

**INTERSEGMENTAL GENERAL EDUCATION (GE) TRANSFER CURRICULUM (IGETC)**For information on courses for your transfer major, visit <https://assist.org>

- **OBJECTIVE:** Completion of all the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) permits a student to transfer from a community college to a campus in either the California State University or the University of California system without the need, after transfer, to take additional lower-division general education courses to satisfy the university's general education requirements.
- **EXCEPTIONS:** All campuses will accept IGETC except UC Berkeley's Haas School of Business and UC San Diego's Roosevelt and Revelle Colleges. Also, IGETC is not recommended for science, engineering, or other high unit majors at most campuses. These students should follow the general education pattern of the specific campus they plan to attend. Visit assist.org for more information.
- **CERTIFICATION:** All areas of the IGETC should be certified prior to transfer. Partial certification may be awarded if all but two (2) courses in any area except AREA 1 and 2 are completed. Students are responsible for requesting IGETC certification. See the end of page 3 for details.
- **IGETC for STEM:** see page 3 for details

Each course must be completed with a grade of "C" or better. "Pass" (P) grade for the course would be equivalent to a "C" or better grade"

(IGETC) INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM UC, and/or CSU Certification	
Important Points: 1. If a student completes a course in a year it did not appear on the IGETC course list, it cannot be used for GE certification. 2. A minimum of 60 units of transferable courses must be completed to transfer as a junior. 3. Credit is awarded for either an honors or non-honors course, not both. For example, students may receive credit for Math 105 or Math 105H, not both. 4. A single course may not fulfill more than one general education requirement even though it may be listed in more than one area.	
Certification: If not fully certified before transfer, students may be required to complete the general education pattern of the specific campus to which they transfer. 1. VVC awards a student full or partial certification by subject area for completion of the lower-division general education transfer requirements. 2. For Full IGETC certification submit an application for "Application for Certificate" to Admission and Records Office. 3. Full Certification - All areas completed. Full Certification after transfer is subject to the particular rules of the receiving university. 4. Partial GE Certification is defined as completing all but two (2) courses on the IGETC pattern. The student petitions for certification, either the complete or partial certification, is sent by VVC to the UC or CSU.	
U.S. HISTORY, CONSTITUTION AND AMERICAN IDEALS (CSU Graduation Requirement Only) Not part of certification of IGETC, but highly recommended to be completed prior to transfer.

What is IGETC for STEM?

Students who are eligible: IGETC for STEM Majors is a separate IGETC track for students planning to major in science, technology, engineering, or mathematics when they transfer.

- Students preparing for a major in science, technology, engineering or mathematics are eligible. (IGETC for STEM will allow them to concentrate on the lower division math and science courses required for a STEM major.); and
- If it is impossible for students to complete major preparation coursework and IGETC or CSU GE Breadth within 60 units prior to transfer.

IGETC for STEM is applicable only for designated AS-T majors. As of Fall 2021, the only approved major at VVC is the AS-T in Biology. A current list of ADTs that allow for use of IGETC for STEM can be found at <https://www.c-id.net/>

How to Complete IGETC for STEM: The previous two pages show the traditional IGETC. Students seeking IGETC for STEM will do the following:

Complete the following courses before transfer:

- All courses in Areas 1 (except 1C for UC-bound students), Area 2, and Area 5 of the traditional IGETC
- One course in Area 3A and one course in Area 3B; and
- One courses in Area 4 ; and
- One course in Area 7

The following will be completed after transfer.

- One remaining lower-division general education course in Area 3,
- One remaining lower-division general education course in Area 4, and
- One course in Area 6 for UC-bound students who have not satisfied it through proficiency

Important Points:

1. In the UC system, IGETC for STEM is acceptable when the UC major or college you are applying to accepts partial GE certifications. Information is listed on page 46 of this document, <https://admission.universityofcalifornia.edu/counselors/files/quick-reference.pdf>
2. If a student completes a course in a year it did not appear on the IGETC course list, it cannot be used for GE certification.
3. Credit is awarded for either an honors or non-honors course, not both. For example, students may receive credit for Math 105 or Math 105H, not both.
4. A single course may not fulfill more than one general education requirement even though it may be listed in more than one area.

Certification: If not certified before transfer, students may be required to complete the general education pattern of the specific campus to which they transfer.

1. IGETC for STEM certification: Students can request the IGETC for STEM certification from the VVC Transfer Center. The Transfer Center will then send the IGETC for STEM certification to the indicated UC/CSU transfer school. GO HERE to request an IGETC for STEM certification: <https://www.vvc.edu/csugeigetc-certification-request>
2. If a student has opted to complete all of the areas of the traditional IGETC, certifications are requested through Admissions & Records via the "APPLICATION FOR CSUGE or IGETC CERTIFICATION" <https://www.vvc.edu/student-forms>
