Terms and Conditions

3. Customer Obligations

(a) TelePacific's Property. Any equipment installed by TelePacific at Customer's premises remains the personal property of TelePacific, and nothing contained in this Agreement shall give or convey to Customer any right, title or interest whatsoever in such equipment. Customer agrees not to interfere with or damage the equipment, and further agrees to reimburse TelePacific for any loss or damage thereto that is caused by the intentional or negligent acts of Customer, its agents, employees, authorized users or representatives. Customer will allow TelePacific to promptly remove the equipment from Customer's premises upon termination of the Services for which the equipment was installed.

(b) Responsibility for Message Content. Customer shall be solely responsible for all content that Customer makes available on or through any Services provided by TelePacific. Customer warrants that all such content will not infringe on, or contain any content that infringes on, or otherwise violates any copyright, patent or any other right held by a third-party, and shall not violate any applicable law, rule, regulation or industry standard.

(c) Network Security. Customer hereby acknowledges that it is the Customer's responsibility to take whatever actions it deems necessary to adequately make its computer and voice network and circuits adequately secure from unauthorized access. Customer further acknowledges that TelePacific is only the provider of the telecommunications services and equipment to Customer and that it is not responsible for the security of Customer's own network and circuits from third parties, or for any damages that may result from any unauthorized access to Customer's network. TelePacific urges Customer to seek independent advice with respect to products, equipment (including configurations thereof), and services available to make Customer's computer network and circuits more secure from third parties.

CUSTOMER FURTHER ACKNOWLEDGES THAT NO TELEPACIFIC EMPLOYEE, AGENT, REPRESENTATIVE OR SUBCONTRACTOR HAS MADE, AND THEY DO NOT HAVE THE AUTHORITY TO MAKE, ANY REPRESENTATIONS CONCERNING THE SECURITY OF CUSTOMER'S NETWORK OR THE SERVICES PROVIDED BY TELEPACIFIC HEREIN THAT ARE INCONSISTENT WITH THE STATEMENTS CONTAINED IN THE PRECEDING PARAGRAPH.
4. Termination

(a) This Agreement and any orders for Services submitted under it, shall remain in effect until terminated as set forth in this Section. After the Initial Term, this Agreement will automatically renew for successive periods of one year each at TelePacific's rates then in effect for the Services to the Customer unless either party notifies the other in writing within the last sixty (60) days of the then-current Term of the intent not to allow the Agreement to renew for a successive Term, thereafter. Even after termination, the Terms and Conditions of the Agreement shall automatically extend to cover any remaining Terms of any additional Services to additional Service Locations ordered by the Customer which have not expired. The Term of any such additional Services shall be subject to the same automatic renewal and termination notice provisions as the Agreement. If either party notifies the other party in writing during that sixty (60) day period of a decision not to allow the Agreement or the Term of any additional Services to additional Service Locations to renew at the expiration of a Term, actual termination of Services will not occur until the end of the later of the then-current Term or thirty (30) days after receipt of that notification. If Customer elects to terminate the Agreement or any orders for Services prior to the installation of the Services, Customer shall pay to TelePacific as a termination charge and not as a penalty, an amount equal to: (1) the unpaid and non-recurring charges applicable to the Services, even if initially waived, unless those charges have already been paid, and (2), if the Agreement is for a Term of one year, an amount equal to three times the one month recurring charges, or in the case of an Agreement with a Term of more than one year, an amount equal to six times the one month recurring charges.

(b) Either party may terminate this Agreement upon 30 days notice if the other party materially breaches the terms and conditions of this Agreement, including, but not limited to, Customers’ failure to pay TelePacific's invoices for the Services by the Due Date, and the other party fails to cure the default within the 30 day period. If Customer terminates this Agreement after TelePacific’s material breach, then Customer will be responsible only for charges accrued prior to the date of termination. If, however, TelePacific terminates this Agreement as a result of Customer’s material breach, or Customer terminates the Agreement or any Services provided thereunder for any reason other than TelePacific’s material breach, Customer shall pay to TelePacific as a termination charge, and not as a penalty, the following amounts: (1) The unpaid and non-recurring charges for the terminated Services, even if initially waived, unless those charges have already been paid; (2) the unpaid and non-recurring charges applicable to the Services for the remaining months of the Term; and (3) 100% of the Default MRC for the terminated Services multiplied by the number of months, if any, remaining in the Revised Alternative Term. If the original Agreement has expired and the Services are being provided pursuant to a Renewal Term, Customer shall be liable for an amount equal to 100% of the MRC’s applicable to the remaining months of the Renewal Term. In addition, TelePacific shall be entitled to collect any delinquent charges owed by Customer along with all other damages it incurs as a result of Customer’s breach of this Agreement. Paragraphs 4 and 5 of this Agreement, inclusive of subparagraphs, shall survive any termination or expiration of this Agreement.

The WDD administers and operates programs under the Department of Labor’s Workforce Investment Act. The County Workforce Investment Board oversees the programs offered through the WDD.

C. Workforce Investment Act (WIA) – Signed into law on August 7, 1998, this law replaces the former Job Training Partnership Act (JTPA). WIA reforms federal job training programs and mandates more comprehensive activities and training programs.

F. Employment Resource Center – Regionally designated locations from which WIA and Employment Services are administered to serve the residents of the County.

An electrocardiogram (often abbreviated EKG or ECG) measures the electrical activity of the heart and can be used to diagnose a range of heart diseases.

H. San Bernardino County Resident – An individual who resides within the geographic area of the County of San Bernardino, excluding the incorporated City of San Bernardino.

II. CONTRACTOR SERVICE RESPONSIBILITIES

A. The Contractor shall provide classroom space, qualified instructor(s), course curriculum and hands on training for thirty (30) selected WIA customers through one (1) cohort of thirty (30) customers each in Certified EKG Monitoring Technician training. The Contractor shall reserve fifty percent (50%) of the class seats for the registration of WIA referrals and maintain a waiting list of potential registrants until one (1) week prior to the start date of the course. At that time all remaining seats may be filled from the Contractor’s wait list. Course shall not commence without one hundred percent (100%) enrollment, unless prior approval has been received from WDD.

B. The Contractor shall provide WDD with a contact person that will be responsible for registration, enrollment, reports, and any other program related questions and/or concerns.

C. The Contractor shall show priority of service to WIA funded customers which shall include referrals from WIA funded youth providers.
D. The Contractor shall be responsible for each customer to complete the WIA application and to report to the Employment Resource Center prior to the first day of the course.

E. The course, as detailed in Exhibit “A” incorporated herein, will consist of a minimum of one hundred fifty-seven (157) hours of classroom instruction. The Contractor shall recruit WIA eligible customers and ensure that each customer is enrolled in the WIA system through WDD staff.

F. The Contractor shall provide WDD with monthly updates and progress reports on each customer enrolled in the course. The Contractor shall ensure that all monthly updates and progress reports are received by WDD by the 10th day of the month following the month for which the report was made. The reports will include: attendance, classroom performance, and/or any related issues that may positively or negatively impact the success of the customer’s completion of the course. The report form is detailed in Exhibit “B”. Contractor will notify WDD immediately if there are any attendance issues/concerns with the customer.

G. The Contractor shall provide certificates of completion to WDD staff for each customer that has successfully completed the course as future funding is dependant upon successful completion of each customer. The Contractor shall track employment for each customer and shall complete the employment verification form (Exhibit “C”) provided by WDD and submit the form as part of the monthly update due by the 10th day of each month. The Contractor shall report only new employments for each month.

H. The Contractor shall coordinate with WDD to ensure that an assessment for each customer is administered prior to enrollment into the course.

I. Contractor shall supply all books, supplies, use of standard lab equipment, access to Contractor’s career center, uniforms, license fees, and parking permit (if applicable).

III. CONTRACTOR GENERAL RESPONSIBILITIES

A. In the performance of this Contract, the Contractor, its agents and employees, shall act in an independent capacity and not as officers, employees, or agents of the County. The Contractor certifies that neither it nor its principals is presently disbarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency as required by Executive Orders 12549 and 12689, and implemented as 45 CFR, Part 76.

B. Without the prior written consent of the County’s Economic Development Agency Administrator or the Assistant Administrator for the Economic Development Agency or their designee, this Contract is not assignable by the Contractor either in whole or in part.

C. The Contractor agrees to provide or has already provided information on former County administrative officials (as defined below) who are employed by or represent the Contractor. The information provided includes a list of former County administrative officials who terminated County employment within the last five (5) years and who are now officers, principals, partners, associates or members of the business. The information also includes the employment with or representation of the Contractor. For purposes of this provision, “County administrative official” is defined as a member of the Board of Supervisors or such officer’s staff, County Administrative Officer or member of such officer’s staff, County department or group head, assistant department or group head, or any employee in the Exempt Group, Management Unit or Safety Management Unit.

D. If during the course of the administration of this Contract the County determines that the Contractor has made a material misstatement or misrepresentation or that materially inaccurate information
has been provided to the County, this Contract may be immediately terminated. If this Contract is
terminated according to this provision, the County is entitled to pursue any available legal remedies.

E. The Contractor agrees not to enter into any subcontracts for work contemplated under the Contract
without first obtaining written approval from the County’s WDD Department Head. Any
subcontractor shall be subject to the same provisions as the Contractor. The Contractor shall be
fully responsible for the performance of any subcontractor.

F. The Contractor shall maintain all records and books pertaining to the delivery of services under this
Contract and demonstrate accountability for Contract performance. Said records shall be kept and
maintained within the County. The County shall have the right upon reasonable notice and at
reasonable hours of business to examine and inspect such records and books.

Records, should include, but are not limited to, primary source documents. Fiscal records shall be
kept in accordance with Generally Accepted Accounting Principles and must account for all funds,
tangible assets, revenue and expenditures. Fiscal records must also comply with the appropriate
Office of Management and Budget (OMB) Circulars that state the administrative requirements, cost
principles and other standards for accountancy.

All records shall be complete, current and comply with all Contract requirements. Failure to
maintain acceptable records per the preceding requirements shall be considered grounds for
withholding of payments for billings submitted and for termination of the Contract.

G. The Contractor shall notify the County in writing of any change in mailing address and/or physical
location within ten (10) days of the change, and shall immediately notify the County of changes in
telephone or fax numbers.

H. The Contractor shall notify the County of any continuing vacancies and any positions that become
vacant during the term of this Contract that will result in reduction of services to be provided under
this Contract. Upon notice of vacancies, the Contractor shall apprise the County of the steps being
taken to provide the services and to fill the position(s) as expeditiously as possible. Vacancies and
associated problems shall be reported to the County on each periodically required report for the
duration of said vacancies and/or problems.

I. The Contractor shall make every reasonable effort to prevent employees, consultants or members
of its governing bodies from using their positions for purposes that are or give the appearance of
being motivated by a desire for private gain for themselves or others, such as those with whom they
have family, business, or other ties. In the event that the County determines a conflict of interest
exists, any increase in costs associated with the conflict of interest may be disallowed by the
County and such conflict may constitute grounds for termination of the Contract. This provision
shall not be construed to prohibit employment of persons with whom the Contractor’s officers,
agents, or employees have family, business or other ties so long as the employment of such
persons does not result in increased costs over those associated with the employment of any other
equally qualified applicants and such persons have successfully competed for employment with
other applicants on a merit basis.

J. The Contractor shall observe all federal, state and County regulations concerning confidentiality of
records. The Contractor shall refer all requests for information referring to the services provided
under Contract to the County.

K. The Contractor agrees to and shall comply with the following indemnification and insurance
requirements:
1. Indemnification. The Contractor agrees to indemnify, defend (with counsel reasonably approved by the County) and hold harmless the County and its authorized officers, employees, agents, and volunteers from any and all claims, actions, losses, damages, and or liability arising out of this Contract from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. The Contractor’s indemnification obligation applies to the County’s “active” as well as “passive” negligence but does not apply to the County’s “sole negligence” or “willful misconduct” within the meaning of Civil Code section 2782.

2. Additional Insured. All policies, except for the Workers’ Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the County and its officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

3. Waiver of Subrogation Rights. The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and the Contractor’s employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.

4. Policies Primary and Non-Contributory. All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

5. Severability of Interests. The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

6. Proof of Coverage. The Contractor shall furnish Certificates of Insurance to the County department administering the Contract evidencing the insurance coverage, including endorsements, as required, prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the department, and the Contractor shall maintain such insurance from the time the Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this Contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

8. Deductibles and Self-Insured Retention. Any and all deductibles or self-insured retentions in excess of ten thousand dollars ($10,000) shall be declared to and approved by Risk Management.

9. Failure to Procure Coverage. In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right, but not the obligation or duty to cancel the Contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly
reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

10. Insurance Review

a. Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County’s risk.

b. Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. The Contractor agrees to execute any such amendment within thirty (30) days of receipt.

c. Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

11. Insurance Specifications. The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a “dropout” provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

G. Use of ARRA Funds and Requirements

1. This Contract may be funded in whole or in part with funds provided by the American Recovery and Reinvestment Act of 2009 (“ARRA”), signed into law on February 17, 2009. Section 1605 of ARRA prohibits the use of recovery funds for a project for the construction, alteration, maintenance or repair of a public building or public work (both as defined in 2 CFR 176.140) unless all of the iron, steel and manufactured goods (as defined in 2 CFR 176.140) used in the project are produced in the United States. A waiver is available under three limited circumstances: (i) Iron, steel or relevant manufactured goods are not produced in the United States in sufficient and reasonable quantities and of a satisfactory quality; (ii) Inclusion of iron, steel or manufactured goods produced in the United States will increase the cost of the overall project by more than twenty-five percent (25%); or (iii) Applying the domestic preference would be inconsistent with the public interest. This is referred to as the “Buy American” requirement. Request for a waiver must be made to the County for an appropriate determination.

2. Section 1606 of ARRA requires that laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to ARRA shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act (40 U.S.C. 31). This is referred to as the “wage rate” requirement.

3. The above described provisions constitute notice under ARRA of the Buy American and wage rate requirements. The Contractor must contact the County contact if it has any questions regarding the applicability or implementation of the ARRA Buy American and wage rate requirements. The Contractor will also be required to provide detailed information regarding
compliance with the Buy American requirements, expenditure of funds and wages paid to employees so that the County may fulfill any reporting requirements it has under ARRA. The information may be required as frequently as monthly or quarterly. The Contractor agrees to fully cooperate in providing information or documents as requested by the County pursuant to this provision. Failure to do so will be deemed a default and may result in the withholding of payments and termination of this Contract.

4. The Contractor may also be required to register in the Central Contractor Registration (CCR) database at http://www.ccr.gov and may be required to have its subcontractors also register in the same database. The Contractor must contact the County with any questions regarding registration requirements.

H. Schedule of Expenditure of Federal Awards

1. In addition to the requirements described in “Use of ARRA Funds and Requirements,” proper accounting and reporting of ARRA expenditures in single audits is required. The Contractor agrees to separately identify the expenditures for each grant award funded under ARRA on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by the Office of Management and Budget Circular A-133, “Audits of States, Local Governments, and Nonprofit Organizations.” This identification on the SEFA and SF-SAC shall include the Federal award number, the Catalog of Federal Domestic Assistance (CFDA) number, and amount such that separate accountability and disclosure is provided for ARRA funds by Federal award number consistent with the recipient reports required by ARRA Section 1512 (c). In addition, the Contractor agrees to separately identify to each subcontractor and document at the time of subcontract and at the time of disbursement of funds, the Federal award number, any special CFDA number assigned for ARRA purposes, and amount of ARRA funds.

2. The Contractor may be required to provide detailed information regarding expenditures so that the County may fulfill any reporting requirements under ARRA described in this section. The information may be required as frequently as monthly or quarterly. Contractor agrees to fully cooperate in providing information or documents as requested by the County pursuant to this provision. Failure to do so will be deemed a default and may result in the withholding of payments and termination of this Contract.

Full cooperation shall be given by the Contractor in any auditing or monitoring conducted.

C. The Contractor shall cooperate with the County in the implementation, monitoring and evaluation of this Contract and comply with any and all reporting requirements established by this Contract.

D. Records of the Contractor which do not pertain to the services under this Contract may be subject to review or audit unless provided in this or another Contract. Technical program data shall be retained locally and made available upon the County’s
reasonable advance written notice or turned over to the County. If said records are not made available at the scheduled monitoring visit, the Contractor may, at the County’s option, be required to reimburse the County for expenses incurred due to required rescheduling of monitoring visit(s). Such reimbursement will not exceed fifty dollars ($50) per hour (including travel time) and be deducted from the following month’s claim for reimbursement.

E. The Contractor shall provide all reasonable facilities and assistance for the safety and convenience of the County’s representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work of the Contractor.

F. Upon the County’s request, the Contractor shall hire a licensed Certified Public Accountant, approved by the County, who shall prepare and file with the County, within sixty (60) days after the termination of the Contract, a certified fiscal audit of related expenditures during the term of the Contract and a program compliance audit.

G. Pursuant to OMB Circular A-133, Contractors expending five hundred thousand dollars ($500,000) or more in federal funds within the Contractor’s fiscal year must have a single audit or program-specific audit performed. A copy of the audit performed in accordance with OMB Circular A-133 shall be submitted to the County within thirty (30) days of completion, but no later than nine (9) months following the end of the Contractor’s fiscal year.

VII. CORRECTION OF PERFORMANCE DEFICIENCIES

A. Failure by the Contractor to comply with any of the provisions, covenants, requirements or conditions of this Contract shall be a material breach of this Contract.

B. In the event of a non-cured breach, the County may, at its sole discretion and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:

1. Afford the Contractor thereafter a time period within which to cure the breach, which period shall be established at sole discretion of the County; and/or

2. Discontinue reimbursement to the Contractor for and during the period in which the Contractor is in breach, which reimbursement shall not be entitled to later recovery; and/or

3. Withhold funds pending duration of the breach; and/or

4. Offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to Item “2” of this paragraph; and/or

5. Terminate this Contract immediately and be relieved of the payment of any consideration to the Contractor. In event of such termination, the County may proceed with the work in any manner deemed proper by the County. The cost to the County shall be deducted from any sum due to the Contractor under this Contract and the balance, if any, shall be paid by the Contractor upon demand.

VIII. TERM

This Contract is effective June 22, 2010 through December 12, 2010 but may be terminated earlier in accordance with provisions of Section IX of the Contract.

IX. EARLY TERMINATION

A. The County may terminate the Contract immediately under the provisions of Section VII, Paragraph B, Item 5 of the Contract. In addition, the Contract may be terminated without cause by the County by serving a written notice to the Contractor thirty (30) days in advance of termination. The Assistant Administrator of the Economic Development Agency is authorized to exercise the County’s rights with respect to any termination of this Contract.

Upon notice of vacancies, the Contractor shall apprise the County of the steps being taken to provide the services and to fill the position(s) as expeditiously as possible. Vacancies and associated problems shall be reported to the County on each periodically required report for the duration of said vacancies and/or problems.

I. The Contractor shall make every reasonable effort to prevent employees, consultants or members of its governing bodies from using their positions for purposes that are or give the appearance of being motivated by a desire for private gain for themselves or others, such as those with whom they have family, business, or other ties. In the event that the County determines a conflict of interest exists, any increase in costs associated with the conflict of interest may be disallowed by the County and such conflict may constitute grounds for termination of the Contract. This provision shall not be construed to prohibit employment of persons with whom the Contractor’s officers, agents, or employees have family, business or other ties so long as the employment of such persons does not result in increased costs over those associated with the employment of any other equally qualified applicants and such persons have successfully competed for employment with other applicants on a merit basis.

J. The Contractor shall observe all federal, state and County regulations concerning confidentiality of records. The Contractor shall refer all requests for information referring to the services provided under Contract to the County.

K. The Contractor agrees to and shall comply with the following indemnification and insurance requirements:

1. Indemnification. The Contractor agrees to indemnify, defend (with counsel reasonably approved by the County) and hold harmless the County and its authorized officers, employees, agents, and volunteers from any and all claims, actions, losses, damages, and or liability arising out of this Contract from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply
regardless of the existence or degree of fault of indemnitees. The Contractor's indemnification obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole negligence" or "willful misconduct" within the meaning of Civil Code section 2782.

2. Additional Insured. All policies, except for the Workers' Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the County and its officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO. CG 2010.11 85.

3. Waiver of Subrogation Rights. The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and the Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.

4. Policies Primary and Non-Contributory. All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

5. Severability of Interests. The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

6. Proof of Coverage. The Contractor shall furnish Certificates of Insurance to the County department administering the Contract evidencing the insurance coverage, including endorsements, as required, prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the department, and the Contractor shall maintain such insurance from the time the Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this Contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

7. Acceptability of Insurance Carrier. Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A- VII".

8. Deductibles and Self-Insured Retention. Any and all deductibles or self-insured retentions in excess of ten thousand dollars ($10,000) shall be declared to and approved by Risk Management.

9. Failure to Procure Coverage. In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right, but not the obligation or duty to cancel the Contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

10. Insurance Review
    a. Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or
suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

b. Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. The Contractor agrees to execute any such amendment within thirty (30) days of receipt.

c. Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

11. Insurance Specifications. The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so. The type(s) of insurance required is determined by the scope of the Contract services. Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the Contract term the following types of insurance with limits as shown:

a. Workers’ Compensation/Employers Liability.

   i. A program of Workers’ Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer’s Liability with two hundred and fifty thousand dollars ($250,000) limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this Contract.

   ii. If the Contractor has no employees, it may certify or warrant to the County that it does not currently have any employees or individuals who are defined as “employees” under the Labor Code and the requirement for Workers’ Compensation coverage will be waived by the County’s Director of Risk Management.

   iii. With respect to Contractors that are non-profit corporations organized under California or federal law, volunteers for such entities are required to be covered by Workers’ Compensation insurance.

b. Commercial/General Liability Insurance. The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars ($1,000,000), per occurrence. The policy coverage shall include:

   i. Premises operations and mobile equipment.

   ii. Products and completed operations.

   iii. Broad form property damage (including completed operations).

   iv. Explosion, collapse and underground hazards.

   v. Personal injury
vi. Contractual liability.

vii. Two million dollars ($2,000,000) general aggregate limit.

c. Automobile Liability Insurance. Primary insurance coverage shall be written on ISO Business Auto coverage form for all owned, hired and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of not less than one million dollars ($1,000,000) for bodily injury and property damage, per occurrence. If the Contractor is transporting one or more non-employee passengers in performance of Contract services, the automobile liability policy shall have a combined single limit of two million dollars ($2,000,000) for bodily injury and property damage per occurrence. If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

d. Umbrella Liability Insurance. An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a "dropout" provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

L. The Contractor shall comply with all applicable laws, statutes, ordinances, administrative orders, rules or regulations relating to its duties, obligations and performance under the terms of the Contract and shall procure all licenses and pay all fees and other charges required thereby. The Contractor shall maintain all required licenses during the term of this Contract. Failure to comply with the provisions of this section may result in immediate termination of this Contract.

M. The Contractor shall comply with all applicable local health and safety clearances, including fire clearances, for each site where services are provided under the terms of this Contract.

N. The Contractor agrees to and shall comply with the County’s Equal Employment Opportunity Program and Civil Rights Compliance requirements:

Information on the above rules and regulations may be obtained from the County WDD Contracts Unit.

These policies must be developed into a Civil Rights Plan, which is to be on file with the County WDD Contracts Unit within thirty (30) days of awarding of the Contract. The Plan must address prohibition of discriminatory practices, accessibility, language services, staff development and training, dissemination of information, complaints of discrimination, compliance review, and duties of the Civil Rights Liaison. Upon request, the WDD shall supply a sample of the Plan format. The Contractor shall be monitored by the WDD for compliance with provisions of its Civil Rights Plan.
O. The Contractor agrees to comply with all applicable provisions of the Americans with Disabilities Act (ADA).

S. The Contractor understands and agrees that any and all legal fees or costs associated with lawsuits concerning this Contract against the County shall be the Contractor's sole expense and shall not be charged as a cost under this Contract. Revised 1/13/2009

The Contractor shall promptly comply with directions and accurately complete forms provided by the County required to process EFT payments.

E. Funds made available under this Contract shall not supplant any federal, state or any governmental funds intended for services of the same nature as this Contract. The Contractor shall not claim reimbursement or payment from the County for, or apply sums received from the County with respect to that portion of its obligations that have been paid by another source of revenue. The Contractor agrees that it will not use funds received pursuant to this Contract, either directly or indirectly, as a contribution or compensation for purposes of obtaining funds from another revenue source without prior written approval of the County.

F. The County is not liable for the payment of any taxes, other than applicable sales or use tax, resulting from this Contract however designated, levied or imposed, unless the County would otherwise be liable for the payment of such taxes in the course of its normal business operations.

G. Use of ARRA Funds and Requirements

1. This Contract may be funded in whole or in part with funds provided by the American Recovery and Reinvestment Act of 2009 ("ARRA"), signed into law on February 17, 2009. Section 1605 of ARRA prohibits the use of recovery funds for a project for the construction, alteration, maintenance or repair of a public building or public work (both as defined in 2 CFR 176.140) unless all of the iron, steel and manufactured goods (as defined in 2 CFR 176.140) used in the project are produced in the United States. A waiver is available under three limited circumstances: (i) Iron, steel or relevant manufactured goods are not produced in the United States in sufficient and reasonable quantities and of a satisfactory quality; (ii) Inclusion of iron, steel or manufactured goods produced in the United States will increase the cost of the overall project by more than twenty-five percent (25%); or (iii) Applying the domestic preference would be inconsistent with the public interest. This is referred to as the "Buy American" requirement. Request for a waiver must be made to the County for an appropriate determination.

2. Section 1606 of ARRA requires that laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to ARRA shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act (40 U.S.C. 31). This is referred to as the "wage rate" requirement.

3. The above described provisions constitute notice under ARRA of the Buy American and wage rate requirements. The Contractor must contact the County contact if it has any questions regarding the applicability or implementation of the ARRA Buy American and wage rate requirements. The Contractor will also be required to provide detailed information regarding compliance with the Buy American requirements, expenditure of funds and wages paid to employees so that the County may fulfill any reporting requirements it has under ARRA. The information may be required as frequently as monthly or quarterly. The Contractor agrees to fully cooperate in providing information or documents as requested by the County pursuant to this provision. Failure to do so will be deemed a default and may result in the withholding of payments and termination of this Contract.
4. The Contractor may also be required to register in the Central Contractor Registration (CCR) database at http://www.ccr.gov and may be required to have its subcontractors also register in the same database. The Contractor must contact the County with any questions regarding registration requirements.

H. Schedule of Expenditure of Federal Awards

1. In addition to the requirements described in "Use of ARRA Funds and Requirements," proper accounting and reporting of ARRA expenditures in single audits is required. The Contractor agrees to separately identify the expenditures for each grant award funded under ARRA on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by the Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Nonprofit Organizations." This identification on the SEFA and SF-SAC shall include the Federal award number, the Catalog of Federal Domestic Assistance (CFDA) number, and amount such that separate accountability and disclosure is provided for ARRA funds by Federal award number consistent with the recipient reports required by ARRA Section 1512 (c). In addition, the Contractor agrees to separately identify to each subcontractor and document at the time of subcontract and at the time of disbursement of funds, the Federal award number, any special CFDA number assigned for ARRA purposes, and amount of ARRA funds.

2. The Contractor may be required to provide detailed information regarding expenditures so that the County may fulfill any reporting requirements under ARRA described in this section. The information may be required as frequently as monthly or quarterly. Contractor agrees to fully cooperate in providing information or documents as requested by the County pursuant to this provision. Failure to do so will be deemed a default and may result in the withholding of payments and termination of this Contract.

VI. RIGHT TO MONITOR AND AUDIT

A. The County shall have the absolute right to monitor the performance of the Contractor in the delivery of services provided under this Contract.

B. The County or any subdivision or appointee thereof, and the State of California or any subdivision or appointee thereof, including the Auditor General, shall have absolute right to review and audit all records, books, papers, documents, corporate minutes, and other pertinent items as requested, and shall have absolute right to monitor the performance of the Contractor in the delivery of services provided under this Contract. Full cooperation shall be given by the Contractor in any auditing or monitoring conducted.

C. The Contractor shall cooperate with the County in the implementation, monitoring and evaluation of this Contract and comply with any and all reporting requirements established by this Contract.

D. All records pertaining to service delivery and all fiscal, statistical and management books and records shall be available for examination and audit by County, federal and state representatives for a period of three (3) years after final payment under the Contract or until all pending County, state and federal audits are completed, whichever is later. Records of the Contractor which do not pertain to the services under this Contract may be subject to review or audit unless provided in this or another Contract. Technical program data shall be retained locally and made available upon the County's reasonable advance written notice or turned over to the County. If said records are not made available at the scheduled monitoring visit, the Contractor may, at the County's option, be required to reimburse the County for expenses incurred due to required rescheduling of monitoring visit(s). Such reimbursement will not exceed fifty dollars ($50) per hour (including travel time) and be deducted from the following month's claim for reimbursement.
E. The Contractor shall provide all reasonable facilities and assistance for the safety and convenience of the County's representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work of the Contractor.

F. Upon the County's request, the Contractor shall hire a licensed Certified Public Accountant, approved by the County, who shall prepare and file with the County, within sixty (60) days after the termination of the Contract, a certified fiscal audit of related expenditures during the term of the Contract and a program compliance audit.

G. Pursuant to OMB Circular A-133, Contractors expending five hundred thousand dollars ($500,000) or more in federal funds within the Contractor's fiscal year must have a single audit or program-specific audit performed. A copy of the audit performed in accordance with OMB Circular A-133 shall be submitted to the County within thirty (30) days of completion, but no later than nine (9) months following the end of the Contractor's fiscal year.

VII. CORRECTION OF PERFORMANCE DEFICIENCIES

A. Failure by the Contractor to comply with any of the provisions, covenants, requirements or conditions of this Contract shall be a material breach of this Contract.

B. In the event of a non-cured breach, the County may, at its sole discretion and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:

1. Afford the Contractor thereafter a time period within which to cure the breach, which period shall be established at sole discretion of the County; and/or

2. Discontinue reimbursement to the Contractor for and during the period in which the Contractor is in breach, which reimbursement shall not be entitled to later recovery; and/or

3. Withhold funds pending duration of the breach; and/or

4. Offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to Item "2" of this paragraph; and/or

5. Terminate this Contract immediately and be relieved of the payment of any consideration to the Contractor. In event of such termination, the County may proceed with the work in any manner deemed proper by the County. The cost to the County shall be deducted from any sum due to the Contractor under this Contract and the balance, if any, shall be paid by the Contractor upon demand.

VIII. TERM

This Contract is effective June 22, 2010 through December 12, 2010 but may be terminated earlier in accordance with provisions of Section IX of the Contract.

IX. EARLY TERMINATION

A. The County may terminate the Contract immediately under the provisions of Section VII, Paragraph B, Item 5 of the Contract. In addition, the Contract may be terminated without cause by the County by serving a written notice to the Contractor thirty (30) days in advance of termination. The Assistant Administrator of the Economic Development Agency is authorized to exercise the County's rights with respect to any termination of this Contract.

B. The Contractor shall only be reimbursed for costs and non-cancelable obligations incurred prior to the date of termination. The Contractor shall not be reimbursed for costs incurred after the date of termination.

No course of dealing and no delay or failure of a Party in exercising any right under the Contract shall affect any other or future exercise of that right or any exercise of any other right. A Party shall not be precluded from
exercising a right by its having partially exercised that right or its having previously abandoned or discontinued steps to enforce that right.

I. If any provision of the Contract is held by a court of competent jurisdiction to be unenforceable or contrary to law, it shall be modified where practicable to the extent necessary so as to be enforceable (giving effect to the intention of the Parties) and the remaining provisions of the Contract shall not be affected.

III. CONTRACTOR GENERAL RESPONSIBILITIES

A. In the performance of this Contract, the Contractor, its agents and employees, shall act in an independent capacity and not as officers, employees, or agents of the County. The Contractor certifies that neither it nor its principals is presently disbarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency as required by Executive Orders 12549 and 12689, and implemented as 45 CFR, Part 76.

B. Without the prior written consent of the County’s Economic Development Agency Administrator or the Assistant Administrator for the Economic Development Agency or their designee, this Contract is not assignable by the Contractor either in whole or in part.

C. The Contractor agrees to provide or has already provided information on former County administrative officials (as defined below) who are employed by or represent the Contractor. The information provided includes a list of former County administrative officials who terminated County employment within the last five (5) years and who are now officers, principals, partners, associates or members of the business. The information also includes the employment with or representation of the Contractor. For purposes of this provision, “County administrative official” is defined as a member of the Board of Supervisors or such officer’s staff, County Administrative Officer or member of such officer’s staff, County department or group head, assistant department or group head, or any employee in the Exempt Group, Management Unit or Safety Management Unit.

D. If during the course of the administration of this Contract the County determines that the Contractor has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the County, this Contract may be immediately terminated. If this Contract is terminated according to this provision, the County is entitled to pursue any available legal remedies.
The Contractor agrees not to enter into any subcontracts for work contemplated under the Contract without first obtaining written approval from the County’s WDD Department Head. Any subcontractor shall be subject to the same provisions as the Contractor. The Contractor shall be fully responsible for the performance of any subcontractor.

The Contractor shall maintain all records and books pertaining to the delivery of services under this Contract and demonstrate accountability for Contract performance. Said records shall be kept and maintained within the County. The County shall have the right upon reasonable notice and at reasonable hours of business to examine and inspect such records and books.

Records, should include, but are not limited to, primary source documents. Fiscal records shall be kept in accordance with Generally Accepted Accounting Principles and must account for all funds, tangible assets, revenue and expenditures. Fiscal records must also comply with the appropriate Office of Management and Budget (OMB) Circulars that state the administrative requirements, cost principles and other standards for accountancy.

All records shall be complete, current and comply with all Contract requirements. Failure to maintain acceptable records per the preceding requirements shall be considered grounds for withholding of payments for billings submitted and for termination of the Contract.

The Contractor shall notify the County in writing of any change in mailing address and/or physical location within ten (10) days of the change, and shall immediately notify the County of changes in telephone or fax numbers.

The Contractor shall notify the County of any continuing vacancies and any positions that become vacant during the term of this Contract that will result in reduction of services to be provided under this Contract. Upon notice of vacancies, the Contractor shall apprise the County of the steps being taken to provide the services and to fill the position(s) as expeditiously as possible. Vacancies and associated problems shall be reported to the County on each periodically required report for the duration of said vacancies and/or problems.

The Contractor shall make every reasonable effort to prevent employees, consultants or members of its governing bodies from using their positions for purposes that are or give the appearance of being motivated by a desire for private gain for themselves or others, such as those with whom they have family, business, or other ties. In the event that the County determines a conflict of interest exists, any increase in costs associated with the conflict of interest may be disallowed by the County and such conflict may constitute grounds for termination of the Contract. This provision shall not be construed to prohibit employment of persons with whom the Contractor's officers, agents, or employees have family, business or other ties so long as the employment of such persons does not result in increased costs over those associated with the employment of any other equally qualified applicants and such persons have successfully competed for employment with other applicants on a merit basis.

The Contractor shall observe all federal, state and County regulations concerning confidentiality of records. The Contractor shall refer all requests for information referring to the services provided under Contract to the County.

The Contractor agrees to and shall comply with the following indemnification and insurance requirements:

1. Indemnification. The Contractor agrees to indemnify, defend (with counsel reasonably approved by the County) and hold harmless the County and its authorized officers, employees, agents, and volunteers from any and all claims, actions, losses, damages, and or liability arising out of this Contract from any cause whatsoever, including the acts, errors or omissions of any
person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. The Contractor's indemnification obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole negligence" or "willful misconduct" within the meaning of Civil Code section 2782.

2. Additional Insured. All policies, except for the Workers' Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the County and its officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

3. Waiver of Subrogation Rights. The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and the Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.

4. Policies Primary and Non-Contributory. All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

5. Severability of Interests. The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

6. Proof of Coverage. The Contractor shall furnish Certificates of Insurance to the County department administering the Contract evidencing the insurance coverage, including endorsements, as required, prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the department, and the Contractor shall maintain such insurance from the time the Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this Contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

7. Acceptability of Insurance Carrier. Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A- VII".

8. Deductibles and Self-Insured Retention. Any and all deductibles or self-insured retentions in excess of ten thousand dollars ($10,000) shall be declared to and approved by Risk Management.

9. Failure to Procure Coverage. In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right, but not the obligation or duty to cancel the Contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

10. Insurance Review
a. Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County’s risk.

b. Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. The Contractor agrees to execute any such amendment within thirty (30) days of receipt.

c. Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

11. Insurance Specifications. The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so. The type(s) of insurance required is determined by the scope of the Contract services. Without in anyway affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the Contract term the following types of insurance with limits as shown:

a. Workers’ Compensation/Employers Liability.
   i. A program of Workers’ Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer’s Liability with two hundred and fifty thousand dollars ($250,000) limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this Contract.
   
   ii. If the Contractor has no employees, it may certify or warrant to the County that it does not currently have any employees or individuals who are defined as “employees” under the Labor Code and the requirement for Workers’ Compensation coverage will be waived by the County’s Director of Risk Management.
   
   iii. With respect to Contractors that are non-profit corporations organized under California or federal law, volunteers for such entities are required to be covered by Workers’ Compensation insurance.

b. Commercial/General Liability Insurance. The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars ($1,000,000), per occurrence. The policy coverage shall include:

The policy shall have a combined single limit of not less than one million dollars ($1,000,000) for bodily injury and property damage, per occurrence. If the Contractor is transporting one or more non-employee passengers in performance of Contract services, the automobile liability policy shall have a combined single limit of two million dollars ($2,000,000) for bodily injury and property damage per occurrence. If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

d. Umbrella Liability Insurance. An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a "dropout" provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

L. The Contractor shall comply with all applicable laws, statutes, ordinances, administrative orders, rules or regulations relating to its duties, obligations and performance under the terms of the Contract and shall procure all licenses and pay all fees and other charges required thereby. The Contractor shall maintain all required licenses during the term of this Contract. Failure to comply with the provisions of this section may result in immediate termination of this Contract.

N. The Contractor agrees to and shall comply with the County's Equal Employment Opportunity Program and Civil Rights Compliance requirements:

Information on the above rules and regulations may be obtained from the County WDD Contracts Unit.

These policies must be developed into a Civil Rights Plan, which is to be on file with the County WDD Contracts Unit within thirty (30) days of awarding of the Contract. The Plan must address prohibition of discriminatory practices, accessibility, language services, staff development and training, dissemination of information, complaints of discrimination, compliance review, and
duties of the Civil Rights Liaison. Upon request, the WDD shall supply a sample of the Plan format. The Contractor shall be monitored by the WDD for compliance with provisions of its Civil Rights Plan.

O. The Contractor agrees to comply with all applicable provisions of the Americans with Disabilities Act (ADA).

P. The Contractor shall observe the mandatory standards and policies relating to energy efficiency in the State Energy Conservation Plan (Title 20, Division 2, California Code of Regulations).

The Contractor shall promptly comply with directions and accurately complete forms provided by the County required to process EFT payments.

D. Costs for services under the terms of this Contract shall be incurred during the Contract period except as approved by the County. The Contractor shall not use current year funds to pay prior or future year obligations.

E. Funds made available under this Contract shall not supplant any federal, state or any governmental funds intended for services of the same nature as this Contract. The Contractor shall not claim reimbursement or payment from the County for, or apply sums received from the County with respect to that portion of its obligations that have been paid by another source of revenue. The Contractor agrees that it will not use funds received pursuant to this Contract, either directly or indirectly, as a contribution or compensation for purposes of obtaining funds from another revenue source without prior written approval of the County.

F. The County is not liable for the payment of any taxes, other than applicable sales or use tax, resulting from this Contract however designated, levied or imposed, unless the County would otherwise be liable for the payment of such taxes in the course of its normal business operations.

G. Use of ARRA Funds and Requirements

1. This Contract may be funded in whole or in part with funds provided by the American Recovery and Reinvestment Act of 2009 ("ARRA"), signed into law on February 17, 2009. Section 1605 of ARRA prohibits the use of recovery funds for a project for the construction, alteration, maintenance or repair of a public building or public work (both as defined in 2 CFR 176.140) unless all of the iron, steel and manufactured goods (as defined in 2 CFR 176.140) used in the project are produced in the United States. A waiver is available under three limited circumstances: (i) Iron, steel or relevant manufactured goods are not produced in the United States in sufficient and reasonable quantities and of a satisfactory quality; (ii) Inclusion of iron, steel or manufactured goods produced in the United States will increase the cost of the overall project by more than twenty-five percent (25%); or (iii) Applying the domestic preference would be inconsistent with the public interest. This is referred to as the "Buy American" requirement. Request for a waiver must be made to the County for an appropriate determination.

2. Section 1606 of ARRA requires that laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to ARRA shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act (40 U.S.C. 31). This is referred to as the "wage rate" requirement.

3. The above described provisions constitute notice under ARRA of the Buy American and wage rate requirements. The Contractor must contact the County contact if it has any questions regarding the applicability or implementation of the ARRA Buy American and wage rate requirements. The Contractor will also be required to provide detailed information regarding compliance with the Buy American requirements, expenditure of funds and wages paid to employees so that the County may fulfill any reporting requirements it has under ARRA. The information may be required as frequently as monthly or quarterly. The Contractor agrees to fully cooperate in providing information or documents as requested by the County pursuant to this provision. Failure to do so will be deemed a default and may result in the withholding of payments and termination of this Contract.
4. The Contractor may also be required to register in the Central Contractor Registration (CCR) database at http://www.ccr.gov and may be required to have its subcontractors also register in the same database. The Contractor must contact the County with any questions regarding registration requirements.

H. Schedule of Expenditure of Federal Awards

1. In addition to the requirements described in “Use of ARRA Funds and Requirements,” proper accounting and reporting of ARRA expenditures in single audits is required. The Contractor agrees to separately identify the expenditures for each grant award funded under ARRA on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by the Office of Management and Budget Circular A-133, “Audits of States, Local Governments, and Nonprofit Organizations.” This identification on the SEFA and SF-SAC shall include the Federal award number, the Catalog of Federal Domestic Assistance (CFDA) number, and amount such that separate accountability and disclosure is provided for ARRA funds by Federal award number consistent with the recipient reports required by ARRA Section 1512 (c). In addition, the Contractor agrees to separately identify to each subcontractor and document at the time of subcontract and at the time of disbursement of funds, the Federal award number, any special CFDA number assigned for ARRA purposes, and amount of ARRA funds.

2. The Contractor may be required to provide detailed information regarding expenditures so that the County may fulfill any reporting requirements under ARRA described in this section. The information may be required as frequently as monthly or quarterly. Contractor agrees to fully cooperate in providing information or documents as requested by the County pursuant to this provision. Failure to do so will be deemed a default and may result in the withholding of payments and termination of this Contract.

VI. RIGHT TO MONITOR AND AUDIT

A. The County shall have the absolute right to monitor the performance of the Contractor in the delivery of services provided under this Contract.

B. The County or any subdivision or appointee thereof, and the State of California or any subdivision or appointee thereof, including the Auditor General, shall have absolute right to review and audit all records, books, papers, documents, corporate minutes, and other pertinent items as requested, and shall have absolute right to monitor the performance of the Contractor in the delivery of services provided under this Contract. Full cooperation shall be given by the Contractor in any auditing or monitoring conducted.

C. The Contractor shall cooperate with the County in the implementation, monitoring and evaluation of this Contract and comply with any and all reporting requirements established by this Contract.

D. All records pertaining to service delivery and all fiscal, statistical and management books and records shall be available for examination and audit by County, federal and state representatives for a period of three (3) years after final payment under the Contract or until all pending County, state and federal audits are completed, whichever is later. Records of the Contractor which do not pertain to the services under this Contract may be subject to review or audit unless provided in this or another Contract. Technical program data shall be retained locally and made available upon the County’s reasonable advance written notice or turned over to the County. If said records are not made available at the scheduled monitoring visit, the Contractor may, at the County’s option, be required to reimburse the County for expenses incurred due to required rescheduling of monitoring visit(s). Such reimbursement will not exceed fifty dollars ($50) per hour (including travel time) and be deducted from the following month’s claim for reimbursement.

Revised 1/13/2009
E. The Contractor shall provide all reasonable facilities and assistance for the safety and convenience of the County's representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work of the Contractor.

F. Upon the County's request, the Contractor shall hire a licensed Certified Public Accountant, approved by the County, who shall prepare and file with the County, within sixty (60) days after the termination of the Contract, a certified fiscal audit of related expenditures during the term of the Contract and a program compliance audit.

G. Pursuant to OMB Circular A-133, Contractors expending five hundred thousand dollars ($500,000) or more in federal funds within the Contractor's fiscal year must have a single audit or program-specific audit performed. A copy of the audit performed in accordance with OMB Circular A-133 shall be submitted to the County within thirty (30) days of completion, but no later than nine (9) months following the end of the Contractor's fiscal year.

VII. CORRECTION OF PERFORMANCE DEFICIENCIES

A. Failure by the Contractor to comply with any of the provisions, covenants, requirements or conditions of this Contract shall be a material breach of this Contract.

B. In the event of a non-cured breach, the County may, at its sole discretion and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:

1. Afford the Contractor thereafter a time period within which to cure the breach, which period shall be established at sole discretion of the County; and/or

2. Discontinue reimbursement to the Contractor for and during the period in which the Contractor is in breach, which reimbursement shall not be entitled to later recovery; and/or

3. Withhold funds pending duration of the breach; and/or

4. Offset against any monies billed by the Contractor but yet unpaid by the County those monies disallowed pursuant to Item “2” of this paragraph; and/or

5. Terminate this Contract immediately and be relieved of the payment of any consideration to the Contractor. In event of such termination, the County may proceed with the work in any manner deemed proper by the County. The cost to the County shall be deducted from any sum due to the Contractor under this Contract and the balance, if any, shall be paid by the Contractor upon demand.

VIII. TERM

This Contract is effective June 1, 2010 through March 31, 2011 but may be terminated earlier in accordance with provisions of Section IX of the Contract.

IX. EARLY TERMINATION

A. The County may terminate the Contract immediately under the provisions of Section VII, Paragraph B. Item 5 of the Contract. In addition, the Contract may be terminated without cause by the County by serving a written notice to the Contractor thirty (30) days in advance of termination. The Assistant Administrator of the Economic Development Agency is authorized to exercise the County’s rights with respect to any termination of this Contract.

B. The Contractor shall only be reimbursed for costs and non-cancelable obligations incurred prior to the date of termination. The Contractor shall not be reimbursed for costs incurred after the date of termination.

A. In the performance of this Contract, the Contractor, its agents and employees, shall act in an independent capacity and not as officers, employees, or agents of the County. The Contractor certifies that neither it nor its principals is presently disbarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency as required by Executive Orders 12549 and 12689, and implemented as 45 CFR, Part 76.

B. Without the prior written consent of the County’s Economic Development Agency Administrator or the Assistant Administrator for the Economic Development Agency or their designee, this Contract is not assignable by the Contractor either in whole or in part.

C. The Contractor agrees to provide or has already provided information on former County administrative officials (as defined below) who are employed by or represent the Contractor. The information provided includes a list of former County administrative officials who terminated County employment within the last five (5) years and who are now officers, principals, partners, associates or members of the business. The information also includes the employment with or representation of the Contractor. For purposes of this provision, “County administrative official” is defined as a member of the Board of Supervisors or such officer’s staff, County Administrative Officer or member of such officer’s staff, County department or group head, assistant department or group head, or any employee in the Exempt Group, Management Unit or Safety Management Unit.

D. If during the course of the administration of this Contract the County determines that the Contractor has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the County, this Contract may be immediately terminated. If this Contract is terminated according to this provision, the County is entitled to pursue any available legal remedies.
E. The Contractor agrees not to enter into any subcontracts for work contemplated under the Contract without first obtaining written approval from the County’s WDD Department Head. Any subcontractor shall be subject to the same provisions as the Contractor. The Contractor shall be fully responsible for the performance of any subcontractor.

F. The Contractor shall maintain all records and books pertaining to the delivery of services under this Contract and demonstrate accountability for Contract performance. Said records shall be kept and maintained within the County. The County shall have the right upon reasonable notice and at reasonable hours of business to examine and inspect such records and books.

Records, should include, but are not limited to, primary source documents. Fiscal records shall be kept in accordance with Generally Accepted Accounting Principles and must account for all funds, tangible assets, revenue and expenditures. Fiscal records must also comply with the appropriate Office of Management and Budget (OMB) Circulars that state the administrative requirements, cost principles and other standards for accountability.

All records shall be complete, current and comply with all Contract requirements. Failure to maintain acceptable records per the preceding requirements shall be considered grounds for withholding of payments for billings submitted and for termination of the Contract.

G. The Contractor shall notify the County in writing of any change in mailing address and/or physical location within ten (10) days of the change, and shall immediately notify the County of changes in telephone or fax numbers.

H. The Contractor shall notify the County of any continuing vacancies and any positions that become vacant during the term of this Contract that will result in reduction of services to be provided under this Contract. Upon notice of vacancies, the Contractor shall apprise the County of the steps being taken to provide the services and to fill the position(s) as expeditiously as possible. Vacancies and associated problems shall be reported to the County on each periodically required report for the duration of said vacancies and/or problems.

I. The Contractor shall make every reasonable effort to prevent employees, consultants or members of its governing bodies from using their positions for purposes that are or give the appearance of being motivated by a desire for private gain for themselves or others, such as those with whom they have family, business, or other ties. In the event that the County determines a conflict of interest exists, any increase in costs associated with the conflict of interest may be disallowed by the County and such conflict may constitute grounds for termination of the Contract. This provision shall not be construed to prohibit employment of persons with whom the Contractor’s officers, agents, or employees have family, business or other ties so long as the employment of such persons does not result in increased costs over those associated with the employment of any other equally qualified applicants and such persons have successfully competed for employment with other applicants on a merit basis.

J. The Contractor shall observe all federal, state and County regulations concerning confidentiality of records. The Contractor shall refer all requests for information referring to the services provided under Contract to the County.

K. The Contractor agrees to and shall comply with the following indemnification and insurance requirements:

1. Indemnification. The Contractor agrees to indemnify, defend (with counsel reasonably approved by the County) and hold harmless the County and its authorized officers, employees, agents, and volunteers from any and all claims, actions, losses, damages, and or liability arising out of this Contract from any cause whatsoever, including the acts, errors or omissions of any
person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. The Contractor's indemnification obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole negligence" or "willful misconduct" within the meaning of Civil Code section 2782.

2. Additional Insured. All policies, except for the Workers' Compensation, Errors and Omissions and Professional Liability policies, shall contain endorsements naming the County and its officers, employees, agents and volunteers as additional insureds with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured (Form B) endorsement form ISO, CG 2010.11 85.

3. Waiver of Subrogation Rights. The Contractor shall require the carriers of required coverages to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, contractors and subcontractors. All general or auto liability insurance coverage provided shall not prohibit the Contractor and the Contractor's employees or agents from waiving the right of subrogation prior to a loss or claim. The Contractor hereby waives all rights of subrogation against the County.

4. Policies Primary and Non-Contributory. All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.

5. Severability of Interests. The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

6. Proof of Coverage. The Contractor shall furnish Certificates of Insurance to the County department administering the Contract evidencing the insurance coverage, including endorsements, as required, prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the department, and the Contractor shall maintain such insurance from the time the Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this Contract, the Contractor shall furnish a copy of the Declaration page for all applicable policies and will provide complete certified copies of the policies and endorsements immediately upon request.

8. Deductibles and Self-Insured Retention. Any and all deductibles or self-insured retentions in excess of ten thousand dollars ($10,000) shall be declared to and approved by Risk Management.

9. Failure to Procure Coverage. In the event that any policy of insurance required under this Contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right, but not the obligation or duty to cancel the Contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.

10. Insurance Review
a. Insurance requirements are subject to periodic review by the County. The Director of Risk Management or designee is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the required insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management or designee is authorized, but not required, to change the above insurance requirements to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County’s risk.

b. Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this Contract. The Contractor agrees to execute any such amendment within thirty (30) days of receipt.

c. Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

11. Insurance Specifications. The Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, the Contractor agrees to amend, supplement or endorse the existing coverage to do so. The type(s) of insurance required is determined by the scope of the Contract services. Without in any way affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the Contract term the following types of insurance with limits as shown:

a. Workers’ Compensation/Employers Liability.

   i. A program of Workers’ Compensation insurance or a state-approved, self-insurance program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer’s Liability with two hundred and fifty thousand dollars ($250,000) limits covering all persons including volunteers providing services on behalf of the Contractor and all risks to such persons under this Contract.

   ii. If the Contractor has no employees, it may certify or warrant to the County that it does not currently have any employees or individuals who are defined as “employees” under the Labor Code and the requirement for Workers’ Compensation coverage will be waived by the County’s Director of Risk Management.

   iii. With respect to Contractors that are non-profit corporations organized under California or federal law, volunteers for such entities are required to be covered by Workers’ Compensation insurance.

b. Commercial/General Liability Insurance. The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a combined single limit of not less than one million dollars ($1,000,000), per occurrence. The policy coverage shall include:

iv. Explosion, collapse and underground hazards.

v. Personal injury

vi. Contractual liability.

vii. Two million dollars ($2,000,000) general aggregate limit.

The policy shall have a combined single limit of not less than one million dollars ($1,000,000) for bodily injury and property damage, per occurrence. If the Contractor is transporting one or more non-employee passengers in performance of Contract services, the automobile liability policy shall have a combined single limit of two million dollars ($2,000,000) for bodily injury and property damage per occurrence. If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

d. Umbrella Liability Insurance. An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a "dropdown" provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automobile liability.

L. The Contractor shall comply with all applicable laws, statutes, ordinances, administrative orders, rules or regulations relating to its duties, obligations and performance under the terms of the Contract and shall procure all licenses and pay all fees and other charges required thereby. The Contractor shall maintain all required licenses during the term of this Contract. Failure to comply with the provisions of this section may result in immediate termination of this Contract.

These policies must be developed into a Civil Rights Plan, which is to be on file with the County WDD Contracts Unit within thirty (30) days of awarding of the Contract. The Plan must address prohibition of discriminatory practices, accessibility, language services, staff development and training, dissemination of information, complaints of discrimination, compliance review, and

The Contractor shall promptly comply with directions and accurately complete forms provided by the County required to process EFT payments.

D. Costs for services under the terms of this Contract shall be incurred during the Contract period except as approved by the County. The Contractor shall not use current year funds to pay prior or future year obligations.

E. Funds made available under this Contract shall not supplant any federal, state or any governmental funds intended for services of the same nature as this Contract. The Contractor shall not claim reimbursement or payment from the County for, or apply sums received from the County with respect to that portion of its obligations that have been paid by another source of revenue. The Contractor agrees that it will not use funds received pursuant to this Contract, either directly or indirectly, as a contribution or compensation for purposes of obtaining funds from another revenue source without prior written approval of the County.

F. The County is not liable for the payment of any taxes, other than applicable sales or use tax, resulting from this Contract however designated, levied or imposed, unless the County would otherwise be liable for the payment of such taxes in the course of its normal business operations.

G. Use of ARRA Funds and Requirements

1. This Contract may be funded in whole or in part with funds provided by the American Recovery and Reinvestment Act of 2009 ("ARRA"), signed into law on February 17, 2009. Section 1605 of ARRA prohibits the use of recovery funds for a project for the construction, alteration, maintenance or repair of a public building or public work (both as defined in 2 CFR 176.140) unless all of the iron, steel and manufactured goods (as defined in 2 CFR 176.140) used in the project are produced in the United States. A waiver is available under three limited circumstances: (i) Iron, steel or relevant manufactured goods are not produced in the United States in sufficient and reasonable quantities and of a satisfactory quality; (ii) Inclusion of iron, steel or manufactured goods produced in the United States will increase the cost of the overall project by more than twenty-five percent (25%); or (iii) Applying the domestic preference would be inconsistent with the public interest. This is referred to as the "Buy American" requirement. Request for a waiver must be made to the County for an appropriate determination.

2. Section 1606 of ARRA requires that laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to ARRA shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act (40 U.S.C. 31). This is referred to as the "wage rate" requirement.

3. The above described provisions constitute notice under ARRA of the Buy American and wage rate requirements. The Contractor must contact the County contact if it has any questions regarding the applicability or implementation of the ARRA Buy American and wage rate requirements. The Contractor will also be required to provide detailed information regarding compliance with the Buy American requirements, expenditure of funds and wages paid to employees so that the County may fulfill any reporting requirements it has under ARRA. The information may be required as frequently as monthly or quarterly. The Contractor agrees to fully cooperate in providing information or documents as requested by the County pursuant to this provision. Failure to do so will be deemed a default and may result in the withholding of payments and termination of this Contract.
4. The Contractor may also be required to register in the Central Contractor Registration (CCR) database at http://www.ccr.gov and may be required to have its subcontractors also register in the same database. The Contractor must contact the County with any questions regarding registration requirements.

H. Schedule of Expenditure of Federal Awards

1. In addition to the requirements described in “Use of ARRA Funds and Requirements,” proper accounting and reporting of ARRA expenditures in single audits is required. The Contractor agrees to separately identify the expenditures for each grant award funded under ARRA on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by the Office of Management and Budget Circular A-133, “Audits of States, Local Governments, and Nonprofit Organizations.” This identification on the SEFA and SF-SAC shall include the Federal award number, the Catalog of Federal Domestic Assistance (CFDA) number, and amount such that separate accountability and disclosure is provided for ARRA funds by Federal award number consistent with the recipient reports required by ARRA Section 1512 (c). In addition, the Contractor agrees to separately identify to each subcontractor and document at the time of subcontract and at the time of disbursement of funds, the Federal award number, any special CFDA number assigned for ARRA purposes, and amount of ARRA funds.

2. The Contractor may be required to provide detailed information regarding expenditures so that the County may fulfill any reporting requirements under ARRA described in this section. The information may be required as frequently as monthly or quarterly. Contractor agrees to fully cooperate in providing information or documents as requested by the County pursuant to this provision. Failure to do so will be deemed a default and may result in the withholding of payments and termination of this Contract.

VI. RIGHT TO MONITOR AND AUDIT

A. The County shall have the absolute right to monitor the performance of the Contractor in the delivery of services provided under this Contract.

B. The County or any subdivision or appointee thereof, and the State of California or any subdivision or appointee thereof, including the Auditor General, shall have absolute right to review and audit all records, books, papers, documents, corporate minutes, and other pertinent items as requested, and shall have absolute right to monitor the performance of the Contractor in the delivery of services provided under this Contract. Full cooperation shall be given by the Contractor in any auditing or monitoring conducted.

C. The Contractor shall cooperate with the County in the implementation, monitoring and evaluation of this Contract and comply with any and all reporting requirements established by this Contract.

D. All records pertaining to service delivery and all fiscal, statistical and management books and records shall be available for examination and audit by County, federal and state representatives for a period of three (3) years after final payment under the Contract or until all pending County, state and federal audits are completed, whichever is later. Records of the Contractor which do not pertain to the services under this Contract may be subject to review or audit unless provided in this or another Contract. Technical program data shall be retained locally and made available upon the County’s reasonable advance written notice or turned over to the County. If said records are not made available at the scheduled monitoring visit, the Contractor may, at the County’s option, be required to reimburse the County for expenses incurred due to required rescheduling of monitoring visit(s). Such reimbursement will not exceed fifty dollars ($50) per hour (including travel time) and be deducted from the following month’s claim for reimbursement.
E. The Contractor shall provide all reasonable facilities and assistance for the safety and convenience of the County's representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work of the Contractor.

F. Upon the County's request, the Contractor shall hire a licensed Certified Public Accountant, approved by the County, who shall prepare and file with the County, within sixty (60) days after the termination of the Contract, a certified fiscal audit of related expenditures during the term of the Contract and a program compliance audit.

G. Pursuant to OMB Circular A-133, Contractors expending five hundred thousand dollars ($500,000) or more in federal funds within the Contractor's fiscal year must have a single audit or program-specific audit performed. A copy of the audit performed in accordance with OMB Circular A-133 shall be submitted to the County within thirty (30) days of completion, but no later than nine (9) months following the end of the Contractor's fiscal year.

VII. CORRECTION OF PERFORMANCE DEFICIENCIES

A. Failure by the Contractor to comply with any of the provisions, covenants, requirements or conditions of this Contract shall be a material breach of this Contract.

B. In the event of a non-cured breach, the County may, at its sole discretion and in addition to any other remedies available at law, in equity, or otherwise specified in this Contract:

Proposal Title: Mechanics Collaborative Project - Launching Careers for Aircraft, Diesel Truck, Automobile Technicians

Name: Robert M. Silverman
Title: Superintendent / President

The Proposal Summary is limited to one page and must contain the description of the targeted region, targeted industries, primary partners, target population and number of participants to be served, proposed training activities, and a description of the career pathways or occupations that individuals will be placed in.

Applicant Name: Victor Valley Community College

Proposal Summary

The Mechanics Collaborative Project, led by Victor Valley Community College (VVCC) in partnership with the Southern California Logistics Airport School of Aviation Technology (SCLASAT), will provide industry-approved training and certification to prepare workers for careers as: 1) Automotive Service Technicians with new skills for maintenance of Hybrid Vehicles; 2) Diesel Truck Maintenance Technicians, and 3) FAA Certified Airframe & Powerplant Technicians. This proposal seeks funding to provide workforce training and job placement services in these economically important industries to residents of San Bernardino County.

As the Inland Empire is at the center of a key transportation corridor within the state, each of these specialized repair fields has a consistent and vital demand for qualified employees. Sixty percent of the goods moving into or out of Southern California go through the Victor Valley. Local highways are heavily travelled carrying more than 50 million vehicles annually and 60% of local area residents commute to work. The ability of local transportation maintenance and repair facilities to keep goods and people moving is fundamental to the local and state economy.

San Bernardino County, and specifically its High Desert Region, are affected by some of the most daunting economic statistics within the state. Local property values have plummeted far deeper, unemployment here is much higher, and education levels are drastically lower than state averages. The county and local area are challenged by nearly the lowest high school graduation rates in California. Due to these realities, vocational training programs are vitally important to area residents, yet financial support for these training opportunities is substantially more scarce than in other regions within the state. This program seeks to equip low-income, unemployed residents and dislocated workers of the High Desert with new skills for gainful employment in new career paths.

The Mechanics Collaborative Project provides access to a diverse career pathway within transportation repair and related industries. A technician who begins in the automobile service industry may seek advancement opportunities and either work on diesel trucks or pursue the stringent certifications required to service aircraft. Mechanically trained individuals are often sought out for work in other industries too including: manufacturing, logistics facilities, government agencies and even amusement parks.

Each of the partnering agencies in this collaborative project play an important and valuable role in the training and subsequent employment of newly qualified mechanics. VVCC will serve as the lead agency, train ASE Certified Automobile Technicians and Diesel Mechanics, provide job readiness training and job placement services for students in all fields addressed in this proposal; the SCLASAT will provide FAA Certified Training for Airframe & Powerplant Technicians for the aviation industry; and the San Bernardino County Workforce Investment Board will assist with referrals of candidates and support for job placement activities. Local high schools will prepare program candidates. A myriad of local employers will provide advisement on curriculum and have pledged to hire program graduates.

Funding from the Industries with Statewide Need Initiative will allow the Mechanics Collaborative Project to train, certify and/or secure employment for up to 150 service technicians (50 Automobile; 25 Diesel; 75 Aircraft Service Technicians) bringing hope to the targeted population of low-income and unemployed people within this economically disadvantaged region of the state.

MEMORANDUM OF UNDERSTANDING

World Energy USA, Inc. and Victorville Valley Community College

This preliminary Memorandum of Understanding ("MOU") is executed between the World Energy USA, Inc. ("World Energy") and Victor Valley Community College ("VVC"). World Energy and VVC may be referred to in this MOU individually as a "Party" or collectively as "Parties".

World Energy is working with the City of Victorville to develop a large-scale, master planned, fully integrated clean energy development and industrial center (collectively "World Energy Center" or "Center"). The Center is strategically located next to the Victorville 2 power project but other sites are being considered. World Energy is planning on developing a similar Center in Palmdale. These Centers will serve as the two strategic hubs to form a clean energy corridor between Palmdale and Victorville. World Energy will plan the regional development of numerous satellite projects in and around these two hubs. Numerous companies, cities and partners will be integrated with the World Energy Center as it builds out more than 5,000 Megawatts of solar, wind, geothermal, natural gas and other clean energy sources on 25,000 acres at a cost of approximately $15 Billion.

The World Energy Center is an advanced research and business incubator for emerging clean energy companies to deploy, commercialize and export their new technologies. It provides the necessary scale, expertise and infrastructure to dramatically reduce the cost of renewable energy through massive economies of scale and the sharing of technology, infrastructure, transmission and other resources. The Center will develop a world-class green job training, visitor and corporate center and create thousands of high paying technical, manufacturing, assembly, maintenance and management jobs. The World Energy Center campus will leverage all of the integrated technologies into one smart-grid control center. The Centers collaboration with NREL, other government labs, universities and high tech companies provides the nucleus to develop the High-Desert area into one of the leading clean energy educational centers.

The Center will become a complete one-stop shop and resource for emerging companies and university training programs. The Center will participate as an equity owner in the participating companies and receive consulting fees and project royalties as they grow and deploy their technology both in and outside of the Center. The Center will streamline applications, permitting and transmission to allow participants to immediately deploy both demonstration sites and large development projects. The Center and its collective participants will be able to bid on large domestic and international renewable energy projects. Satellite Development Sites will be added and processed through the main Center campus.

World Energy Center's unique structure combines the best of the U.S. government's resources along with an innovative and fast moving entrepreneurial core. It also leverages the integrated relationships and economies of scale of the larger combined group of companies. The collaborative group, as a result, will be able accelerate larger worldwide development, licensing, export and distribution opportunities. The Center intends to file for an Initial Public Offering as soon as possible to provide capital for the entrepreneurial companies and a long-term growth plan for the entire clean energy corridor.
Victor Valley Community College is a leading educational institution in the high desert region offering academic and vocational certificate and associate degree level higher education programs. As one of 110 Community Colleges in the State of California, VVCCD is committed to stimulating the economy by providing a trained workforce that is ready for the challenges and opportunities of the 21st century. VVCCD is advancing green jobs curriculum and training for the development, construction and management of renewable energy. It is collaborating with other institutions to create the International Green Technologies Training Center.

In addition to training programs, VVCCD is currently planning the development of a 1 MW solar project and has another 150 acre site that it is considering for solar development. The college also seeks LEED standards in the construction of new buildings. These efforts advance a long standing commitment to demonstrating environmental responsibility that also includes innovative uses of water on its campus, partnerships in regional sustainability and signing the American College and University President’s Climate Commitment (ACUPCC).

The College is ideally positioned to be one of the lead institutions in the World Energy Center and the High Desert clean energy corridor. This collaboration is based upon VVCCD’s commitment to the technical training of the workforce required for the alternative energy sector of the economy and World Energy’s commitment to build the World Energy Center located in the High Desert. In addition to these two willing and dedicated partners, the high desert offers a unique environment for development of green technologies training, research and energy manufacturing. This partnership will support the common goals of a trained workforce and the best value technology for the future.
