motion approved unanimously with the recommended addition from Mr. Henderson. Mr. Nelson abstained because he was not a board member at the November 8, 2005 meeting.

Mr. Nelson thanked Mr. Greulich for introducing him to the various individuals while attending the legislative conference in Sacramento.

Mr. Henderson announced that at the beginning of this board meeting, directly after the pledge of allegiance, there was a report of closed session action from August 9, 2005 in which Mr. Range
said that the board with no members dissenting, inadvertently admitted to put this on the agenda in open session. Mr. Henderson provided a copy of the following statement and requested that it be included as part of the minutes:

I have checked this information out with my attorney and he said that I needed to speak up about this matter at this time.

Tonight we are meeting here to change history. This Board again, is attempting to change what happened at a prior Board meeting to cover up another illegal action.

At the August 9, 2005, the Board meeting, item 2.1 “Mr. Range reported that there were no actions taken by the board in Closed Session.” On August 23, 2005, the Board, unanimously approved the minutes of the August 9, 2005 meeting.

I am finding it hard to believe that four Board members, including myself (one Board member was absent) would have a complete loss of memory 15 minutes after a momentous action occurred. Then, again, two weeks later, none of us said, “Oh wait maybe the minutes should reflect that we took a vote while in closed session on August 9, 2005.” However, that is what they are trying to sell you tonight.

Nobody on the Board could remember a vote because no vote took place. When an employee is “dismissed” only a vote of the Board can make that happen. The Board cannot secretly give the administration a wink and a nod to dismiss anyone, and we did not on August 9, 2005.

This Board needs to be very careful when they act to cover up a deed by one of our administrators to destroy the life of one of our employees without just cause or without a Board vote while claiming one took place. The Brown Act, the Education Code, the Government Code and the Penal Code do not allow a Board to do illegal acts.

I am a member of this Board and am a team player. However, I will only follow a team that follows moral and ethical rules and the law.

The Brown Act section 54957.1 says under (a) The legislative body of any local agency shall publicly report any action taken in closed session and the vote or abstention of every member present thereon, as follows:

5. Action taken to appoint, employ, dismiss, accept the resignation of, or otherwise affect the employment status of a public employee in closed session pursuant to Section 54957 shall be reported at the public meeting during which the closed session is held. Any report required by this paragraph shall identify the title of the position. The general requirement of this paragraph notwithstanding, the report of a dismissal or the non-renewal of an employment contract shall be deferred until the first public meeting following the exhaustion of administrative remedies, if any.

54957.7 b) states

After any closed session, the legislative body shall reconvene into open session prior to adjournment and shall, shall is a legal term, make any disclosures required by Section 54957.1 of action taken in the closed session...
Each member of a legislative body who attends a meeting of that legislative body where action is taken in violation of any provision of this chapter, and where the member intends to deprive the public of information to which the member knows or has reason to know the public is entitled under this chapter, is guilty of a misdemeanor.

Mr. Range said that Mr. Henderson was part of the August 9, 2005 closed session and that he did not bring his concern up any time during that meeting, and that he is now bringing it up at a much later date. Mr. Range indicated that the reason for delay of the closed session announcement was that all of the options for the employee had not been fully resolved. In addition, legal counsel was in discussion with the employee, therefore it was not prudent to announce the termination without the proper information as to where we stood with the employee until recently. Mr. Range understood Mr. Henderson’s concern; however he felt that Mr. Henderson had every opportunity to point this out at an earlier date rather than making a public statement at this time.

4.9 Constituency Representatives
a) ASB
On behalf of Ms. Kelly, Mr. Sewell reported on the upcoming student events.

b) CCA
Ms. Blanchard announced the dates of the PERB hearing regarding the unfair labor practice with hopes of resolving it and coming to an agreement.

c) CSEA
Ms. Tremblay, executive board member for CSEA submitted a comment form and presented the board with information they felt they should have regarding the classification study, in particular the salary range schedule that was prepared by the Hay Group.

Mr. Chip recognized the outstanding work of some classified employees in the Contract Education, Biology, Academic Commons, and Automotive departments. Staffing issues in the Maintenance and Operations department were brought to the board’s attention. He thanked the district for the progress that has been made regarding the settlement agreement.

d) Faculty Senate
Ms. Blanchard invited the board members and the public to their faculty senate meetings that meet the first Thursday of every month at 3 p.m. with the first meeting scheduled for March 8.

e) AFT Part-Time Faculty United

Mr. Kelsey presented on behalf of Dr. Peavy and reported on the events that were held in February. On February 9th they had their first opportunity to work in conjunction with the new part-time orientation which included a dinner and introductions of the executive board. An
invitation was extended to everyone to the next afternoon at the movies event coming up February 21 and 22 featuring the movie “Network”.

f) Management
Mr. Sewell thanked the many managers that have taken time out of their schedules to assist in the Serrano High School mobile admissions event that was mentioned earlier.

4.10 Public Comments

This is the time for the general public to address the Board. State law prohibits the Board from addressing any issue not included on the agenda. Please limit comments to three minutes per individual and a total of 15 minutes per topic. Discussion of personnel matters is inappropriate for open session. The Board is committed to protecting the privacy interests of District personnel. Should any member of the public wish to discuss a personnel matter, it must first be brought to the attention of the director of human resources. Speakers are cautioned that under California law, no person is immune from liability for making intentionally false or defamatory comments regarding any person simply because those comments are made at a public meeting.

Public Comments:

Mr. Crowley, who administers the web-based course delivery management system on campus, was happy to report that as of today the college had over 3,700 students registered in over 250 sections. He has noticed a great increase in students with area codes out of the high desert area. He felt that the great increase in the number of students was something that was remarkable.

Mrs. West reported on the theft that occurred in the Student Services II building Jan 20th and her concern regarding the replacement of the stolen items.

There will be no separate discussion on these items prior to the time the Board votes on them, unless a Board member requests a specific item be removed from the Consent Agenda for discussion and a separate vote.
