5. DISCUSSION ITEMS

Discussion, Information: 5.01 Area Representative(s)

Discussion: none

Discussion, Information: 5.02 Curriculum Handbook Revision

Discussion: Chair informed attendees that no additional revisions have been made to the handbook since the last meeting and tasked the committee members with continuing their review of the revised sections in the interim. A committee member noted a change in membership for the Librarian and Articulation Officer positions, prompting the Chair to thank the committee member for bringing this to her attention and noted that she inadvertently copied outdated language and resolved to correct it.

Discussion, Information: 5.03 AP 4025 & AP 4100 | Feedback for Graduation Requirements Committee (GRC)

Discussion: The committee reviewed the proposed edits for AP 4025 and AP 4100 during the meeting. A committee member provided feedback on AP 4025 and noted that it was previously brought before the Academic Senate (AS) for a fourth reading and after discovering a few errors it was discussed to be brought back to AS in May for a fifth reading and approval. A committee member identified a few additional grammatical errors on the documents and the Chair noted having a faculty member from the English department review them. The Chair asked Dr. Amy Azul, Curriculum Facilitator and English faculty, if she may be amenable with reviewing the documents and suggesting any necessary corrections, in the absence of the English area representative committee member. Dr. Azul agreed to undertake the task and the Chair tasked the Curriculum/Scheduling Coordinator with providing Dr. Azul with copies of the documents.

Discussion, Information: 5.04 2026-2027 Curriculum Committee (CC) Agenda Dates & Deadlines

Discussion: Chair informed attendees of two, draft versions of the 2026-2027 Curriculum Committee (CC) agenda dates and deadlines documents. The Chair thanked the Curriculum/Scheduling Coordinator for creating the different iterations and inquired with the committee as to their preference between both. The committee resolved to move forward with the second version, V2, for approval in the subsequent section.

Discussion, Information: 5.05 Summer 2026 Curriculum Committee (CC) Agenda Dates

Discussion: Chair inquired with attendees if there is any interest in meeting during the Summer 2026 intersession, prompting interest from several members and inquiries of approval from the administration.

Curriculum/Scheduling Coordinator informed attendees that past practice has been to propose holding meetings to the Vice President of Instruction (VPI) with the names of interested committee members and a few tentative dates, so long as there are sufficient members to establish a quorum. After deliberating on dates and availability, interested committee members proposed the following dates: July 9, 2026, August 6, 2026, and August 20, 2026 from 1:30 PM - 3:30 PM. Curriculum/Scheduling Coordinator informed attendees he will propose the meeting dates to the VPI and will coordinate the next steps for approval.

Discussion, Information: 5.06 New Taxonomy Revision | Non-Transferable Independent Study and Special Topics Courses

Discussion: Chair informed attendees of the need to revise the new taxonomy to account for non-transferable independent study and special topics courses. After deliberating, the committee resolved reserving 0898 for non-transferable special topics and 0999 for non-transferable independent study. Curriculum/Scheduling Coordinator informed attendees he will revise and disseminate the updated taxonomy.

Discussion, Information: 5.07 Other

Discussion: none

6. INFORMATIONAL ITEMS

Information: 6.01 Material Fees

Discussion: Chair informed attendees of the list of existing material fees and noted that these will need to be listed on the Course Outline of Record (COR). A discussion ensued surrounding material fees, different examples of material fees, and financial aid coverage for material fees. Chair informed Curriculum/Scheduling Coordinator that a modification to the curriculum management system, CurriQunet, will be necessary to make it clearer for end users to review and complete. Chair further explained that a broader conversation with the VPI needs to occur, to clarify the business process, prior to moving forward with development by the Curriculum/Scheduling Coordinator.

Action: 10.24 MATH C2210E - Calculus I: Early Transcendentals – Embedded Support - New Course
Discussion: An area representative committee member inquired about the process for denoting UC credit limitations on this course, citing STAT C1000E as an additional example. The Curriculum/Scheduling Coordinator noted that the practice had been to attach "UC credit limitation" on the catalog description of the course, due to system limitations. The Chair inquired why that practice has discontinued. The Curriculum/Scheduling Coordinator informed the Chair that as courses are being revised these data elements are being removed from the catalog descriptions and he has been reattaching them as they are discovered. The Chair inquired with the Articulation Officer if she has been denoting CSU/UC transferability. The Curriculum/Scheduling Coordinator clarified to the Chair that he updates these fields based on the respective approvals. The area representative committee member asked to see the system limitation. The Curriculum/Scheduling Coordinator showed attendees that there is only one field for the catalog description and for units, and noted that data entry is manual process and with sufficient data cleaning and preprocessing system interoperability may be improved.

13. CURRICULUM TRAINING

Information, Presentation: 13.01 TBA

Information, Presentation: 13.02 Articulation Officer Training - Lower Division Comparable Coursework
Discussion: The Articulation Officer informed attendees of ongoing issues with locating comparable lower-division coursework that is required for articulation purposes, provided a few examples, and requested feedback from the committee. A discussion ensued surrounding lower-division comparable coursework, the CSU and UC system's right to revise curriculum, title V requirements, transferable elective credits, baccalaureate program offerings at community colleges, and direct course articulation. The Chair thanked the Articulation Officer and noted that this is likely a response to ongoing system-wide projects, noting that institutional resilience and adaptability is going to be necessary moving forward.
