IV. PROJECT REFERENCES

The following shall apply if the District elects, in its discretion, to conduct interviews of Project References provided in response to the Questions set forth in this Part IV:

1. Interviews will be conducted by a member of the Prequalification Selection Committee. No action is necessary by the Applicant.

2. List Project References below in the order that you wish them to be contacted. Interviews, if any, will be conducted of the contact person for the Project “Owner” identified in your response. If the information for the contact person for the Owner is accurate but such contact person is not available or does not respond within 24 hours, then the contact person for the Construction Manager (if any) will be contacted. If the contact person for the Owner does not respond and there either is no Construction Manager or the Construction Manager does not respond within 24 hours, then the Project Reference will be deemed stricken.

3. Identical questions from a standardized list of questions shall be asked of each Project Reference. If the person interviewed states that he/she is unable to answer the Question, then the Applicant will be given zero points as its score for that Question.

4. A failure to either (a) provide at least two Project References; or (b) receive a passing score from any Project Reference provided in response to Subpart A shall result in disqualification, regardless of the score received.
5. The highest score derived from two interviews conducted of those Project References listed in response Subpart A will be included in the calculation of the Applicant’s total score.

6. An Applicant that receives a total score of less than zero for any Project Reference provided in response to the Questions in Subpart B shall be disqualified. If the Applicant is not so disqualified, then the number of points generated from individual interviews of Project References listed in response to the Questions in Subpart B will be added to the Applicant’s total score. Applicants are therefore cautioned that although a minimum number of Project References is not required by all Questions in Subpart B, that a failure to provide Project References may result in a lower score compared to other Applicants who provide Project References.

7. If the same Project Reference is given in answer to more than one request, the Project Reference will be interviewed and scored only once and only that score will be added to the Applicant’s total score for a Project Facility.
