Audit Finding Reference Number	N/A	
Nature of Adjustment	We discovered an error in calculation of basic skills/immigrant education sections generated from our SIS platform for that specific report. While still confirming, we suspect 2 possible causes: New patches installed in the SIS may have impacted how certain sections are calculated for the basic skills/immigrant education report; it is also possible the faulty calculations are related to a custom procedure we run to ensure non-coterminous sections (i.e., those with accounting methods other than weekly) are properly aligned to the relevant reporting period. The miscalculations were isolated, affecting only those sections with a daily alternative accounting method included in the basic skills/immigrant education report specifically.
