Financial Aid is available in the form of grants, scholarships, work-study and student loans. Don’t disqualify yourself by not applying and don’t assume you will not qualify. Students normally receive one or more types of funds.

**FINANCIAL AID OFFICE MISSION:**
The mission of the Financial Aid Department is to provide information and financial aid support to all eligible students attending Victor Valley College. We are devoted to the educational needs of all individuals in the community and the varying specific educational needs of our students. Whatever your major or career goal, we hope this publication will answer some of the questions you may have regarding Financial Aid and the application process at Victor Valley College. We hope to give you a clear picture of the options available to you as you plan your educational goals and budget for related expenses. Our motto is: “Financial Aid and You: Working Together for Student Success.” We are eager to serve you and wish you success!

**INTRODUCTION:**
Any student or potential student is encouraged to inquire about the eligibility requirements for receiving financial aid. We believe no student should be denied access to the educational experience because of lack of funds. If you need help with the cost of attending Victor Valley College, the Financial Aid Office may be able to assist you. The Financial Aid Office makes limited funds available to assist students in need. Our office has information on the Federal Pell Grant, Academic Competitiveness Grant, Cal Grant, Board of Governor’s Fee Waiver, Federal Work Study, Direct Loan Program, Supplemental Educational Opportunity Grant, Scholarships and VA benefits. Since financial aid opportunities and regulations change periodically, you should check with the Financial Aid Office each semester, regardless of how successful you were in obtaining aid in the past.

We are located in the Student Services I Building (#52) on the upper campus. You may also reach us by telephone at (760) 245-4271 X. 2277 by email at financialaid@vvc.edu
FINANCIAL AID OFFICE STAFF:

Maria Gonzalez, Director, Financial Aid.......................................................... gonzalezm@vvc.edu
Diane Foxworthy, Financial Aid Specialist...................................................... foxworthyd@vvc.edu
Gina Janisko, Financial Aid Specialist............................................................ janiskog@vvc.edu
Jim Murray, Financial Aid Specialist............................................................. murrayj@vvc.edu
Elaine Navarrete, Financial Aid Specialist..................................................... navarretee@vvc.edu
Robbie Richards, Financial Aid Specialist..................................................... richardsr@vvc.edu
Rosalie Olguin, Administrative Secretary I.................................................... olguinr@vvc.edu
Veronica Manriquez, Placement Specialist.................................................... manriquezv@vvc.edu

FINANCIAL AID OFFICE HOURS:

Fall and Spring Hours: 8:30 AM - 7:00 PM
Monday and Tuesday
Wednesday, Thursday, Friday 8:30 AM - 4:30 PM

Summer Hours: June 14, 2010 - August 12, 2010
Monday and Tuesday 8:00 AM - 7:00 PM
Wednesday 8:00 AM - 5:30 PM
Thursday 8:00 AM - NOON
Friday CLOSED

FINANCIAL AID WEBSITE:
The Financial Aid Office Website is located at www.vvc.edu/offices/financialaid/index.htm
The website includes information on workshops, program requirements, and Financial Aid information. In addition, you can access and print Financial Aid forms, the BOGG Fee Waiver, apply for a loan, and access Scholarship Applications. You can email all Financial Aid Staff. All students receiving Financial Aid should regularly check the “Important News” page of the Financial Aid website for the latest information.

FINANCIAL AID INFORMATION MONITORS:
The Financial Aid Office has installed LCD monitors in the student atrium of Student Services I (Building 52.) The monitors disseminate general financial aid information beneficial to students in a slide show format. This information is updated regularly throughout the academic year. The next time you are in line waiting to be assisted, watch the monitors while you wait. You may find that your question is answered without the need to continue waiting!

STEPS TO COMPLETING THE FINANCIAL AID PROCESS:
1. Complete the FAFSA application online at: www.fafsa.ed.gov and list VVC’s school code, which is 001335.
2. Log into WebAdvisor to check status and documents needed.
3. Go to the VVC Financial Aid Office website at vvc.edu; click on “financial aid”.
4. Print out and complete applicable forms; submit completed forms to the Financial Aid Office.
5. View your award letter on WebAdvisor! (usually within 45 days of submitting your documentation to our office.)

DISBURSEMENT:
Since disbursement dates vary by semester, consult the Financial Aid website under the “FA Check Disbursement” link.
Please note: Disbursement dates are approximate and subject to change.
**FINANCIAL AID Q&A:**

**What is Financial Aid?**
Financial Aid is designed to bridge the gap between a student’s resources and the college’s cost of education. Financial Aid is comprised of grants, scholarships, work study, fee waivers, loans and VA benefits.

**How do I apply for Financial Aid?**
The first step in applying for Financial Aid is the FAFSA (Free Application for Federal Student Aid.) The form may be completed on line at www.fafsa.ed.gov. FAFSA worksheets are available from the financial aid office, to assist you prior to completing the application on the web. The academic year runs from July 1- June 30, and you must re-apply every academic year.

**Can I apply before I complete and turn in my admissions application?**
Absolutely! Both applications can be done concurrently, and due to various program deadlines, students are encouraged to apply well in advance of enrollment. For example, for Fall enrollment, the FAFSA application can be completed as early as the preceding January 1st.

**Do I have to be a high school graduate to receive financial aid?**
No. If a student does not have a high school diploma, they may have a GED or pass the ATB (Ability to Benefit) test, and must be 18 years of age. The ATB test is offered in the VVC assessment center. Either a high school diploma, GED, or passing the ATB test will suffice for the purpose of receiving financial aid. However, current high school students are considered concurrently enrolled, and do not qualify for financial aid until they are no longer enrolled in high school and one of the above mentioned criteria are met.

**How do I receive my financial aid funds?**
Financial Aid funds will first pay any expenses that you owe the college. If the student has a credit balance remaining after these expenses are paid, or if the student does not owe any money to the college, then the funds will be mailed to the student after their enrollment is confirmed. The student will receive half of their yearly disbursement in the fall semester, and half in the spring semester. For 2010/2011 disbursements are made in at least three disbursements per semester. The proceeds should be used to pay their indirect expenses (books and supplies, room and board, and transportation) throughout the semester. Because disbursement dates vary, students should check the Financial Aid Office website for the most recent disbursement dates.

**How long will it take for my financial aid application to be processed?**
The entire process can take several months to complete, so students should apply as early as possible. After the initial FAFSA application, students will need to review their application and make any corrections, as well as respond to any follow up request from the Financial Aid Office for additional documentation. Since students can not be awarded until they satisfy all requests for follow up documentation and complete their application file, it is imperative that they respond in a timely fashion to any request received, whether from the Department of Education, or the VVC Financial Aid Office. You may check the status of an incomplete file at WebAdvisor, under “My Documents”.

**How much financial aid money will I receive if I am attending part time, half time, or less than half time?**
Students are paid both on units enrolled (less than half time, half time, three quarter time, or full time), and based on their EFC. In general, 12 or more units constitute full time enrollment, 9-11.5 units for three quarter time, and 6-8.5 units for half time enrollment. Once the student completes their financial aid file, they will be able to view their award letter from Financial Aid on WebAdvisor that outlines their award based on full time attendance. Students may want to check with the Financial Aid Office if they are enrolling in less than half time to ensure they are still eligible to receive payment. It is important to note that students are ultimately paid on the number of units enrolled, and their disbursement check amount may differ from what is notated on the award letter if they are not enrolled in full time units at the time of disbursement.

**How much financial aid money will I receive?**
The amount a student will receive will be determined based on what they qualify for (their EFC from the SAR) and what funds are currently available at the time they complete their financial aid file. Because some financial aid funds are limited, and because some funds have deadlines, it is important for students to apply early, meet all deadlines, and complete their financial aid file as soon as possible, so that the Financial Aid Office can best meet their needs. Students should refer to their award letter to understand what funds they have received. Each award is based on full time attendance, and will differ if enrolled in less than full time attendance at the time of disbursement. Students can always inquire at the Financial Aid Office if they are unsure how their award will be affected if less than full time.
How often do I have to apply for financial aid?
Students must apply each academic year for financial aid. The award cycle for Federal aid (FAFSA) is Fall, Spring, and Summer. Students can apply as early as January 1st for the following Fall semester. The quickest way to reapply if the student was on financial aid the prior year is to complete an application with their PIN at www.fafsa.ed.gov. This will pull up a pre-populated application which the student only needs to list their income and make any changes.

If I get a fee waiver, will I get back the money I already paid?
Yes. If a student previously paid fees, and are later awarded a BOGG (Board of Governor's Fee Waiver) as part of their financial aid award, students can apply for a refund check for the amount they paid, as long as the amount they paid and the BOGG is for the same academic year. Students need to apply for a refund at the Bursar’s Office. Students should be aware that the BOGG pays registration fees only, and students will be required to pay any additional fees, such as parking and ASB fees.

What is the Board of Governor’s Fee Waiver and how do I apply?
The Board of Governor’s Fee Waiver (BOGG) is financial aid offered by the State of California for Community College students. The BOGG pays registration fees only. It also reduces the parking fee. The student must be a California resident in order to qualify. Qualification is also based on prior year income. Students may qualify either by completing a FAFSA application, or the BOGG application available at www.wc.edu or by stopping by the Financial Aid Office to pick up an application. The application covers summer, fall, and winter/spring semesters, and students must reapply every academic year.

What happens if I drop a class or withdraw from all of my classes?
Since disbursement is paid based on current units enrolled, students will not be paid for the dropped classes if the student withdrew prior to the disbursement run. If the student drops a class or withdraws from all classes after disbursement was received, the student may need to pay a portion, or all, of the money owed. Students should refer to the college's SAP (Satisfactory Academic Progress) policy regarding payment, and are advised to inquire at the financial aid office before dropping or withdrawing from classes. Specifically, students who withdraw or drop classes prior to the 60% semester mark will need to repay a portion of their disbursement. The amount will be determined based on their withdrawal date. After the 60% mark in the semester, students will not be required to repay any monies, however, the SAP policy also states that students must pass at least 67% of their classes each semester in order to not be placed on Financial Aid probation in the subsequent semester.

What is Federal Work-Study and how do I apply?
Federal Work-Study is a financial aid award eligible to qualified students. Students must complete the FAFSA application in order to be considered, and show sufficient need. Once the student views their VVC Financial Aid award letter, they must search and apply for jobs on line using the federal work study link from the financial aid office website.

What is the Student Aid Report?
The Student Aid Report (SAR) is a confirmation of the student’s FAFSA application. The SAR may be received in the mail or via email, based on how the student initially filed the application, and if a valid email address was listed on the initial application. Students should immediately review their SAR upon receipt, checking for any errors or changes and make appropriate corrections. They should also ensure that VVC is listed in the school section on the SAR. It is important to note that errors can be made through typing errors, or legibility (if mailed), which can affect a student’s eligibility, so students should review the SAR thoroughly. Students should not make additional corrections after they have submitted their paperwork to our office, as doing so may delay the process.

What is federal school code for VVC?
The college’s Title IV school code for the FAFSA is 001335. Students need to be sure to list our code on their FAFSA application in order for the Department of Education to release the student’s FAFSA results to the college. Students that do not list our code on their application will need to make an application correction before processing can continue.

When will my financial aid money be disbursed?
Regularly scheduled disbursements occur throughout the semester. Students are paid based on units enrolled at the time of disbursement on the nearest disbursement date after they complete their financial aid file. Completing a financial aid file is not the same as completing the FAFSA application, as additional documentation is necessary before any award can be made. Students should ensure that they respond in a timely manner to any request received for additional documentation, as not doing so will delay their award notification, and ultimately their disbursement. Students should be aware that there are file cut off dates in order to meet particular disbursement dates. Students who have already been awarded may check with the Financial Aid Office website for current scheduled disbursement dates. The college has ongoing disbursement dates throughout the semester, however, due to Federal regulations; students may not receive payment for classes more than 10 days prior to the start date of that class.

Who is eligible for financial aid at VVC?
In order to be eligible for Federal financial aid, students must be United States citizens or permanent residents, not be in over award status, not be in default on a prior education loan, not be convicted of selling or possessing illegal substances*, and have a high school diploma, pass the GED, or pass the ATB test.
In order to be eligible for the BOGG (Board of Governor’s Fee Waiver), students must be California residents. Furthermore, all students must qualify based on prior year income.
(* does not necessarily disqualify student if completion of approved rehabilitation program documentation can be submitted.)
Are there scholarships that I can apply for?
Yes, students may apply for a variety of scholarships that are offered from the local High Desert community, state, and national levels. Students can contact a variety of websites such as www.scholarships.com or www.fastweb.com. The VVC library also has books that offer scholarship information, or students may contact the public library. Scholarship information is also available on the VVC Financial Aid Office website at www.wc.edu/offices/financial-aid/scholarship.htm. Additionally, the college scholarship drive occurs each winter/spring. The drive normally runs from January through mid March each year.

How do I become eligible for GI Bill Education Benefits?
VVC does not determine a student's eligibility for GI Bill Education benefits. If a student feels they might be eligible, they are encouraged to contact the VVC Financial Aid Office for assistance in completing the application to submit to the VA, or apply online at www.gibill.va.gov

What GI Bill Education benefits does VVC offer?
VVC is authorized to certify for Chapter 30, 31, 35, 1606, and 1607.

Who do I contact for GI Bill Education Benefits?
Students may contact the FAO for further information, or go to the VA website at www.va.gov or www.gibill.va.gov

FINANCIAL AID PROGRAMS:
All students should complete the FAFSA (Free Application for Federal Student Aid) each academic year to be considered for financial aid. Application links and forms are available on the Financial Aid Office website. Students are encouraged to file on-line at www.fafsa.ed.gov.

State Programs:

BOGG Fee Waiver
The Board of Governor’s Fee Waiver is available to California residents attending California Community Colleges, and waives enrollment fees. Students must qualify based on income, and must reapply each academic year. The application is available in the Financial Aid Office or on the VVC Financial Aid Office Website at www.wc.edu/offices/financial-aid/index.htm. Students may also apply and qualify for a BOGG Fee Waiver by completing the FAFSA application and listing our school code (001335.) Students will also need to submit proof of prior year income (1040 tax return and W2’s), and have a valid California I.D. at the time they submit their BOGG application.

Cal Grant
Cal Grant is a grant offered by the State of California and is open to California residents attending a college or university in California. The grant has an annual application deadline of March 2nd for the following academic year, and is based on both need and income. Students must file both a completed FAFSA and a GPA Verification Form prior to the deadline, in order to be considered. Note: Students who have over 24 completed units at VVC (not counting the preceding Fall semester), will have their GPA transmitted automatically to the state and do not need to complete the GPA Verification process. All other students need to complete a GPA Verification form and take the form to their prior high school or college to be certified. Additional information on Cal Grant is available by picking up VVC’s Cal Grant brochure. This brochure is available from our office and is also on our website under the link “Cal Grant Information.”

Federal Programs:

Federal Pell Grant
Pell Grants provide financial assistance to eligible part-time and full-time students based on need. Awards range from $400-$5,550. Applicants must be US citizens or eligible non-citizens and complete the FAFSA and other required supplemental materials. Students may apply for a Federal Pell Grant any time after January 1st of each year, for the subsequent Fall semester.

Federal Academic Competitiveness Grant
The Federal Academic Competitiveness Grant (ACG) is awarded to students who are eligible to receive a Federal Pell Grant and are attending at least half-time. Students must also be United States Citizens or eligible non-citizens. Students must be in the first or second year of their program, and have been enrolled in a rigorous secondary school course of study, as defined by state and recognized by the United States Department of Education. First year award recipients must be a first time college student at the time of award. Second year award recipients for the ACG must also have maintained accumulative GPA of 3.0 or better during their first year of college. Award amounts are $750 for a first year student; and up to $1300 for a second year student. Potentially eligible students for the ACG will be notified via regular mail or email by the Department of Education.

Federal Supplemental Education Opportunity Grant
The Federal Supplemental Educational Opportunity Grant also known as SEOG, is a campus based program, which means funding is limited. SEOG provides federal grants up to a maximum of $2,000 per year for students who qualify. The average grant at Victor Valley College is $200. A student must be eligible for the Pell Grant in order to qualify. Students with the lowest EFC and the highest need are given priority and awarded on a first-come first-served basis, until funds are exhausted.
Federal Work Study
Students who are interested in student employment, or who have applied for financial aid, have their award letter, and are interested in Federal Work-Study will need to contact the Financial Aid Office for additional information. The Federal Work Study (FWS) program provides opportunities to students who have financial need and want to earn a part of their educational expenses through employment. Community service work opportunities are also available through the Federal Work Study Program. Students who are interested are required to complete a FAFSA and other supplemental materials. Average award is $3,000 per school year. Students can now search for jobs and apply online using the federal work study link from the Financial Aid Office website.

Federal Work Study Criteria
Students may work up to 6 semesters and must:
- Be awarded federal student aid
- Enroll and maintain 6 units or more during the fall and winter/spring semesters

DIRECT Loans
Victor Valley College participates in the Direct Loan Program. The Federal Subsidized Direct Loan Program is a federal education loan available to students. Eligible Victor Valley College students may borrow between $500 and $4,500 based on their need, year in school, and satisfactory academic progress. Students must show need in order to receive a Subsidized Direct Loan. Students who do not show need, or who are classified as independent students on their FAFSA, may also apply for Federal Unsubsidized Direct loans. There is no interest accrual or repayment for Subsidized Direct loans while the borrower is enrolled at least half time (6 units.) Interest will accrue on Unsubsidized loans from the time of disbursement, though the student borrower may choose whether to pay the interest while enrolled in at least half time enrollment. For both Subsidized and Unsubsidized loans, six months after ceasing at least half time enrollment, the borrower will begin to make payments of principal and interest. The interest rate is fixed and adjusted once annually on July 1st by the Federal government, and has a cap of 8.25%. Students interested in applying for a Direct Loan need to complete a loan application after they receive their financial aid award letter. Loan information is available on the Financial Aid Office website, or may be obtained by contacting our office. Students are required to complete a Master Promissory Note (MPN) and entrance counseling to apply for a loan. Students taking a loan are required to complete a mandatory loan workshop each academic year in order to have their loan certified (current offerings are posted on our website), be enrolled in at least 6 units (half time enrollment) at the time the disbursement is received, and be enrolled in classes listed on their educational plan.

Other Assistance:

Scholarships
There are numerous opportunities in the form of scholarships. Scholarships consist of free money that does not need to be repaid. The Financial Aid Office lists information on scholarships on the VVC Financial Aid Office website, as well as in numerous publications on campus. Workshops are also offered year round. Additionally, the college scholarship drive occurs each winter/spring. The drive normally runs from January through mid March each year. The Financial Aid Office offers workshops throughout the academic year on scholarships. Information is posted on department website.

GI Bill Education Benefits
Victor Valley College also participates in the GI Bill Education Benefits program, and is authorized to certify for Chapter 30, 31, 35, 1606, and 1607. GI Bill students must meet all academic standards as defined by the VVC college catalog. More information on GI Bill Education Benefits is available from the Financial Aid Office.

Satisfactory Academic Progress:
Financial Aid Satisfactory Standards must meet the criteria set by Section 484 of the Higher Education Act (HEA), Title IV Regulations, published in 668.16 of the Federal Register.

Eligibility
To become eligible to receive financial aid from Victor Valley College, students must meet the standards of the Satisfactory Academic Progress policy, as follows:

Eligibility
To become eligible to receive financial aid from Victor Valley College, students must:
1. Submit a completed Free Application for Federal Student Aid (FAFSA) to the Department of Education (DOE) to establish eligibility; and
2. Submit completed documents to the Financial Aid Office; and
3. Enroll in an eligible program to complete an Associate's Degree, a certificate program of at least 6 months in length, and transfer requirements; enrollment in transfer units exclusively, is not considered an "eligible" program; and
4. Declare a major as approved by Victor Valley College.
To continue to meet eligibility requirements to receive financial aid from Victor Valley College, students must:
1. Complete 67% or more of attempted units each semester in an eligible program; and
2. Maintain cumulative GPA of 2.0 or higher; and
3. Maintain education plan requirements as defined in the VVC catalog; and
4. Received less than six semesters (full time equivalent) of aid.
FINANCIAL AID PROBATION
A student who is not meeting the SAP eligibility criteria of 67% or more units each semester and maintaining a cumulative GPA of 2.0 or above will initially be placed on financial aid probation. During the probationary period, the student will still be entitled to receive FSA funds. If the student continues to not meet the SAP eligibility criteria for at least two consecutive semesters, the student will be placed on Financial Aid Dismissal. Conversely, if a student meets the SAP eligibility criteria after being placed on Financial Aid Probation, that student will be considered to be back in good standing.

FINANCIAL AID DISMISSAL
Students who do not meet the SAP standards listed above for two consecutive semesters will be subject to dismissal from receiving further financial aid (other than the BOGG Fee Waiver.) SAP standards are checked and verified once annually when the student submits their financial aid paperwork for the following academic year. Generally, a student who is dismissed from financial aid must meet SAP standards by completing at least two successful semesters without financial aid, and meet all SAP eligibility criteria to be eligible to appear. If the appeal is approved, student will be reinstated for financial aid.

APPEAL PROCESS
Federal regulations limit financial aid to the maximum time frame of no more than 150% of the particular program as stated in the Victor Valley College catalog. To continue to receive financial aid from Victor Valley College, students must submit an appeal form to the Financial Aid Office if the student has:
1. Received financial aid for six semesters (full time equivalent) in an eligible program; or
2. Attempted 90 units; (excluding up to one year of remedial coursework) or
3. Completed a degree.
* All attempted units that are accepted toward the student’s major are counted in the total, whether or not financial aid was received. Units from other schools that are accepted toward the student’s current program are also counted in the total. One year of remedial coursework is counted to include; ESL, and any pre-college level math or English course.

Students may only submit an appeal for the following reasons:
1. Student has mitigating circumstances or extenuating circumstances (beyond the student’s control) that prevented him/her from meeting SAP standards (documentation substantiating statements must be submitted.) Examples can include but are not limited to: change in family circumstances, medical conditions requiring doctor’s care, etc.
2. Change in major or program of study.
3. Student has reached 90 attempted units, but a portion of the unit total is comprised of remedial coursework, or the student has a change in program.

To petition for reinstatement of financial aid, students who have been disqualified from receiving financial aid must:
1. Obtain an updated education plan from a Victor Valley College counselor.
2. Submit a completed Appeal Application with the updated education plan and supporting appeal documentation (i.e. medical or personal crisis) to the Financial Aid Office.

The Financial Aid Appeals Committee will review the completed Appeal Application packet after which the student will be sent a copy of the Committee’s decision. If the Committee approves the appeal, the Financial Aid Office will verify the student’s progress at the end of each academic year. Notification of the appeal outcome is posted on the ”My Documents” tab in Web Advisor. Revised 6/20/2010

IMPORTANT INFORMATION
Students will not be paid for classes added after the census date as noted in the schedule. Likewise, repayment will not be required for dropped classes after the census date, unless the student totally withdraws from all classes. The Department of Education requires that if financial aid is paid for added classes after the census date, adjustment/repayment must also apply for dropped classes after the census date. VVC has adopted this policy to adhere to Federal Regulations.

REQUIRED RECALCULATION OF AWARDS
Federal Regulations, Chapter 534, CFR 690.80(b) states that for all students who do not begin attendance in all of his or her classes, the school must recalculate the student’s awards based on the lower enrollment status. If students received payment for non-attendance classes and are recalculated to the lower enrollment status, they are required to repay the funds received for non-attendance (no show) classes. This includes canceled classes which were beyond the students control, as well as dropped classes prior to the census date.

Return of Title IV Funds [R2T4]
All students receiving Federal financial aid, who completely withdraw within the first 60% of a term payment period, or period of enrollment, are subject to a refund provision. Effective Fall 2000, the institution and the student share the responsibility to repay unearned aid in proportion to the aid each is assumed to possess. The institution may at its discretion, bill the student for the district portion of R2T4 that was returned to the Department of Education as a result of R2T4. During the first 60% of the enrollment period, the student “earns” Title IV aid in direct proportion to the length of time he or she remains enrolled. The percentage is calculated by dividing the number of days completed in the term by the number of calendar days in the term.

CURRENT VALID ID:
All students must make sure the Financial Aid Office has a copy of a current valid ID. The ASB student ID does not qualify. You must have a current driver’s license or State issued (DMV) ID card, in order to receive personal financial aid assistance at the financial aid window. Confidential student information will not be released without proof of your identification.
**LOAN POLICIES:**

Students applying for a loan through Victor Valley College will have the following additional requirements:

- Students must be enrolled in a minimum of 6 units in order to apply for and receive their loan disbursement.
- Both entrance and exit counseling are required when a student applies for a student loan for the first time at VVC.
- Students applying for a loan must attend a mandatory loan workshop each academic year in order for their loan to be certified. Current workshop offerings are posted on our website.

**MYTHS REGARDING FINANCIAL AID:**

1. If you don’t live with your parents, you’re an independent student. **FALSE.** Except for the Board of Governors Fee Waiver Application, by the Federal definition you’re considered to be an independent student only if one of these describes you:
   - You are 24 years old or older
   - You have children who receive more than half of their support from you
   - You have dependents other than your spouse or children who live with you and who receive more than half their support from you.
   - Both your parents are deceased, you are an orphan or you are a ward or dependent of the court, or were one until age 18.
   - You are working on a graduate or postgraduate degree (Master’s or doctorate.)
   - You are married as of the date you file the FAFSA.
   - You are currently serving on active duty in the U.S. Armed Forces for purposes other than training.
   - You are a Veteran of the U.S. Armed Forces or you attended a service academy and were released under a condition other than dishonorable.

   If you believe you have unusual circumstances that can be documented, but do not fall into the above mentioned categories, contact the Financial Aid Office for more information.

2. You or your parents cannot receive financial aid because your family income is too high. **FALSE.** Income is only one of the criteria on which financial aid is based. If the school’s costs exceed your family’s means, you will qualify for some form of financial aid. Also, some scholarships are based on merit.

3. I’m not a straight “A” student, so I won’t get aid. **FALSE.** It is true that many scholarships reward merit, but the vast majority of federal aid is based on financial need.

4. My chances of receiving financial aid are the same no matter when I apply. **FALSE.** Your safest bet is to submit your application at the earliest possible date. That is because funds are often limited and many financial aid programs work on the first come, first served policy.

5. There is no need for me to complete the FAFSA; I know I won’t qualify for a grant. **FALSE.** The FAFSA serves several purposes, not just determining your eligibility for a grant. Students applying for scholarships, loans, and federal work-study also need to complete the FAFSA.

6. I can’t apply for financial aid because I can not attend fulltime. **FALSE.** Students do not have to attend full time to receive a Pell Grant or other financial aid. Amounts received are based on income and enrollment status, and are paid based on full time (12 or more units), three quarter time (9-11.5 units), half time (6-8.5 units), or less than half time enrollment (less than 6 units.)

7. I don’t have to reapply for financial aid every year. **FALSE.** Students must reapply for financial aid every year. Aid does not carry forward from one academic year to another. Fall semester is the start of the new academic year, and applications may be filed as early as the preceding January 1st.

8. I have to be a minority to receive financial aid. **FALSE.** Funds from federal student aid and state aid are awarded on the basis of financial need, NOT on the basis of race, creed, or gender. The FAFSA does not even ask for such information.

9. I’ll receive my financial aid immediately after applying. **FALSE.** The FAFSA is the first step in the financial aid process, which may include additional paperwork and forms. The entire process can take anywhere from one to three months, so students are advised to apply early, meet deadlines, and respond to any requests in a timely fashion to ensure that the college has the best opportunity to meet the student’s need, and so that the student is awarded before the first day of classes. Applications are processed on a first come-first served basis, until funding is exhausted. Financial aid is designed to assist students with their education.

10. You’ve got my FAFSA. You don’t need anything else. **FALSE.** Once the FAFSA is processed, students will need to complete their file with the VVC Financial Aid office. Students must check “my documents” in Webadvisor, and provide any additional documentation requested to the Financial Aid Office, in order to complete their financial aid file. After the file is completed, students will be able to view their award letter on Webadvisor. Students who neglected to list Victor Valley College on their FAFSA should add our school code 001335 to their FAFSA application.
**WHAT IS BOG-FW?:**
BOG-FW, or Board of Governor’s Fee Waiver, is a state sponsored program that waives enrollment fees for qualifying students. You may be eligible for a fee waiver even if you are not eligible for other financial aid.
- BOG-FW applicants are not required to be enrolled in a minimum number of courses—whether you take 1 unit or 21 units, the enrollment fee may be waived
- BOG-FW applicants only need to apply once to have fees waived for the academic year: fall, winter, spring, and summer

**How do I apply?:**
To apply for the BOG-FW, you must complete the application which can be accessed at our website: www.wc.edu/offices/financial-aid/index.htm or you may pick up an application at the Financial Aid Office. There are three methods you may apply under. You only need to qualify under one method, in order for your fees to be waived. Students submitting a BOGG application will also need to submit proof of prior year income, such as 1040 Federal tax return and W2’s.

**Method A:**
Is for students on public assistance programs: TANF/CalWORKS, SSI/SSP, SSAI, SSAS, or General Assistance. It is also for the following: Dependents of Disabled or Deceased California Veterans or National Guard, recipients of the Congressional Medal of Honor, children of recipients of the Congressional Medal of Honor, or dependents of victims of the September 11, 2001 terrorist attack. Certification must be obtained from the appropriate agency and documentation will be required to verify your eligibility. This documentation must be dated within the last 30 days.

**Method B:**
Is for low income students whose previous year income is within qualifying income guidelines. Federal tax returns may be required.

**Method C:**
Is awarded to students who applied through the FAFSA and were eligible according to Federal guidelines. Students who qualify under Method C do not need to complete a separate BOG-FW application.

**Additional Information**
- Your application is reviewed by the Financial Aid Office
- You must be a California resident
- The BOG-FW will cover fall, winter, spring, and summer semesters
- BOG-FW covers only enrollment fees
- BOG-FW is not a book award or book grant
- BOG-FW is not a loan
- You must submit proof of your prior year income to the FAO when submitting your BOG-FW application
- If you apply for the BOG-FW after you pay your fees, you may be reimbursed, as long as you complete and submit your application prior to the end of the semester, and contact the Bursar to request a refund.

**SCHOLARSHIP SCAMS:**
Be careful when searching for information on student financial assistance. Make sure information and offers are legitimate. Don’t fall prey to fraud. Estimates show that families lose millions of dollars to scholarship fraud every year. The College Scholarship Prevention Act enhances protection against fraud in student financial assistance. The Federal Trade Commission (FTC) cautions students to look for these tell tale signs:
- Someone claims that “The scholarship is guaranteed or your money back.”
- “You can’t get this information anywhere else.”
- “I just need your credit card or bank account number to hold this scholarship.”
- “We’ll do all the work.”
- “The scholarship will cost some money.”
- “You’ve been selected by a ‘national foundation’ to receive a scholarship.”
- “You’re a finalist” in a contest you never entered.

To file a complaint, or for free information, call 1-877-FTC-HELP (1-877-382-4357), or visit www.ftc.gov/scholarshipscams

**FINANCIAL AID CONSULTANTS:**
Financial Aid Consultants provide assistance in completion of the FAFSA application, estimates the amount of money you may receive, and describes the types of aid available. These consultants generally charge a fee for their services. Before you pay for any services, be aware that these services are also offered by the Victor Valley College Financial Aid Office for free. We advise you to contact our office for assistance before deciding to hire the services of an outside consultant. If you decide to hire the services of a consultant, we advise you to do your research beforehand, as, like most things in life, there are both legitimate businesses and scam artists. Pay attention to the following:
- Never agree to a fee based on the percentage of aid you will receive from the college
- Never sign a blank form (FAFSA), only sign the document once you have reviewed it
- Be sure to mail the application (FAFSA) yourself. Do not rely on the consultant to mail it for you
- Keep copies for your records of everything you submit to the consultant
- You may want to request a list of references before hiring the services of a consultant
- Bear in mind that no consultant can guarantee the amount of money you may receive

You are legally responsible and accountable for information contained on your FAFSA. Never allow a consultant to complete the application before you have reviewed it, and submit it yourself.
ASSISTANCE FOR COMPLETING THE FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA):

1. Get an early start. Apply on-line at www.fafsa.ed.gov. You may pick up a paper FAFSA Worksheet at the Financial Aid Office to get an idea of the questions you'll need to answer.

2. Apply for a PIN at www.pin.ed.gov to electronically sign your FAFSA on the Web application. Also, ask one of your parents to get a PIN, if you’re a dependent student.

3. Gather materials ahead of time:
   - The FAFSA, if filing on paper
   - The Pre-Application workshop at www.fafsa.ed.gov if filing online
   - Your PIN, if filing on line
   - Your Driver's License or State Identification Card
   - Your Social Security Number and your parent's Social Security Numbers if dependent. If you don't have a number apply for one at your local post office or Social Security Office. To learn more go to www.ssa.gov or call 800-772-1213 (TTY 800-325-0778)
   - Your federal income tax return and parent's federal income tax return (if dependent) and all W2's and 1099's
   - Current bank statements, business, farm or investment records, records of untaxed income-welfare, Social Security, Veterans or Temporary Assistance to Needy Families (TANF) benefits
   - Your Alien Registration Number if you are not a U.S. Citizen

4. Read all instructions thoroughly. Work through each step carefully to avoid mistakes. Careless errors can cause processing delays, which could mean missed deadlines and dollars.

5. Spell your name as it appears on your Social Security card. Using a nickname or other name will delay processing.

6. Be sure to indicate if either of your parents went to college for maximum consideration for the Cal Grant competitive awards.

7. Write in "CA" if California is your state of legal residence for the residency question. If left blank, you can’t be considered for a Cal Grant or any other California student aid. Be sure to indicate the month and year you became a legal California resident.

8. Use estimates if you haven’t completed your tax return. It’s easier to fill out the FAFSA if you have a completed return, but if you don’t, use estimates rather than missing a deadline. Once you file your tax return, you must correct any information. (If your actual numbers are significantly higher or lower, your Expected Family Contribution (EFC) will change and your financial aid assistance may need to be reviewed.)

9. Be sure to provide your parents’ income information if you’re a dependent student (you answered no to all questions in Step Three) - otherwise your SAR will not be complete and you may be disqualified for Federal and State aid consideration.

10. Don’t skip the drug question. A drug conviction doesn’t necessarily make you ineligible for federal aid, but colleges are not allowed to provide federal aid to students who do not answer this question. Students with convictions will receive a worksheet to determine if their conviction affects their eligibility for federal aid. Those ineligible for federal aid may still be eligible for state, college or private aid and can regain their eligibility by completing a drug rehabilitation program or having their conviction reversed or set aside.

11. Use only Federal Title IV school codes for colleges. For Title IV codes, ask your high school counselor or college or go to: www.fafsa.ed.gov. (Victor Valley College’s Title IV School Code is 001335)

12. Be sure to list at least one eligible California college to be considered for a Cal Grant. If you’re considering a California four-year college or university, be sure to put that school first, with any California Community College listed further down.

13. Be sure you and at least one parent, if you’re dependent, sign the FAFSA. Unsigned forms will not be processed.

14. Be sure to submit your FAFSA by the earliest deadline. Some deadlines for private or college aid may be earlier than March 2nd, the Cal Grant deadline.

15. Keep a photocopy or printout of your FAFSA. Also keep copies of all the worksheets and records you used to complete the FAFSA. Your college may ask to see them.

16. Don’t date or mail your FAFSA before January 1st for the following academic year that begins in the fall. If you do, it will be returned unprocessed and you’ll need to file again.
RIGHTS AND RESPONSIBILITIES:
As a financial aid recipient, you have certain rights and responsibilities.

YOUR RIGHTS ARE:
• You have the right to know what financial aid programs are available at your school.
• You have the right to know the deadlines for submitting applications for each of the programs available.
• You have the right to know how financial aid will be distributed, how decisions on distribution are made, and the basis for these decisions.
• You have the right to know how your financial need was determined. This includes how costs for tuition and fees, room and board, travel, books and supplies, personal and miscellaneous expenses, etc., are considered in your budget.
• You have the right to know how much of your financial need has been met.
• You have the right to request an explanation of the various programs in your student aid package.
• You have the right to know the schools refund policy.
• You may have the right to know what portion of the financial aid you received must be repaid, the payback procedures, the length of time you have to repay the loan, and when repayment is to begin. If you cannot meet the repayment schedule under the loan program, you may request that the loan payments be reduced for a specific period of time if it will assist you in avoiding default.
• You have the right to know how the school determines whether or not you are making satisfactory progress, and what happens if you are not.

YOUR RESPONSIBILITIES ARE:
• You must submit application forms accurately.
• You must submit them on time to the correct destination. This includes all loan applications for loans.
• You must provide correct information. In most instances, misreporting information on financial aid applications is a violation of law and may be considered a criminal offense.
• You must return all additional documentation, verification, corrections, and/or new information requested by either the Victor Valley College Financial Aid Office or the agency to which you submitted your application.
• You are responsible for reading and understanding all forms that you were asked to sign.
• You must perform the work that is agreed upon in accepting a Federal Work-Study award.
• You must be aware of Victor Valley College’s refund procedures.
• If borrowing a student loan, you must complete loan entrance and exit counseling and attend the required financial aid workshop workshop each year.
• As a recipient of a student loan, you must notify the Dept. of Education if any of the following occur before the loan is repaid:
  1. You change your address
  2. Graduation from college
  3. Withdrawal from school or less than half-time attendance
  4. Name change (for example, maiden name to married name)
  5. You transfer to another school

All information contained in a student’s financial aid application and file is handled confidentially by the Financial Aid Office. This is governed under the terms of the Family Educational Rights and Privacy Act of 1974 (FERPA). All documentation submitted becomes part of the student’s file and will not be returned. Due to FERPA, we are unable to answer specific questions on a student’s file over the telephone. The student must be present in order to discuss his/her file at the financial aid window, with a valid California I.D. or Driver’s License.

TERMS AND CONDITIONS OF FINANCIAL AID AWARDS:
Although the primary responsibility for paying for a college education rests with the student and their families, financial aid is available to help you. It is intended to supplement, not replace, the resources students and their families have. Your Financial Aid package is based both on your predetermined need and the funds available at the college at the time you complete your file. Your need is determined by taking the Cost of Education at the college and subtracting your EFC from your SAR. The Department of Education has an established formula and the information you provide on your FAFSA is used to determine your EFC. The Cost of Education includes not only direct expenses (tuition and fees), but also an estimate of indirect costs (transportation, books, and living expenses.) Financial Aid awards are based on the assumption that students and parents have submitted truthful and correct information. If information used in awarding financial aid is determined to be incorrect, the financial aid awarded may be adjusted or changed. This applies to instances where incorrect information is used in the calculation due to:
• Estimated information which proves to be incorrect
• Incorrect information due to misunderstanding of instructions
• Additional outside grants or scholarships received from any source
• Data entry errors on the part of the FAFSA processor or Victor Valley College
• False information

In cases of fraudulent information, any financial aid awarded will be canceled and the case referred to the proper authorities. Students must inform the Financial Aid Office of any change in unit load from that initially reported on the financial aid application. Financial aid awards are based in part on unit load, and any change may result in a change in eligibility.
Regardless of the amount of financial aid anticipated, students are expected to arrive on campus with sufficient cash for expenses that will be incurred at the beginning of the year. Students should plan on bringing at least $100-$400 to cover these expenses. Financial aid proceeds should not be used as the primary means of support. There is often a delay between the time an application is filed and when payment is received. Students should have adequate funds to pay their day to day living expenses, until disbursement is received. Due to the availability of funds and the demand for these funds, students are sometimes left with an unfulfilled unmet need.

Information is subject to change without notice.
