## Prerequisite Validation Form

VVC is required by California Code of Regulations [55003](#) to enforce course prerequisites. We believe completing a prerequisite before enrolling in a higher level course will ensure your success as a student. If you have taken the prerequisite at another college, in high school, or through a standardized test, you may complete this prerequisite validation form.

If you have not completed the prerequisite at another college, in high school, or through a standardized test, but wish to challenge the prerequisite, please use the **Prerequisite Challenge Form**.

Proof of the completed prerequisite must be submitted with the Prerequisite Validation Form. **Check one.**

I have included an unofficial copy of the transcript or exam score with this form.

Official transcripts or exam scores are already on file in the Admissions & Records Office.
