- Tieast Jenkins:

Former ASB alumni, passing all her travel nerves, awesome trip to big bear, this retreat was more emotional than last year. Goals look excellent and can't wait to see what holds for this year's council.

- Martha Mendez:

Really intended to be there at the retreat, but a family emergency came about, and she can't wait to see the goals come to life this year.

- Art Lopez:

He wanted to see what our goals incorporated and noticed a theme in it. Hopefully he gets invited in the future. Don't forget about him because he won't forget about you.

11.0 Advisor Forum

- Advisor Sewell:
 - You guys did great at the retreat. Dr. Walden wants you to be the voice of the students. He wants you to bring it. We are all on the same page when it comes to your goals. Everything on the list should be done within 6 months. Some of them need to be before the Spring semester. The college is growing and they want our game stepped up. Other than that, you did a great job and got your goals done in record time. Open positions will be sworn in next week.

12.0 Executive Forum

- President Reyes:
 - Attended retreat. Retreat is one of the hardest things you will get through. You developed your goals and now we're ready to create goal teams. Appointments will be made next week.
- Vice President Ceja:
 - Attended retreat and had a nice time bonding and getting to know everyone. As for goals, really happy that we were able to combine them into 15 goals. Completed office hours.
- Executive Senator John:
 - Attended retreat and thankful for. Excited for the goals and to see what we have in store. Had a meeting with Felicia from HASS and got the job.

13.0 Council Forum

- Student Advocate Fulton:
 - She had a lot of insightful things happen over the weekend, completed office hours, and can't wait to see what this year holds for everyone.

- Seen some of us in the office, which is kind of nice. The ID machine is not your personal information lookup. You only have access to look them up if they are in front of you. Some of the office conversation is fun, some has been edgy, appropriate language is to be used in the office please, freshly back from retreat and a lot of us still look tired. Mr. Lopez no longer works here and he came back to support us.
