COURSE DESCRIPTION

COURSE OBJECTIVES

STUDENT LEARNING OUTCOMES (ACCJC Standard 2.4)

GRADING POLICY

STATEMENT OF ACCESS

Students with accessibility needs are encouraged to meet with instructors to discuss the opportunity for academic accommodation and referral to the ACCESS Resource Center ([AP 5140](#)) and services per Administrative Procedure ([AP 3440](#))

WITHDRAWAL POLICY

Withdrawal Policy:

A student may drop or withdraw (or be dropped by an instructor) before the second census date prior to completing the class. Students may not drop or be dropped after this point, and instructors must issue a grade if the student remains on the class roster beyond this point. A student who drops a class (or who is dropped by an instructor) on or before 20% or the first census date of the course will have no record of that class appearing on their permanent transcript, although they may still be responsible for payment of fees. Drops that occur after the first census date of the course and on or before the second census date of a course will result in a W symbol being entered. Students may be dropped for lack of attendance or "good cause" as defined in [California Education Code, Article 3, Section 76033](#). (AP 5075)

Students should not rely on instructors to drop or withdraw them from classes. Failure to officially drop or withdraw by the deadline may result in an F (Failing) grade or FW (Unofficial Withdrawal) grade.

Refer to the Add/Drop policy and Important Dates and Deadlines listed on the Admissions & Records [Register](#) page.

ATTENDANCE POLICY

(Class attendance is not a measure of performance or proficiency. Whether a student is just physically present in the class is not a valid basis for grading. Reference Title 5 Section 55002 of the California Code of Regulations: (A) Grading Policy. The course provides for measurement of student performance in terms of stated course objectives and culminates in a formal, permanently recorded grade based upon uniform standards in accordance with section 55758 of this Division. The grade is based on demonstrated proficiency in the subject matter and the ability to demonstrate that proficiency, at least in part, by means of written expression that may include essays, or, in courses where the curriculum committee deems them to be appropriate, by problem solving exercises or skills demonstrations by students.)

STUDENT CODE OF CONDUCT (ACCJC Standard 1)

Victor Valley College is committed to providing a safe, welcoming, and respectful learning environment where every student has the opportunity to succeed. As members of the college community, students are expected to conduct themselves in a manner that respects the rights, dignity, and safety of others while supporting an environment that promotes learning, personal growth, and academic success.

The Standards of Student Conduct, outlined in **Board Policy 5500**, describe the behaviors expected of all students and the types of conduct that may violate college standards. When concerns about student conduct arise, the College is committed to addressing them in a fair, educational, and equitable manner that respects each student's right to due process.

Administrative Procedure 5520 explains the student discipline process, including how reports are reviewed, how students are notified, their opportunity to respond, and the procedures used to resolve conduct matters. Depending on the nature and severity of the conduct, outcomes may include educational interventions, restorative actions, warnings, probation, removal from class, suspension, or expulsion, consistent with applicable laws and District policies.

Students are encouraged to become familiar with [Board Policy 5500](#) and [Administrative Procedure 5520](#), which are available on the Victor Valley College website and through the Office of Student Services and Campus Police and Public Safety.
