

Students: If you need a laptop to access and participate in your classes, have not been able to afford all the textbooks or access codes you need for your class(es), and/or if you/your family can use help with basic needs expenses, the college is providing additional CARES Act financial grants. *You do not have to be receiving financial aid in order to apply. These funds are available for any currently registered student who has a need.*

Even if you have already submitted one, you must submit a new CARES Act application via the vvc.edu website. **Applications will be accepted through December 2 for distribution the week of December 10.** Check your vvc.edu email; you will be notified if you are awarded a laptop and/or financial grant. Disbursements will continue as resources allow. We know this has been a challenging time for you and are so proud of your continued commitment to your education. Know that all the support services you would normally find on campus continue to be available to you on-line. Let us know how we can assist you.
