

Data Vista Website QR

Video Tutorial QR

Step 1: Accessing DataVista

1. **Navigate to the Website:**
 - Open your web browser and go to the DataVista homepage:
<https://datavista.cccco.edu>
2. **Explore the Homepage:**
 - Familiarize yourself with the main sections:
 - **Data Views:** Access various reports and insights.
 - **Resources:** Find guides, FAQs, and additional materials.
 - **News & Events:** Stay updated with the latest developments.

Step 2: Utilizing Data Views

DataVista offers three primary data views:

1. Reports and Insights:

- Access reports for specific statewide programs or initiatives.
- **How to Use:**
 - Click on "Reports and Insights" under the **Data Views** section.
 - Select a report (e.g., "California Adult Education Program Scorecard").
 - Use the search feature to filter and customize the data as needed.

2. Metric Themes:

- View metrics organized by specific student experiences (e.g., progress, success).
- **How to Use:**
 - Click on "Metric Themes."
 - Choose a theme relevant to your interests.
 - Explore the grouped metrics and their visualizations.

3. Single Metric:

- Focus on a detailed and customizable report for a specific metric.
 - **How to Use:**
 - Select "Single Metric."
 - Choose the desired metric from the list.
 - Customize the report using available search box, filters, and comparison tools.
-

Step 3: Exploring Resources

1. **Access Resource Materials:**
 - Navigate to the "Resources" section from the main menu.
2. **Utilize Available Guides and FAQs:**
 - **General Information on DataVista:** Provides an overview of data sources and metrics. <https://datavista.cccco.edu/resources/21>
 - **DataVista Frequently Asked Questions (FAQ):** Offers answers to common inquiries.
 - **Metric Definition Dictionaries (MDD):** Detailed definitions for metrics related to specific student groups.

Step 4: Staying Updated

1. **Subscribe to Updates:**
 - Join the DataVista mailing list to receive the latest news and communications.
 2. **Attend Webinars and Events:**
 - Participate in scheduled webinars, such as the "DataVista 2.0 Release Webinar," to enhance your understanding.
-

Step 5: Seeking Assistance

1. **Contact Support:**
 - If you encounter issues or have questions, use the "Contact" option to reach out to the support team.
 2. **Join User Communities:**
 - Engage with groups like the **California Community Colleges Tableau User Group** to share insights and learn from peers.
<https://usergroups.tableau.com/california-community-colleges-tableau-user-group/>
-
