FINANCIAL AID WORKSHOPS:

The Financial Aid Office offers workshops and assistance on completing the FAFSA application throughout the academic year. Students do not need to make an appointment, as it is offered on a walk in basis during the following times:

**Fall and Spring Semester:**
- Tuesday, Wednesday, & Thursday 10:00 AM – 2:00 PM
- 3:30 PM – 7:00 PM

**Summer Semester:**
- Tuesday and Wednesday 9:00 AM – 1:30 PM
- 2:30 PM – 6:30 PM

*Bilingual assistance is available on Wednesday*

FINANCIAL AID NEWSLETTER:

Each semester, The VVC Financial Aid Office publishes a newsletter featuring news, reminders, and program highlights. The newsletter is available outside the Financial Aid Office. Students can also access current and previous editions at the Financial Aid Website at [http://www.vvc.edu/offices/financial-aid/index.htm](http://www.vvc.edu/offices/financial-aid/index.htm) and click on the “Newsletter” button. If you are interested in submitting an item for inclusion in the newsletter, please contact newsletter editor Greg Ryan at ryang@vvc.edu.

FINANCIAL AID WEBSITE:

The Financial Aid Office Website is located at [http://www.vvc.edu/offices/financial-aid/index.htm](http://www.vvc.edu/offices/financial-aid/index.htm). The website includes information on workshops, program requirements, the Financial Aid Newsletter and Financial Aid information. In addition, you can access and print Financial Aid forms, the BOGG Fee Waiver, and Scholarship Applications. You can email all Financial Aid Staff.
FINANCIAL AID INFORMATION MONITORS:

The Financial Aid Office has installed LCD monitors in the student atrium of Student Services I (Building 52.) The monitors disseminate general financial aid information beneficial to students in a slide show format. This information is updated regularly throughout the academic year. The next time you are in line waiting to be assisted, watch the monitors while you wait. You may find your question is answered without needing to continue waiting!

STEPS TO COMPLETING THE FINANCIAL AID PROCESS:

1. Complete the FAFSA application online at: www.fafsa.ed.gov List VVC’s school code: 001335
2. You will receive a postcard in the mail from the VVC Financial Aid Office.
3. Complete any supporting documentation as requested on the postcard, and return it to the financial aid office.
4. Receive your award letter! (Generally within 30–45 working days.)

DISBURSEMENT:

Since disbursement dates vary by semester, consult the Financial Aid monitors located in the student atrium for the latest disbursement information.

FINANCIAL AID Q&A:

What is Financial Aid?
Financial Aid is designed to bridge the gap between a students resources and the college’s cost of education. Financial Aid is comprised of grants, scholarships, work study, and loans.

How do I apply for Financial Aid?
The first step in applying for Financial Aid is the FAFSA (Free Application for Federal Student Aid.) This form must be completed every academic year. This is a Federal form and applications are available at the VVC Financial Aid Office, as well as local schools and some post offices. The form may also be completed on line at www.fafsa.ed.gov.

Can I apply before I complete and turn in my admissions application?
Absolutely! Both applications can be done concurrently, and due to various program deadlines, students are encouraged to apply well in advance of enrollment. For example, for Fall enrollment, the FAFSA application can be completed as early as the preceding January 1st.

Do I have to be a high school graduate to receive financial aid?
No. If a student does not have a high school diploma, they may have a GED or pass the ATB (Ability to Benefit) test. The ATB test is offered in the VVC assessment center. Either a high school diploma, GED, or passing the ATB test will suffice for the purpose of receiving financial aid.

How do I make a correction on my SAR?
The quickest way is to go the FAFSA website at www.fafsa.ed.gov and select the “Make Corrections to a Processed FAFSA” button. Students will need to have a valid PIN (Personal Identification Number) in order to access their application. Students who do not have a PIN or who forgot or misplaced their PIN may request one at www.pin.ed.gov. The correction process can take anywhere from 2 days to 2 weeks, depending on if the student has a valid email address to receive the response. Alternatively, students can make corrections directly on their SAR copy and mail it back to the address on the form. This process takes approximately 4 to 6 weeks.

How do I receive my financial aid funds?
Financial Aid funds will first pay any expenses that you owe the college. If the student has a credit balance remaining after these expenses are paid, or if the student does not owe any money to the college, then the funds will be mailed to the student after their enrollment is confirmed. The student will receive half of their yearly disbursement in the fall semester, and half in the spring semester. The proceeds should be used to pay their indirect expenses (books and supplies, room and board, and transportation) throughout the semester. Because disbursement dates vary, students should check with the Financial Aid Office for the most recent disbursement dates.

How long will it take for my financial aid application to be processed?
The entire process can take several months to complete, so students should apply as early as possible. After the initial FAFSA application, students will need to review their application and make any corrections, as well as respond to any follow up request from the Financial Aid Office for additional documentation. Since students can not be awarded until they satisfy all requests for follow up documentation and complete their application file, it is imperative that they respond in a timely fashion to any request received, whether from the Department of Education, or the VVC Financial Aid Office.
**How much financial aid money will I receive if I am attending part time, half time, or less than half time?**  
Students are paid both on units enrolled (less than half time, half time, three quarter time, or full time), and based on their EFC. In general, 12 or more units constitute full time enrollment, 9-11.5 units for three quarter time, and 6-8.5 units for half time enrollment. Once the student completes their financial aid file, they will receive an award letter in the mail from Financial Aid that outlines their award based on full time attendance. Students may want to check with the FAO if they are enrolling in less than part time to ensure they are still eligible to receive payment. It is important to note that students are ultimately paid on units enrolled, and their disbursement check amount may differ from what is notated on the award letter if they are not enrolled in full time units at the time of disbursement.

### How much financial aid money will I receive?

The amount a student will receive will be determined based on what they qualify for (their EFC from the SAR) and what funds are currently available at the time they complete their financial aid file. Because some financial aid funds are limited, and because some funds have deadlines, it is important for students to apply early, meet all deadlines, and complete their financial aid file as soon as possible so the FAO can best meet their needs. Students should refer to their award letter to understand what funds they have received. Their award is based on full time attendance, and will differ if enrolled in less than full time attendance at the time of disbursement. Students can always inquire at the FAO if they are unsure how their award will be affected if less than full time.

### How often do I have to apply for financial aid?

Students must apply each academic year for financial aid. The award cycle for Federal aid (FAFSA) is Fall, Spring, and Summer. Students can apply as early as January 1st for the following Fall semester. The quickest way to reapply if the student was on financial aid the prior year is to complete a renewal application with their PIN at www.fafsa.ed.gov. This will pull up a pre populated application on which the student only needs to list their income and make any changes.

### If I get a fee waiver, will I get back the money I already paid?

Yes. If student’s previously paid fees, and are later awarded a BOGG (Board of Governor’s Fee Waiver) as part of their financial aid award, students will receive a refund check for the amount they paid, as long as the amount they paid and the BOGG is for the same academic year. Students should be aware that the BOGG pays registration fees only, and students will still need to pay any additional fees, such as parking and the ASB fee.

### What expenses are covered by the Board of Governor’s Fee Waiver?

The BOGG (Board of Governor’s Fee Waiver) pays registration fees only. It also reduces the parking fee to $20 from $40.

### What happens if I drop a class or withdraw from all of my classes?

Since disbursement is paid based on current units enrolled, students would not be paid for the dropped classes if the student withdrew prior to the disbursement run. If the student drops a class or withdraws from all classes after disbursement was received, the student may need to pay back some of the money owed. Students should refer to the college’s SAP (Satisfactory Academic Progress) policy regarding this, and are advised to inquire at financial aid before dropping or withdrawing from classes. Specifically, students who withdraw or drop classes prior to the 60% semester mark will need to repay a portion of their disbursement. The amount will be determined based on their withdrawal date. After the 60% mark in the semester, students do not need to repay any monies, however, the SAP policy also states that students must pass at least 50% of their classes each semester in order to not be placed on Financial aid probation in the subsequent semester.

### What is Federal Work-Study and how do I apply?

Federal Work-Study is a financial aid award eligible to qualified students. Students must complete the FAFSA application in order to be considered, and show sufficient need. Once the student receives their Financial aid award letter from VVC, they must take their award letter to the Student Employment Office for further consideration.

### What is the Board of Governor’s Fee Waiver and how do I apply?

The Board of Governor's Fee Waiver (BOGG) is financial aid offered by the State of California for Community College students. The student must be a California resident in order to qualify. Qualification is also based on prior year income. Students may qualify either by completing a FAFSA application, or the BOGG application available at www.vvc.edu or by stopping by the FAO to pick up an application. The application covers summer, fall, and spring semesters, and students must reapply every academic year.

### What is the federal school code for VVC?

The college’s Title IV school code for the FAFSA is 001335. Students need to be sure to list our code on their FAFSA application in order for the Department of Education to release the student’s FAFSA results to the college. Students that do not list our code on their application will need to make an application correction before processing can continue.

### What is the Student Aid Report?

The Student Aid Report (SAR) is a confirmation of the student's FAFSA application. The SAR may be received in the mail or via email, based on how the student initially filed the application, and if a valid email address was listed on the initial application. Students should immediately review their SAR upon receipt, checking for any errors or changes and make appropriate corrections. They should also make sure that VVC is listed in the school section on the SAR. It is important to note that errors can be made through typing errors, or legibility (if mailed), which can affect a student’s eligibility, so students should go over the SAR thoroughly.
When will my financial aid money be disbursed?
Regularly scheduled disbursements occur throughout the semester. Students are paid based on units enrolled at the time of disbursement on the nearest disbursement date after they complete their financial aid file. Completing a financial aid file is not the same as completing the FAFSA application, as additional documentation is necessary before any award can be made. Students should ensure that they respond in a timely fashion to any request received for additional documentation, as not doing so will delay their award notification, and ultimately their disbursement. Students should be aware that there are file cut off dates in order to meet particular disbursement dates. Students who have already been awarded may check with the FAO for current scheduled disbursement dates.

Who is eligible for financial aid at VVC?
In order to be eligible for Federal financial aid, students must be United States citizens or permanent residents, not be in default on a prior education loan, not be convicted of selling or possessing illegal substances*, and have a high school diploma, pass the GED, or pass the ATB test. In order to be eligible for the BOGG (Board of Governor's Fee Waiver), students must be California residents. Furthermore, all students must qualify based on prior year income. (* does not necessarily disqualify student if completion of approved rehabilitation program documentation can be submitted.)

Are there scholarships that I can apply for?
Yes, students may apply for a variety of scholarships that are offered from the local High Desert community, state, and national levels. Students can contact a variety of websites such as www.scholarships.com or www.fastweb.com. The VVC library also has books that offer scholarship information, or students may contact the public library. Scholarship information is also available on the VVC FAO website at http://www.vvc.edu/offices/financial-aid/scholarship.htm.

How do I become eligible for Veterans Benefits?
VVC does not determine a student’s eligibility for Veterans benefits. If a student feels they might be eligible, they are encouraged to contact the VVC Financial Aid Office for assistance in completing the application to submit to the VA.

What Veteran benefits does VVC offer?
VVC is authorized to certify for Chapter 30, 30-34, 31, 35, 1606, and 1607.

Who do I contact for Veteran Benefits?
Students may contact the FAO for further information, or go to the VA website at http://www.va.gov or www.gibill.va.gov.

What is the Student Employment Office?
Students who are interested in student employment, or who have applied for financial aid, have their award letter, and are interested in Federal Work-Study will need to contact the Student Placement Specialist for additional information. The Student Employment Office is located in the Career Center in the Counseling and Administration Building (Building 55), over the lake.

FINANCIAL AID PROGRAMS:
All students should complete the FAFSA (Free Application for Federal Student Aid) each academic year in order to be considered for financial aid. Application forms are available in the Financial Aid Office. Students are encouraged to file on-line at www.fafsa.ed.gov. Workshops are offered each week in the Career Center on campus, offering assistance in completing the application on line. Contact our office for current hours, or visit http://www.vvc.edu/offices/financial-aid/index.htm.

STATE PROGRAMS:

BOGG Fee Waiver
The Board of Governor’s Fee Waiver is available to California residents attending California Community Colleges, and waives enrollment fees. Students must qualify based on income, and must reapply each academic year. The application is available in the Financial Aid Office or on the VVC Financial Aid Office Website at http://www.vvc.edu/offices/financial-aid/index.htm.

Cal Grant
Cal Grant is a grant offered by the State of California and is open to California residents attending a college or university in California. The grant has an annual application deadline of March 2nd for the following academic year, and is based on both need and income. Students must file both a completed FAFSA and a GPA Verification Form prior to the deadline, in order to be considered. Note: Students who have over 24 completed units at VVC (not counting the preceding Fall semester), will have their GPA transmitted automatically to the state and do not need to complete the GPA Verification process. All other students need to complete a GPA Verification form and take the form to their prior high school or college to be certified.
**FEDERAL PROGRAMS:**

**Federal Pell Grant**
Pell Grants provide financial assistance to eligible part-time and full-time students based on need. Awards range from $400-$4,050. Applicants must be US citizens or eligible non-citizens and complete the FAFSA and other required supplemental materials. Students may apply for a Federal Pell Grant any time after January 1st of each year, for the subsequent Fall semester.

**Federal Supplemental Educational Opportunity Grant**
The Federal Supplemental Educational Opportunity Grant, also known as SEOG, is a campus based program, which means funding is limited. SEOG provides federal grants up to a maximum of $2,000 per year for students who qualify. The average grant at Victor Valley College is $500. A student must be eligible for the Pell Grant in order to qualify. Students with the lowest EFC and the highest need are given priority.

**Federal Work Study**
The Federal Work Study (FWS) program provides opportunities to students who have financial need and want to earn a part of their educational expenses through employment. Community service work opportunities are also available through the Federal Work Study Program. Students who are interested are required to complete a FAFSA and other supplemental materials. Average award is $3,000 per school year.

**Federal Stafford Student Loans**
The Federal Subsidized Stafford Student Loan Program is a federal education loan available to students. Eligible Victor Valley College students may borrow between $500 and $3,500 based on their need, year in school, and satisfactory academic progress. Students must show need in order to receive a Subsidized Stafford Loan. There is no interest accrual or repayment while the borrower is enrolled at least half time (6 units.) Six months after ceasing at least half time enrollment, the borrower will begin to make payments of principal and interest. The interest rate is variable and adjusted once annually on July 1st by the Federal government, and has a cap of 8.25%. The current interest rate at the time of publication is 5.30% through June 30th, 2006. Students interested in applying for a Federal Stafford Loan need to complete a loan application after they receive their financial aid award letter. Loan information is available on the Financial Aid Office website, or may be obtained by contacting our office.

**Note:** Loans are not packaged as part of your Financial Aid Award at Victory Valley College. Loans are awarded by request only. Please contact the Financial Aid Office if you are interested in applying for a Federal Student Loan.

**OTHER ASSISTANCE:**

**Scholarships**
There are numerous local grant opportunities available in the form of scholarships. Scholarships are free money that does not need to be repaid. The Financial Aid Office lists scholarship information on the VVC Financial Aid Office website, as well as in numerous publications on campus. Workshops are also offered in the spring.

**SATISFACTORY ACADEMIC PROGRESS:**

Financial Aid Satisfactory Standards must meet the criteria set by Section 484 of the Higher Education Act (HEA), Title IV Regulations, published in 668.16 of the Federal Register.

**Eligibility**
To become eligible to receive financial aid from Victor Valley College, students must:

1. Submit a Free Application for Federal Student Aid (FAFSA) to the Department of Education (DOE) to establish eligibility; and
2. Submit completed Student Aid package to the Financial Aid Office; and
3. Enroll in an eligible program to complete an Associate’s Degree, or a certificate program of at least 6 months in length, or transfer requirements; and
4. Declare a major and obtain an education plan as approved by a Victor Valley College counselor, which also must be on file in the Financial Aid Office.

To continue to meet eligibility requirements to receive financial aid from Victor Valley College, students must:

<table>
<thead>
<tr>
<th>Academic Year</th>
<th>1</th>
<th>2</th>
<th>3</th>
</tr>
</thead>
<tbody>
<tr>
<td>Units Completed</td>
<td>18</td>
<td>36</td>
<td>60</td>
</tr>
</tbody>
</table>
Probation
Students will be placed on financial aid probation if they attempted 12 or more units and have failed to:

1. Complete 50% or more of attempted units (no withdrawals, no incompletes); or
2. Maintain a cumulative GPA of 2.0 or higher.

Students who are placed on financial aid probation will be mailed a letter, which states that they have been placed on “Financial Aid Satisfactory Progress Probation.” The student's progress will be monitored on a semester-by-semester basis to determine their continued financial aid eligibility.

Financial Aid Disqualification
Students who are on probation for two consecutive semesters are subject to dismissal and may be disqualified from receiving further financial aid.

Progress (Financial Aid) Extension
Federal regulations limit financial aid to the maximum time frame of no more than 150% of the particular program as stated in the Victor Valley College catalog. To continue to receive financial aid from Victor Valley College, students must first submit a petition/appeal form to the Financial Aid Office if the student has:

1. Received financial aid for six semesters (or pro-rated equivalent); or
2. Completed more than 90 units; or
3. Completed a degree.

Appeal Process
Reinstatement after disqualification of aid will only be allowed one time during attendance at Victor Valley College. To petition for reinstatement of financial aid, students who have been disqualified from receiving financial aid must:

1. Obtain an updated education plan from a Victor Valley College counselor.
2. Submit a completed Petition Application with the updated education plan and supporting appeal documentation (i.e. medical or personal crisis) to the Financial Aid Office.

The Financial Aid Appeals Committee will review the completed Petition Application packet after which the student will be sent a copy of the committee's decision. If the committee approves the appeal, the Financial Aid Office will verify the student’s progress at the end of each term. Failure to adhere to the educational program plan and/or comments from the Appeals Committee will result in immediate disqualification from receipt of further financial aid. Students may appeal to the Director of Financial Aid or the Associate Director of Financial Aid only after the Financial Aid Appeals Committee has denied the student’s Petition Application.

Professional Judgment
Consideration for Special Conditions/Professional Judgment for recalculation of financial aid eligibility due to loss of income or catastrophic expenses will only be allowed one time during attendance at Victor Valley College. The student must provide proof of tax filing for the year of income consideration.

IMPORTANT INFORMATION:

NEW FOR 2005-06: Students will not be paid for classes added after the census date as noted in the schedule. Likewise, repayment will not be required for dropped classes after the census date. The date Department of Education requires that if financial aid is paid for added classes after the census date, adjustment/repayment must also apply for dropped classes after the census date. VVC has adopted this policy to adhere to Federal Regulations.

REQUIRED RECALCULATION OF AWARDS
Federal Regulations, Chapter 534, CFR 690.80(b) states that for all students who do not begin attendance in all of his or her classes, the school must recalculate the student’s awards based on the lower enrollment status. If students received payment for non-attendance classes and are recalculated to the lower enrollment status, they are required to repay the funds received for non-attendance (no show) classes.

RETURN OF TITLE IV FUNDS (R2T4)
All students receiving Federal financial aid, who completely withdraw within the first 60% of a term payment period, or period of enrollment, are subject to a refund provision.

Effective Fall 2000, the institution and the student share the responsibility to repay unearned aid in proportion to the aid each is assumed to possess. The institution may at its discretion, bill the student for the district portion of R2T4 that was returned to the Department of Education as a result of R2T4. During the first 60% of the enrollment period, the student “earns” Title IV aid in direct proportion to the length of time he or she remains enrolled. The percentage is calculated by dividing the number of days completed in the term by the number of calendar days in the term. If you have been placed on R2T4 status, you must petition for reinstatement of any Title IV Financial Aid as per the appeal process.

CURRENT VALID ID:
All students must make sure the Financial Aid Office has a copy of a current valid ID. The ASB student ID does not qualify. You must have a current driver’s license, State issued ID card, or military ID on file. Confidential student information will not be released without proof of your identification.
CURRENT EDUCATION PLAN:
You must have a current education plan on file in the Financial Aid Office in order to receive aid. One of the eligibility requirements for Federal financial aid is that you are enrolled in a program to obtain a degree or certificate.

LOAN POLICIES:
Students applying for a loan through Victor Valley College will have the following additional requirements:

- Students requesting unsubsidized loans will also need to petition and complete an additional form.
- Approval is evaluated on a case by case basis with supporting documentation, ie: medical expenses, car repairs; etc.

The Loan Petition Committee will review the completed application packet. The student will be mailed written notification of the committee’s decision. Students may appeal to the Director of Financial Aid or the Associate Director of Financial Aid only after the Loan Appeals Committee has denied the student’s Petition Application. Students who drop below half-time enrollment status must petition for future disbursements.

PARKING POLICY:
With the purchase of an ASB card, the cost of a parking permit is $30. Without an ASB card, the permit is $40. If you are eligible for a BOGG Fee Waiver, the parking fee is $20 with or without an ASB card.

FINANCIAL AID PROBATION:
Each semester, students must complete 50% or more of attempted units (no withdrawals or incompletes) and maintain a 2.0 GPA in order to remain in good financial aid standing. Failure to do so will place the student on financial aid probation.

MYTHS REGARDING FINANCIAL AID:

1. If you don’t live with your parents, you’re an independent student. False. Except for the Board of Governors Fee Waiver Application, you’re considered to be an independent student only if one of these describes you:
   - You are 24 years old or older
   - You have children who receive more than half of their support from you
   - You have dependents other than your spouse or children who live with you and who receive more than half their support from you.
   - Both your parents are deceased or you are a ward or dependent of the court, or were one until age 18.
   - You are working on a graduate or postgraduate degree (Master’s or doctorate.)
   - You are married as of the date you file the FAFSA.
   - You are a Veteran of the U.S. Armed Forces or you attended a service academy and were released under a condition other than dishonorable.

2. You or your parents cannot receive financial aid because your family income is too high. False. Income is only one of the criteria on which financial aid is based. If the school’s costs exceed your family’s means, you will qualify for some form of financial aid. Also, some scholarships are based on merit.

3. I’m not a straight “A” student, so I won’t get aid. False. It is true that many scholarships reward merit, but the vast majority of federal aid is based on financial need.

4. My chances of receiving financial aid are the same no matter when I apply. False. Your safest bet is to submit your application at the earliest possible date. That is because funds are often limited and many financial aid programs work on the first come, first served policy.

5. There is no need for me to complete the FAFSA; I know I won’t qualify for a grant. False. The FAFSA serves several purposes, not just determining your eligibility for a grant. Students applying for scholarships, loans, and federal work-study also need to complete the FAFSA.

6. I can’t apply for financial aid because I cannot attend full time. False. Students do not have to attend full time to receive a Pell Grant or other financial aid. Amounts received are based on income and enrollment status, and are paid based on full time (12 or more units), three quarter time (9-11.5 units), half time (6-8.5 units), or less than half time enrollment (less than 6 units.)

7. I don’t have to reapply for financial aid every year. False. Students must reapply for financial aid every year. Aid does not carry forward from one academic year to another. Fall semester is the start of the new academic year, and applications may be filed as early as the preceding January 1st.

8. I have to be a minority to receive financial aid. False. Funds from federal student aid and state aid are awarded on the basis of financial need, NOT on the basis of race, creed, or gender. The FAFSA does not even ask for such information.

9. I’ll receive my financial aid immediately after applying. False. The FAFSA is the first step in the financial aid process, which may include additional paperwork and forms. The entire process can take anywhere from one to three months, so students are advised to apply early, meet deadlines, and respond to any requests in a timely fashion to ensure that the college has the best opportunity to meet the student’s need, and so that the student is awarded before the first day of classes. Applications are processed on a first come-first served basis, until funding is exhausted. Financial aid is designed to assist students with their education.

10. You’ve got my FAFSA. You don’t need anything else. False. Once the FAFSA is processed, students will receive a postcard in the mail from the VCC Financial Aid Office, (providing they listed VCC on the FAFSA application.) Students must respond to the postcard, providing any additional documentation requested to the Financial Aid Office, in order to complete their financial aid file. After the file is completed, students will receive their Financial Aid Award Letter. Students who do not receive a postcard within one month after submitting your FAFSA, or who neglected to list VCC on their FAFSA, should contact our office for further assistance.
**WHAT IS BOG-FW?:**

BOG-FW, or Board of Governor's Fee Waiver, is a state sponsored program that waives enrollment fees for qualifying students. You may be eligible for a fee waiver even if you are not eligible for other financial aid.

- BOG-FW applicants do not have to be enrolled in a minimum number of courses—whether you take 1 unit or 21 units, the enrollment fee may be waived
- BOG-FW applicants only need to apply once to have fees waived for the academic year: fall, winter, spring, and summer

**HOW DO I APPLY?:**

To apply for the BOG-FW, you must complete the application which can be accessed at our website, [http://www.vvc.edu/offices/financial-aid/index.htm](http://www.vvc.edu/offices/financial-aid/index.htm), or you may pick up an application at the Financial Aid Office. There are three methods you may apply under. You only need to qualify under one method in order for your fees to be waived.

**METHOD A:**

Is for students on public assistance programs: TANF/CalWORKS, SSI/SSP, SSAI, SSAS, or General Assistance. It is also for the following: Dependents of Disabled or Deceased California Veterans or National Guard, recipients of the Congressional Medal of Honor, children of recipients of the Congressional Medal of Honor, or dependents of victims of the September 11, 2001 terrorist attack. Certification must be obtained from the appropriate agency and documentation will be required to verify your eligibility. This documentation must be dated within the last 30 days.

**METHOD B:**

Is for low income students whose previous year income was within qualifying income guidelines. Federal tax returns may be required.

**METHOD C:**

Is awarded to students who applied through the FAFSA and were eligible according to Federal guidelines. Students who qualify under Method C do not need to complete a separate BOG-FW application.

**ADDITIONAL INFORMATION:**

- Your application is reviewed by the Financial Aid Office
- You must be a California resident
- The BOG-FW will cover fall, winter, spring, and summer semesters
- BOG-FW covers only enrollment fees
- BOG-FW is not a book award or book grant
- BOG-FW is not a loan
- You must submit proof of your prior year income to the FAO when submitting your BOG-FW application
- If you apply for the BOG-FW after you pay your fees, you may be reimbursed, as long as you complete and submit your application prior to the end of the semester

**SCHOLARSHIP SCAMS:**

Be careful when searching for information on student financial assistance. Make sure information and offers are legitimate. Don’t fall prey to fraud. Estimates show that families lose millions of dollars to scholarship fraud every year.

The College Scholarship Prevention Act enhances protection against fraud in student financial assistance. The Federal Trade Commission (FTC) cautions students to look for these telltale signs:

- Someone claims that “The scholarship is guaranteed or your money back.”
- “You can’t get this information anywhere else.”
- “I just need your credit card or bank account number to hold this scholarship.”
- “We’ll do all the work.”
- “The scholarship will cost some money.”
- “You’ve been selected by a ‘national foundation’ to receive a scholarship.”
- “You’re a finalist” in a contest you never entered.

To file a complaint, or for free information, call 1-877-FTC-HELP (1-877-382-4357), or visit [www.ftc.gov/scholarshipscams](http://www.ftc.gov/scholarshipscams).
ASSISTANCE FOR COMPLETING THE FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA):

1. Get an early start. Apply on-line at www.fafsa.ed.gov, or pick up a paper application at the Financial Aid Office to get an idea of the questions you’ll need to answer.
2. Apply for a PIN at www.pin.ed.gov to electronically sign your FAFSA on the Web application. Also, ask one of your parents to get a PIN, if you’re a dependent student.
3. Gather materials ahead of time:
   - The FAFSA, if filing on paper
   - The Pre-Application workshop at www.fafsa.ed.gov if filing on line
   - Your PIN, if filing on line
   - Your Driver’s License or State Identification Card
   - Your Social Security Number and your parent’s Social Security Numbers if dependent. If you don’t have a number, apply for one at your local post office or Social Security Office. To learn more go to www.ssa.ed.gov or call 800-772-1213 (TTY 800-325-0778)
   - Your federal income tax return and parent’s federal income tax return (if dependent) and all W2’s
   - Current bank statements, business, farm or investment records, records of untaxed income-welfare, Social Security, Veterans or Temporary Assistance to Needy Families (TANF) benefits
   - Your Alien Registration Number if you are not a U.S. Citizen
4. Read all instructions thoroughly. Work through each step carefully to avoid mistakes. Careless errors can cause processing delays, which could mean missed deadlines and dollars.
5. Spell your name as it appears on your Social Security card. Using a nickname or other name will delay processing.
6. Be sure to indicate if either of your parents went to college for maximum consideration for the Cal Grant competitive awards.
7. Write in “CA” if California is your state of legal residence for the residency question. If left blank, you can’t be considered for a Cal Grant or any other California student aid. Be sure to indicate the month and year you became a legal California resident.
8. Use estimates if you haven’t completed your tax return. It’s easier to fill out the FAFSA if you have a completed return, but if you don’t, use estimates rather missing a deadline. Once you file your tax return, you must correct any information. (If your actual numbers are significantly higher or lower, your Expected Family Contribution (EFC) will change and your financial aid assistance may need to be reviewed.)
9. Be sure to provide your parents’ income information if you’re a dependent student (you answered no to all questions in Step Three)- otherwise your SAR will not be complete and you may be disqualified for Federal and State aid consideration.
10. Don’t skip the drug question. A drug conviction doesn’t necessarily make you ineligible for federal aid, but colleges are not allowed to provide federal aid to students who don’t answer this question. Students with convictions will receive a worksheet to determine if their conviction affects their eligibility for federal aid. Those ineligible for federal aid may still be eligible for state, college or private aid and can regain their eligibility by completing a drug rehabilitation program or having their conviction reversed or set aside.
11. Use only Federal Title IV school codes for colleges. For Title IV codes, ask your high school counselor or college or go to www.fafsa.ed.gov. Victor Valley College’s Title IV School Code is 001335.
12. Be sure to list at least one eligible California college to be considered for a Cal Grant. If you’re considering a California four-year college or university, be sure to put that school first, with any California Community College listed further down.
13. Be sure you and at least one parent, if you’re dependent, sign the FAFSA. Unsigned forms will not be processed.
14. Be sure to submit your FAFSA by the earliest deadline. Some deadlines for private or college aid may be earlier than March 2nd, the Cal Grant deadline.
15. Keep a photocopy or printout of your FAFSA. Also keep copies of all the worksheets and records you used to complete the FAFSA. Your college may ask to see them.
16. Don’t date or mail your FAFSA before January 1st for the following academic year that begins in the fall. If you do, it will be returned unprocessed and you’ll need to file again.

FINANCIAL AID CONSULTANTS:

Financial Aid Consultants provide assistance in completion of the FAFSA application, estimate the amount of money you may receive, and describe the types of aid available. These consultants generally charge a fee for their services. Before you pay for any services, be aware that these services are also offered by the Victor Valley College Financial Aid Office for free. We advise you to contact our office for assistance before deciding to hire the services of an outside consultant. If you decide to hire the services of a consultant, we advise you to do your research beforehand, as, like most things in life, there are both legitimate businesses and scam artists. Pay attention to the following:
• Never agree to a fee based on the percentage of aid you will receive from the college
• Never sign a blank form (FAFSA), only sign the document once you have reviewed it
• Be sure to mail the application (FAFSA) yourself. Do not rely on the consultant to mail it for you
• Keep copies for your records of everything you submit to the consultant
• You may want to request a list of references before hiring the services of a consultant
• Bear in mind that no consultant can guarantee the amount of money you may receive

You are legally responsible and accountable for information contained on your FAFSA. Never allow a consultant to complete the application before you have reviewed it, and submit it yourself.

RIGHTS & RESPONSIBILITIES:

As a financial aid recipient, you have certain rights and responsibilities. Your rights are:

• You have the right to know what financial aid programs are available at your school.
• You have the right to know the deadlines for submitting applications for each of the programs available.
• You have the right to know how financial aid will be distributed, how decisions on distribution are made, and the basis for these decisions.
• You have the right to know how your financial need was determined. This includes how costs for tuition and fees, room and board, travel, books and supplies, personal and miscellaneous expenses, etc., are considered in your budget.
• You have the right to know how much of your financial need has been met.
• You have the right to know what resources (such as parental contribution, other financial aid, your assets, etc.) were considered in the calculation of your need.
• You have the right to request an explanation of the various programs in your student aid package.
• You have the right to know the schools refund policy.
• You have the right to know what portion of the financial aid you received must be repaid, the payback procedures, the length of time you have to repay the loan, and when repayment is to begin. If you cannot meet the repayment schedule under the loan program, you may request that the loan payments be reduced for a specific period of time if it will assist you in avoiding default.
• You have the right to know how the school determines whether or not you are making satisfactory progress, and what happens if you are not.

YOUR RESPONSIBILITIES ARE:

• You must complete all application forms accurately.
• You must submit them on time to the correct destination. This includes all loan applications for loans.
• You must provide correct information. In most instances, misreporting information on financial aid applications is a violation of law and may be considered a criminal offense.
• You must return all additional documentation, verification, correction, and/or new information requested by either the Victor Valley College Financial Aid Office or the agency to which you submitted your application.
• You are responsible for reading and understanding all forms that you were asked to sign.
• You must perform the work that is agreed upon in accepting a Federal Work-Study award.
• You must be aware of Victor Valley College’s refund procedures.
• If borrowing a student loan, you must complete loan entrance and exit counseling.
• As a recipient of a student loan, you must notify the lender if any of the following occur before the loan is repaid:
  1. You change your address
  2. Graduation from college
  3. Withdrawal from school or less than half-time attendance
  4. Name change (for example, maiden name to married name)
  5. You transfer to another school

All information contained in a student’s financial aid application and file is handled confidentially by the Financial Aid Office. This is governed under the terms of the Family Educational Rights and Privacy Act of 1974 (FERPA.) All documentation submitted becomes part of the student’s file and will not be returned. Due to FERPA, we are unable to answer specific questions on a student’s file over the telephone. The student must be present in order to discuss his/her file at the financial aid window.
TERMS AND CONDITIONS OF FINANCIAL AID AWARDS:

Although the primary responsibility for paying for a college education rests with the student and their families, Financial aid is available to help you. It is intended to supplement, not replace, the resources students and their families have. Your Financial aid package is based both on your predetermined need and the funds available at the college at the time you complete your file. Your need is determined by taking the cost of education at the college and subtracting your EFC from your SAR. The Department of Education has an established formula and the information you provide on your FAFSA is used to determine your EFC. The cost of education includes not only direct expenses (tuition and fees), but also an estimate of indirect costs (transportation, books, and living expenses.)

Financial aid awards are based on the assumption that students and parents have submitted truthful and correct information. If information used in awarding financial aid is determined to be incorrect, the financial aid awarded may be adjusted or changed. This applies to instances where incorrect information is used in the calculation due to:

- Estimated information which proves to be incorrect
- Incorrect information due to misunderstanding of instructions
- Additional outside grants or scholarships received from any source
- Data entry errors on the part of the FAFSA processor or Victor Valley College
- False information

In cases of fraudulent information, any financial aid awarded will be cancelled and the case will be referred to the proper authorities. Students must inform the Financial Aid Office of any change in unit load from that initially reported on the financial aid application. Financial aid awards are based in part on unit load, and any change may result in a change in eligibility.

Regardless of the amount of financial aid anticipated, students are expected to arrive on campus with sufficient cash for expenses that will be incurred at the beginning of the year. Students should plan on bringing at least $100-$400 to cover these expenses. Financial aid proceeds should not be used as the primary means of support. There is often a delay between the time an application is filed and when payment is received. Students should have adequate funds to pay their day to day living expenses, until disbursement is received. Due to the availability of funds and the demand for these funds, students are sometimes left with an unmet need.

Legislation and governmental regulations are continually changing the face of student financial aid. The information contained in this brochure is correct as of the time of publication (10/2005.) However, information is subject to change without notice.
