Payment Plans FAQs

Q: Can I enroll in a plan before I have an account balance for the semester?

No

Q: What payment methods can I use when enrolling in my VVC payment plan?

You can sign up for a payment plan and pay via ACH (direct debit from your bank account), credit or debit card. You can also make a one-time payment using the same payment methods.

Q: What happens if I cannot make an installment payment?

If an installment payment is late, a \$25 late fee will be assessed to your student account. Payments must be made immediately or you may be dropped from your classes for the amount owed.

Q: Why did my installment amounts change for my payment plan?

The Payment Plan adjusts your installment amounts as new charges or credits are applied to your student account.

Q: What if I have financial aid?

If a student is awarded financial aid for a semester, installment payments will be reduced to reflect the amount of the award. If a student's award is reduced during the semester and a balance is owed, installment payments will process against the card/account on file for any installment due dates that have not passed.

Payment Plans FAQs

Q: What fees are charged for enrolling in a VVC Payment Plan that I am eligible for?

Enrollment fee = \$25

Late fee = \$25

Q: Does VVC charge a credit card service fee if I use my credit card to enroll in a payment plan?

Yes, 2.85% convenience fee

Q: Can I pay by cash if I signed up for a payment plan?

Payments through any method will reduce your plan amount automatically. Any payment you make to Victor Valley Community College will go toward your next plan installment.

Q: Can I still enroll in a plan if I have Financial Aid? How does that affect my plan?

At enrollment, the payment plan is calculated on the balance owed after all payments and/or financial aid credits are deducted from the amount due. Financial aid awarded after the initiation of the plan reduces all installments equally.

Q: When will my payment post to my student account?

Your payments are posted immediately as soon as a payment is processed successfully

Payment Plans FAQs

Q: Why do I see an amount due for an installment I already paid?

Installments reopen if their due dates have not passed and you have new charges on your student account.

The plan is set up to pay your charges for a number of items, such as tuition, enrollment fees, materials fees, and other charges. Any time you have new charges for those items, your plan installment amounts will increase. Any time you have payments or other new credits toward those items, your installment amounts will decrease. Balances on the VVC student account recalculate overnight. If you do not see changes right away, check your account again in 24 hours. Monthly installment amounts will not increase 7 days prior to a payment due date for changes to your account. Your new payment amount will take effect on the following month's payment.

Please note that the VVC plan prevents you from making another payment on the same day to prevent overpayment or double payment.

An email notification is sent following each recalculation reflecting the new payment amount. You will also receive a reminder email that your monthly installment is due 3 days prior to the installment due date.

Q: Can my family or other authorized users have access to my Student Account?

Students may setup authorized users to view their billing information and/or their student bill on his or her behalf. Please note that, in accordance with FERPA, this does not allow the authorized user to view the student's academic records, course schedule, or other personal
