

- **OBJECTIVE:** The California General Education Transfer Curriculum (Cal-GETC) is the singular general education pathway for California Community College (CCC) students to fulfill lower-division general education requirements necessary for transfer and admission to both the California State University (CSU) and the University of California (UC).
- **EXCEPTIONS:** Cal-GETC is not recommended for engineering, math, science, or high-unit majors. UC "readmits"—students who leave a UC, attend a community college, and return to the same UC—cannot use Cal-GETC. CSU has no system-wide policy restricting Cal-GETC use for "reverse-transfer" students.
- **CERTIFICATION:** Students following the Cal-GETC pattern may receive full certification. Partial certification is allowed only for UC transfer and may include up to two missing courses from Areas 3, 4, 5, or 6. No courses may be missing from Areas 1 or 2. CSU does not accept Cal-GETC partial certification.
- **Disclaimer:** Every effort has been made to ensure the accuracy of this form at the time of publication. Students are encouraged to see a counselor, check the VVC Catalog, and check <https://assist.org/> regularly for the most current information about approved general education courses.

Cal-GETC began Fall 2025. Students with continued enrollment prior to Fall 2025 can follow IGETC or CSU GE Breadth.

A minimum "C" grade is required in each college course for Cal-GETC: A grade "C" is defined as a minimum of 2.0 grade points on a 4.0 scale or a Credit/Pass that is defined by the institution as being equivalent to a letter grade of "C" (2.0) or higher.
