Discussion

BIOL 211 is part of the nursing program and many students are taking BIOL 100 (current prerequisite) and would have to go back and take BIOL 107 for Fall 2020. It was requested to delay the change until next Fall 2021. This delay will give the counseling department time to let all the students know of the change. The Biology rep ensured everyone that for Fall 2020 the biology department would waive the prerequisite of BIOL 107 for BIOL 211 for any student who passed BIOL 100 in spring 2020. The reason for the prerequisite change is that students who take BIOL 107 have a higher pass rate in BIOL 211 than those who take BIOL 100. It was also stated that BIOL 107 is currently not on the IGETC, could the department contact the articulation officer to get it articulated to UC's.
