The Victor Valley College Police Department provides law enforcement and public safety services to support a secure learning and working environment. The College Police Department is operational 24 hours a day, seven days a week. We are staffed by well-trained Police Officers, Police Reserve Officers, Community Service Officers as well as a great support staff which consists of an Office Assistant and an Administrative Assistant. We encourage every member of the campus community to promptly report crimes, suspicious activity, safety hazards, and emergencies. Reports may assist the College in providing resources, evaluating whether a timely warning or emergency notification is needed, and maintaining accurate crime statistics.

Please review this report and become familiar with available safety resources and reporting options. Questions concerning campus safety or this report may be directed to the Victor Valley College Police Department at (760) 245-4271, extension 2329. Emergencies should be reported by calling 911 or campus extension 2555.

Sincerely,

Kent Gallacher
Chief of Police

I. Safety on Campus

Victor Valley College strives to uplift the diverse communities by teaching, serving and promoting educational excellence, enhancing local prosperity and ensuring environmental leadership. The Police Department participates in delivering the College mission and strives to create a safe environment conducive to academic excellence. Even though the Police Department works closely with neighboring police agencies and employs a variety of measures to reduce and prevent crime, we believe safety is everyone's responsibility and we need your assistance. Victor Valley College is a community of students, faculty, and staff, located in the city of Victorville within the county of San Bernardino. The College Police Department maintains a collaborative and reporting relationship with police agencies in the surrounding cities. To minimize the number of criminal incidents, a professionally trained police department, students, and members of the wider campus community, participate in a number of shared responsibilities to ensure that the students and their possessions are protected as much as possible.

II. Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act Compliance

The College Police Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. To comply with the act, we collect crime statistics from local police agencies by providing the addresses of off-site locations or off-campus properties either owned or controlled by the college, as well as public property immediately adjacent to campus. All local police agencies, where VVC property is located or is nearby, provide statistics for the property and a radius around the property as requested. Copies of the report may also be obtained at the Campus Police Department at 18422 Bear Valley Road, Victorville, CA 92395. All prospective employees may obtain a copy from Human Resources, located in Building 10 or by calling 760 245-4271, ext. 2500. Copies can also be obtained on the college website.

III. To Whom Clery Act Crimes Should Be Reported

Victor Valley College encourages all students, employees, and visitors to promptly report crimes, suspicious activity, and emergencies to the Victor Valley College Police Department. Reports assist the College in providing services to victims, evaluating the need for Timely Warnings or Emergency Notifications, and compiling crime statistics required by the Jeanne Clery Act.

Emergency Reporting

- Campus emergency: (760) 245-4271 - Extension 2555 or call 911
- CALL or TEXT **911**
- Non-emergency police assistance: (760) 245-4271, ext. 2329

Crimes occurring off campus should be reported to the law enforcement agency having jurisdiction. Crimes occurring at College-sponsored activities or events should also be reported to the Victor Valley College Police Department.

In addition to the Police Department, members of the campus community may report crimes to designated Campus Security Authorities (CSAs), including Student Services, Human Resources, the Title IX Coordinator, Athletics personnel, student organization advisors, and other officials with significant responsibility for student and campus activities.

A victim or witness who does not wish to report directly to law enforcement may report anonymously or confidentially through a CSA, when permitted by law. CSAs are required to forward Clery-reportable crime information for statistical and safety purposes, but personally identifying information is not required for inclusion in Clery statistics.

IV. Timely Warning Policy

Victor Valley College will issue a timely warning when a Clery Act crime is reported to Campus Police or local law enforcement agency, and the crime occurred within the College's Clery geography, and the College determines that the reported crime represents a serious or continuing threat to students or employees. Timely warnings are intended to provide information that enables members of the campus community to protect themselves and assist in preventing similar crimes.

The Chief of Police or designee evaluates reports on a case-by-case basis using the facts known at the time, including the nature of the crime, whether a serious or continuing threat exists, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. A warning will be issued as soon as pertinent information is available and will withhold the names and other personally identifying information of victims.

Depending on the circumstances, a timely warning may be distributed through RAVE Alert, College email, text message, website notices, Alertus, campus display panels, building speakers, or other communication methods reasonably calculated to reach the affected campus community. A warning may be limited to a particular segment of the campus community when appropriate, provided the notification reaches the population at risk.

A timely warning generally describes the reported crime, the date and general location, information about the threat, and safety or crime-prevention measures. The Chief of Police or designee is responsible for determining whether a warning will be issued, its content, the population to receive it, and the method of distribution.

V. Off-Site Facilities

The College Police Department provides random patrol at various off-site locations. All emergencies and crimes should be reported to the local police agencies by dialing 911 and/or the College Police Department by dialing (760) 245-4271, ext. 2555. In addition, the College Police shares the emergency radio frequency with the San Bernardino County Sheriff's Department and will be notified by the local dispatcher when a crime occurs in any of the college campus areas. Nonemergency assistance can be provided by dialing (760) 245-4271, ext. 2555.

VI. Security Policies and Procedures

Victor Valley College is committed to maintaining a safe and secure campus environment. Campus buildings are generally secured after normal operating hours.
