Curriculum Committee Minutes

1. OPENING ITEMS

1.01 Call to Order at 1:33 PM

1.02 ROLL CALL

Members present: Lisa Harvey (Chair), Sandy Visser-Jones, Jacqueline Stahlke (Articulation Officer), Richard Cerreto, Leslie Huiner, Scott Jones, Patty Golder, Christina Shelby, Stephanie Briano

Members absent: none

Non Voting Members present: McKenzie Tarango, Armando Barajas

Non Voting Members absent: none

Resource Personnel present: none

Guests present: Kelley Cahow, Liane Greaver, Jane Montgomery, Jose Arredondo, Amy Azul, Melanie Dube-Price, Richard Radcliffe

2. ANNOUNCEMENT COURSE/REVISION DEVELOPERS MAY COMMENT OF EXPLAIN AGENDA ITEMS

3. ANNOUNCEMENT OF CORRECTIONS/ADDITIONS/DELETIONS OF AGENDA ITEMS

Chair informed attendees that CJ 0180 was pulled from the bundle, at agenda item number 11.11.
Chair informed attendees that agenda item number 11.15 was pulled from the agenda.
Curriculum/Scheduling Coordinator informed attendees of a duplication error at agenda item 11.04.

Chair informed attendees that action item numbers 8.03 and 8.04 were pulled from the agenda.

4. PUBLIC COMMENTS TO ACTION ITEMS

4.01 Public Comments Related To Action Agenda Items

Melanie Dube-Price – Mapping Process – Melanie raised concerns regarding the ongoing program mapping process, noting that designated pathway counselors were omitted from recent drafts. Melanie noted this omission resulted in inaccuracies concerning Cal-GETC requirements, local degree requirements, advisory committee specifications, and sequential scheduling constraints that would have been better resolved by lead pathway counselors. The Chair clarified that mapping is an ongoing collaborative process and thanked Melanie for the information.

Curriculum Committee - Oct 08 2026 - Minutes - Public_DRAFT.docx

To approve minutes

Moved by: Patty Golder; seconded by: Richard Cerreto

Yea: Daniel Kniss, Scott Jones, Leslie Huiner, Patty Golder, Richard Cerreto, Jacqueline Stahlke, Christina Shelby, Sandy Visser-Jones, and Stephanie Briano

Abstain: Lisa Harvey

Motion Carries 9-0

6. DISCUSSION ITEMS

6.01 Area Representative(s)

Discussion: Course Cloning Guidelines – An area representative committee member requested formal guidelines in the Curriculum Handbook regarding the course cloning feature in CurriQunet. The Chair clarified that cloning should not be used for C-ID course revisions to preserve historical data, but it is appropriate when creating distinct new courses with minor variations or identical cross-listed courses. The Chair thanked the committee member and noted the guidelines will be incorporated into the handbook.

ACCJC Standard 2: Student Success

6.02 C- Grades Clearing Prerequisites | Dr. Jacqueline Stahlke

Discussion: The Articulation Officer shared findings from the Region 9 listserv regarding prerequisite clearance. A grade of "C-" corresponds to a 1.7 GPA, whereas prerequisites generally require a 2.0 GPA, which requires a minimum grade of C. A discussion ensued wherein the committee resolved that establishing grading standards for prerequisite clearance falls under the purview of the Academic Senate (AS) to update via an Administrative Procedure (AP).

ACCJC Standard 2: Student Success

Discussion_Item_C-.pdf

6.03 Pass/No Pass | Dr. Jacqueline Stahlke

Discussion: The Articulation Officer raised equity considerations and title V regulations regarding student options to elect Pass/No Pass (P/NP) grading up to the final day of the term, noting many Course Outlines of Records (CORs) default strictly to letter grades. The Curriculum/Scheduling Coordinator clarified there is a form available for students to complete and submit to adjust their grading schema, if the course permits. The Curriculum/Scheduling Coordinator noted that once a student elects the P/NP option, they may not revert to a letter grade schema, and the Self-Service grading module translates the letter grades to P/NP without impacting faculty grade books. A discussion ensued surrounding transfer limitations, including the 14-unit limitation and major restrictions, catalog descriptions and designations, and the drop-down list within CurriQunet. The Chair informed attendees she will research the Academic Senate for California Community Colleges (ASCCC) guidelines and will present this as an action item at the next meeting.

ACCJC Standard 2: Student Success

Discussion_Item_Pass_NoPass.pdf

6.04 Minimum Unit Thresholds | Dr. Jacqueline Stahlke

Discussion: The Articulation Officer informed attendees there are no minimum unit thresholds outlined in the handbook and highlighted a course revision out of Criminal Justice that adjusted their units to 0.25 as an example to establish thresholds. A discussion ensued regarding the California Commission on Peace Officer Standards and Training (POST) requirements while balancing state initiatives such as Vision 2030 and credit creep reduction against local policy and

the Program and Course Approval Handbook (PCAH) standards. The Chair informed attendees she will review title V and PCAH provisions and will present this as an action item at the next meeting.

ACCJC Standard 2: Student Success

Discussion_Item_Min_Units.pdf

6.05 AI Curriculum Policy | Dr. Lisa Harvey

Discussion: The Chair informed attendees that the AI policy from the Academic Senate has not yet been received and the topic will be brought back following Academic Senate approval.

ACCJC Standard 2: Student Success

6.06 Curriculum Proposal - CCNs and Programs of Study | Dr. Lisa Harvey, Dr. Lorena Dorn

Discussion: The Chair informed attendees the attached was drafted by Dr. Lorena Dorn to address transcript and course availability issues related to delays with the local CCN transition and was brought before the committee for discussion and consideration. The proposal allows existing course(s) to remain in the catalog/program of study to maintain continuity while awaiting alignment. The committee found no issue with the proposal.

ACCJC Standard 2: Student Success

CCN and Program of Study - Proposal to Curriculum Committee.docx

6.07 AP 4020 | Dr. Lisa Harvey, Dr. Jane Montgomery, Dr. Lorena Dorn

Discussion: The committee reviewed the proposed updates to AP 4020. It was noted that current drafts require corrections including committee representative counts, division naming conventions, removal/clarification of “LD2, LD3, LD4” bracketed notes, standardized formatting/indentation, and insertion of Office of Instruction responsibilities using Curriculum Handbook language. It was noted that the

AP 4020 - Catalog and Curriculum Input - 05-04-2026 - Dorn Feedback.docx

6.08 AP 4260 | Dr. Jacqueline Stahlke

Discussion: The Chair informed attendees to review and provide feedback, noting the action item was pulled pending updated guidance from the Community College League of California (CCLC).

ACCJC Standard 2: Student Success

ap 4260 october 23 2026.docx

6.09 Other – none

7. INFORMATIONAL ITEMS

7.01 Department Chair of ENVT and NOTR | Dr. Lisa Harvey

Discussion: The Chair informed attendees of the need to streamline approvals for noncredit curriculum by aligning department chair responsibilities with the corresponding credit department chair where feasible. Unaligned noncredit curricula will be assigned in a case-by-case basis by the Chair in consultation with relevant department chairs and the Curriculum/Scheduling Coordinator to leverage subject matter expertise and reduce area representative workload.

ACCJC Standard 2: Student Success

ACCJC Standard 4: Governance and Decision-Making

7.02 Typos | Dr. Amy Azul

Discussion: Dr. Amy Azul, Curriculum Facilitator, informed attendees on efforts to correct typographical errors across approved curricula. The committee discussed numbering conventions within the course content section in CurriQunet, noting that the system auto-generates numbering. It was discussed that manual numbering must not be inserted and subheadings should be entered as text without manual numbering and should not be merged into first-level items to avoid altering approved content. Concerns were raised regarding Web Content Accessibility Guidelines (WGAC) as it related to auto-numbering by the system. The Curriculum/Scheduling Coordinator informed attendees he was reassured by the vendor their product is WGAC 2.2 compliant, and highlighted prior work by the committee to address issues flagged by them prior to WGAC 2.2 implementation earlier in the year. The Curriculum/Scheduling Coordinator would communicate the concerns to CurriQunet and bring information back to the committee for further discussion.

11.25 FREN 1501 Elementary French - Course CCN Revision

Discussion: The Articulation Officer informed attendees she worked closely with the originator to incorporate a statement, due to complaints from a high school, to ensure the high school student can take the course, and it will fulfill the entire Language Other than English (LOTE) requirement. The Articulation Officer informed attendees there was attached documentation, for posterity's sake, and expressed the need to ensure the statement is also added to the Spanish equivalent. The Vice President of Instruction (VPI), Dr. McKenzie Tarango, expressed interest in reviewing the attached documentation as it is her understanding that local high schools have articulation freedom. The Articulation Officer informed the VPI that the attached documentation has criteria and the statement hits all the criteria that is listed. The VPI thanked the Articulation Officer and noted she will review and consult with local K-12 partners for input.

11.26 KIN 1900 Work Experience Education Kinesiology - Course CCN Revision

Discussion: The Articulation Officer inquired with the Curriculum/Scheduling Coordinator if the course was revised from KIN 138 or KIN 138A. The Curriculum/Scheduling Coordinator informed the Articulation Officer that it was revised from KIN 138. A discussion ensued surrounding sequential course numbering revisions for the remaining leveled courses, prompting the Curriculum/Scheduling Coordinator to note that confirmation would be required from Dr. Julia Wendt.

13.01 None

14. CURRICULUM TRAINING

14.01 TBA

Universal Design for Learning (UDL) – Dr. Lisa Harvey

Discussion: The Chair presented training on UDL compliance and principles:

Core Principles: engagement (choice/relevance), representation (multi-modal formats), and Action/Expression (varied demonstration methods).

Rigor and Standards: UDL proactively eliminates barriers without lowering academic rigor or replacing ACCESS accommodations.

Title V Compliance: All CORs must integrate UDL across the eight standard sections by Fall 2030 without using generic boilerplate text.

COR Alignment: Objectives/Student Learning Outcomes (SLOs) must use measurable action verbs; every assignment and evaluation method must explicitly trace back to course objectives; materials must prioritize accessibility, digital availability, captions, and OER/ZTC.

Further discussion ensued surrounding objective linking within CurriQunet, accessible phrasing for assignments (e.g., “express/compose” vs “written” and allowing audio/video submissions), acknowledged licensing/safety competencies in specialized disciplines (e.g., Nursing, Fire Technology, Emergency Medical Services) cannot be compromised, and

reference slides, guidelines, and discipline-specific COR examples will be published on the Canvas page.

14.02 Articulation Officer Training - OER and UC/CalGETC Review

Discussion: The Articulation Officer informed attendees of guidance from the California Intersegmental Articulation Council (CIAC) that confirmed that University of California Transfer Course Agreement (UCTCA) allows courses to list Open Educational Resources (OER) materials exclusively without requiring hard-copy textbooks. OER requires stable published links; Zero Textbook Cost (ZTC) collections are not automatically OER and encouraged members to review the guidance at their leisure.
