A prayer was led by Trustee Denson for a past VVCCD Board member, Carolee Stater whose health is failing and a student worker who recently lost his life, Frank Gascon. Tim Adell spoke on student accomplishments with the honors program and the success of the Model United Nations team.

Academic Senate: Tracy Davis spoke on the shared governance process and guidelines. The Academic Senate feels that academically and professionally, Board Policies 2515, 2520 and 2525 all have the potential to reduce course offerings, thereby lengthening the time it takes for students to reach their educational goals; reduce the number of faculty available to teach needed courses; and does not specify how the substantial reserves, from taxpayer money, will actually be spent. Therefore, the Academic Senate recommends that Board Policies 2515 and 2520 be referred to the Academic Senate and to College Council so they, too, can be vetted appropriately to the campus constituencies and demonstrate that the Board of Trustees is committed to Shared Governance. The impact of not hiring full-time faculty was presented. A report was distributed highlighting those programs on the 2013 priority list that haven’t been filled. Counselors and Librarians see hundreds of students, yet both are severely understaffed, affecting students. With the implementation of the Student Support Act, which requires all students to have an Ed plan, our counselors, suffer with a ratio of 1 counselor to 1522 students, which is over the limit recommended by the state of 1:750.
Foundation: Don Brown reported on the recent $2M contribution from Dr. Prem Reddy which will help complete and equip the new Health Sciences Building. This is the the biggest gift in VVC’s 53 year history. The building will be named in his honor following Board Policy 6620 which is on tonight’s agenda for approval.

6. **SERVICES BEYOND THE SCOPE OF THIS AGREEMENT**

Both parties agree that from time to time there may be additional services related to grants, contract education, community education and charitable giving programs for which the DISTRICT may need support. These services may include, but are not limited to, project management, administration, reporting and / or delivery of non-educational related services for grants and contracts.
The FOUNDATION will be given due consideration for the opportunity to provide these additional services as needed by the DISTRICT. When such services are required, a written amendment to this MOU which identifies the specific services requested and the financial consideration to be provided shall be approved by both parties to be incorporated herein.

7. CANCELLATION

The nature of these services requires consistent development that may be disrupted by premature cancellation. For this reason, cancellation is discouraged. However, the DISTRICT shall retain the right to cancel the MOU at any time with 60 days written notice to the FOUNDATION provided the DISTRICT agrees to accept responsibility for repayment of all salaries accrued by the FOUNDATION through the date of cancellation.

8. DISPUTE RESOLUTION

While HHS retains the right to choose the students for the cohorts for all classes, students wishing to participate in the English 50 class must show competency and prerequisite knowledge on a VVC Assessment exam administered by VVC staff.

Specific instructors, if requested by HHS, may teach classes contingent upon VVC Dean and Department Chair approval, VVC standards of minimum qualifications, existing VVC labor organization contractual agreements, and instructional load as calculated by VVC’s Office of Instruction. VVC approved primary course instructors will decide on relevant textbooks, course materials, workbooks, and instructional software to be used in the delivery of any class bearing credit delivered by Victor Valley Community College.

Students will be required to have out-of-class access to the Internet for homework and research assignments. Participating HHS students will be required to enroll in the college as concurrent enrollment students before classes commence and will be issued a transcript upon request for those who have successfully completed the course(s) of instruction. These courses will be offered for credit and be recorded on the students’ permanent transcripts. Students may request copies of their transcripts at any time after completing the course. Copies of the students’ transcripts may only be provided to HHS with written permission signed by the student and their parents.

4. VVC will select appropriate instructional personnel contingent upon qualifications and availability

The proposed per student price contained in this proposal will encompass primary course instructors and associated indirect fees.
