The office is not a party place and would want everybody to be more helpful with students coming in and not to talk too loud and what is being mentioned in the office so be cautious of what you talk about and say in the office. Asked everyone that has a license and drives a car to be cautious of driving and prefer everyone not to be on their phones and would want everyone to have hands-free stuff in their car and to stay safe. Reminding everyone about the challenges that were provided at retreat. Hope everyone would have a great weekend
