TRIAGE, ENGAGEMENT AND SUPPORT TEAMS (TEST)

The Triage, Engagement and Support Teams (TEST) is a field based, short term intensive case management program to help you get connected to needed behavioral health, substance abuse treatment and additional community resources to increase access to services.

Empowering You on the Road to Recovery

TEST staff is comprised of Social Workers and Substance Abuse Counselors located at key points of access in the community, such as CSUSB, Victor Valley College, Sheriff Stations, Hospital ED's, and local police departments.

Staff members provide needs assessments and case management plans and can keep cases open up to two months to ensure appropriate linkage to community services.

We can help you connect with:

- ☐ Mental health treatment
- ☐ Medication support
- ☐ Substance abuse treatment
- ☐ Support groups/12-step
- ☐ Medical insurance
- ☐ Medical care
- ☐ Public benefits
- ☐ Social services
- ☐ GED/educational resources
- ☐ Vocational resources
- ☐ Legal aid
- ☐ Housing resources
- ☐ and much, much more!

Let us help you get back on the road to recovery!

Phone: 760-245-4271 x4427

Services are funded by the Mental Health Services Act (MHSA).
