

Math Lab Workshops at the ATC Building # 21 Room 155—Spring 2010

Workshops

Workshops are 50- to 60-minute small group sessions that are taught by Instructional Assistants cover a range of topics in Arithmetic, Pre-Algebra and Algebra. Workshops cover supplemental instruction for Math-10 and Math-50.

Workshops at the Math Lab are limited to 10 participants. Making an appointment for Math Lab workshops is strongly suggested although walk-ins may attend if space is available. Appointments may be made up to six school days in advance. To make an appointment, contact Ms. Armstrong, at (760) 245 4271 ext. 2240

Plan on arriving 10 minutes before the workshop begins. If you arrive late, you may lose your reserved spot to a student on the waitlist.
