Minutes

Thursday December 6, 2007

Administration Building Room 8, 3:00 P.M.
Marianne Tortorici said auditors last year needed a written plan, one that works with the president, students, A & R, and counseling. She did research and replicated what other colleges did and formalized the processes we already have. The burden of proof is on the student. Fernando Contreras asked about the grievance process we have now. Discussion was that yes it is repetitive but we need a form and better awareness. Marc Skuster said the department chair needs to be on the form. A student agreement to withdraw request should be on the form as well. Definitions concerned him as well. Should students be making these distinctions? Some wiggle room in them but not too much since title V informs it. Don Peavy asked about a maximum time frame. That is the limit. Is there a lesser limit? Tortorici said no, but that is our local practice. Joe Pendleton said that administrative pressure has happened so Marc’s concerns are realistic. He suggested that we add a statement that the grade is ultimately the concern of the teacher. Glenn Akers suggested that we strike the word fraud. Tortorici said we can’t do that, but we can redesign the form. Debby Blanchard said let’s create a senate committee that can create a form that we are more satisfied with. Also the Petitions Committee should be involved since this is a faculty issue. Tortorici said fine but since the code has changed, we need to act to get with the latest language. Mike Visser suggested the form has information that may not be applicable for students to use. Let them provide the facts. Dave Hollomon suggested then two boxes; mistake or other. Tortorici said we get to list the terms. Victoria Hindes suggested that we list codes. Debby Blanchard said the definitions are only for us right now; so if we list, then we need to list code. Peter Allan/Mike Visser MSC form a senate committee to develop a student grade appeal form, policy, and procedure. Y. Debby suggested that Peter Allan, Marc Skuster, Mike Visser, Glenn Akers, Fernando Contreras, and Don Peavy serve on the committee.
