*Tuition only (excluding books & other fees), assuming you transfer the maximum number of units; subject to change. **CSU GE and IGETC Certification Accepted

Notice: Campuses have varying policies about coursework they accept; a course that transfers to CSU or UC may not necessarily transfer to one of these private institutions. This is especially true of courses such as AJ, BET, Co-operative Education, etc. Check with the university admissions advisor to find out which courses will be accepted from the colleges/universities you have attended.
